

Sanders and Moorhead Chosen for Race

MANY SURPRISES IN PRIMARY RACE

Sanders and Moorhead, for Mayor; Schmidt, Collins, Hickey and Overton on Ticket for Councilmen.

GRAY IS TURNED DOWN

Rovane is Given Double the Votes He Polled Two Years Ago—Schmidt is High Man.

THOSE WHO GO ON THE TICKET.

For Mayor—J. F. Sanders, S. W. Moorhead.
For Councilman—F. T. F. Schmidt, J. A. M. Collins, T. J. Hickey, Fred H. Overton.

The city primary election yesterday held several surprises. The large number of votes given J. F. Sanders, the magnificent race run by J. A. M. Collins, who polled enough votes to put him second on the councilman ticket, the fine race put up by Fred H. Overton, and the overwhelming defeat of Thomas P. Gray were a few of the unexpected things. T. J. Hickey's ability to get votes was demonstrated again yesterday when he, with apparent ease, made the ticket. The popularity of F. T. F. Schmidt was demonstrated in the fact that he led the council ticket.

A larger vote than was cast at the primaries two years ago was polled yesterday. A total of 3,266 votes were cast at the primary yesterday against 2,961 two years ago. From this, indications point to a heavy vote in two weeks.

As a result of the primaries yesterday, Dr. S. W. Moorhead, and J. F. Sanders will be on the ticket for mayor. Sanders has a total of 1,095 votes and Moorhead's total was 919. On the council ticket will be F. T. F. Schmidt, who led the field, J. A. M. Collins who came next, T. J. Hickey, third, and Fred H. Overton, fourth.

Organization Helps Sanders.

Two weeks ago, the candidacy of the Rev. J. F. Sanders, was not given much thought. By means of a strong organization behind him he led the ticket in the mayoralty contest. It was evident from the vote polled by the preacher candidate, that some political wisecracks and a strong working organization were in charge of his campaign.

Dr. Moorhead's vote showed consistent work on the part of his friends, and there is a general feeling that he has some reserve forces which will be brought into action at the election in two weeks. Although Sanders led Moorhead in five wards, the difference was not overwhelming.

John W. Rovane, Sr., carried two wards in the city, the fourth and the second. In the other wards on the south side of the city he did not run as high as his backers had hoped he would. It was freely predicted during the day that Rovane would hold the entire south side vote. He made a fine race, however, receiving more than double his vote of two years ago.

Four Others Split Vote.

E. E. Hawkes polled a total of 379 votes. He ran best in the second, and in his own ward, the third. His vote was a disappointment to his leaders, and those who were working for him.

and J. P. Dickson all polled less than one hundred votes. From the returns it was shown that all who signed Welch's and Dickson's papers evidently did not vote for them.

Schmidt Comes Back.

In the race for council some startling figures were shown. F. T. F. Schmidt, who was one of the first commissioners, but who was defeated two years ago, showed that he could "come back," and as a result of some steady consistent work on his part, and that of his friends Frank Schmidt is leading the council ticket with 1182 votes. The popularity of Mr. Schmidt was again shown in the returns from yesterday's skirmish.

J. A. M. Collins, practically new in politics, defeated a veteran campaigner like Tim Hickey for second place in the council race.

Mr. Collins ran like a "scared rabbit" as the saying is, and as a result he is on the ticket. Mr. Collins' friends have taken heart at his wonderful spurt in the primary and will work harder for him now.

Hickey on the Ticket.

T. J. Hickey, the present commissioner, again demonstrated the fact that he knew where votes were to be had, and his vote at the primary yesterday showed that the second ward man had not forgotten how to play the game. He made a wonderfully strong showing.

Fred H. Overton, another new man in the race, showed that there was something behind him and he landed on the ticket with 947 votes.

Gray is Turned Down.

Although the defeat of Thomas P. Gray, present commissioner, was not unexpected, still no one thought that the commissioner of public safety would be dropped with such overpowering force as the figures show that he was. Mr. Gray polled only 527 votes, after leading the field two years ago with 1315 votes. His own ward turned him down flat in favor of Collins, Schmidt, Overton and Hickey. He ran well in the second ward, but received only a scattering few in the other wards of the city.

John K. Dimond who again asked for a council job was given 457 votes. Perhaps it would be fair to Mr. Dimond to say that he was ill during a critical point in the campaign.

John N. Collier who made the campaign on a platform of promised economy of administration, received 329 votes.

George W. Wright was next with 324 and J. R. Roberts, a former alderman from the sixth ward, and who had made a good record in the old council, received scant consideration at the hands of the electors yesterday. His total was 150. Perry Dean received the lowest vote of the candidates for councilmen. He polled only 70 votes.

Change is Wanted.

At a glance the primary vote shows one particular thing, so far as the council at least is concerned. The people were ready for a change and decided that there would be one. F.

T. F. Schmidt, who has been commissioner and who has a good record behind him, is conceded as one of the new council. Whether Collins can wean enough of the scattering votes from Hickey to continue the short lead he secured in the primary is problematical. If he does, it will be a demonstration of the fact that the people want an entirely new council. However, the advantage in the coming fortnight lies with Hickey, who is a veteran campaigner, and who has been through enough skirmishes to want to get in the fight when he smells powder smoke.

Gray Makes Statement.

To a Gate City reporter this morning, Thomas P. Gray made a short comment upon the outcome of the primary.

"I appreciate the confidence the people have had in me in the past, and thank them for it," he said. "I regret the fact that this confidence was not able to be continued in yesterday's election.

"I can assure them that the many stories of improper conduct in office are without foundation.

"Toward the successful candidates I bear nothing but the best of will and sincerely hope they may continue through the campaign as clean and enthusiastic candidates.

"To those who finally succeed, I wish them ultimate success in the administration of their offices and hope the result will be advantageous to the city."

NEW RIVER DEPOT FOR FORT MADISON

Plan to Have Building Owned by City May be Followed.

Fort Madison is to have a new river depot and storage house this year. The old Diamond Jo building at the foot of Pine street which has served the city in the capacity of passenger and freight depot for so many years has been razed and the space it occupied will shortly be filled to a level with Riverview park. The new depot will be built at some distance east of the old site and will be a union depot as far as being usable by all boat lines.

At a recent meeting of members of a committee with representatives of the two packet lines, the White Coliar and the Streckfus, the city was asked to take the matter into their own hands. It was the expressed wish of the steamboat man that the city erect a municipal building and charge the steamboat companies rentals therefor. It is not impossible that this plan will be followed. If not the steamboat companies will erect a building of their own.

A New Method of Baking Cakes

Mrs. Nevada Briggs, the baking expert, says:

"There is just one way to make your cakes rise high and evenly—give them time to rise before a crust is formed and the batter is stiffened by cooking."

"If using a gas, gasoline or oil stove, light your oven when you put the cake in and keep the flame low until the cake has doubled in bulk; then increase the heat until it is evenly browned and will respond to the pressure of the finger. If using a coal or wood range, leave the oven door open until the cake is in; then turn on the drafts and by the time the oven is at baking temperature, the cake will have raised sufficiently."

For rich, moist, feathery cakes Mrs. Briggs always recommends

KG BAKING POWDER

It is double acting and sustains the raise. You can open and close the oven door, turn the tin around in the oven or do anything else necessary, without any danger of making the cake fall.

Try your favorite cake next time with K C Baking Powder and see how much higher it will rise. Make it just as you always do, with the same quantity of baking powder. While K C is less expensive than the old fashioned baking powders, it has even greater leavening strength and it is guaranteed pure and healthful.

Church, the notary public, says: "My wife had been ailing for nearly twelve years, from female ailments, and at times, was unable to leave the house. She suffered agony with her side and back. We tried physicians for years, without relief. After these treatments all failed, she took Cardui, and gained in weight at once. Now she is red and rosy as a school girl."
