Dr. G. Walter Barr Tells Garfield School Pupils All About This Interesting Business.

ARE PUBLISHING PAPER

Room Six Scholars Have Been Editing and Publishing "Sheet" in Connection With Work.

Pupils in room six of the Garfield school have been editing and publishing a small newspaper all during the school year. The work is being done in connection with the English work of the pupils.

Yesterday afternoon the pupils of room six heard Dr. G. Walter Barr talk on the making of a newspaper.

Dr. Barr spoke of the value of features in stories, and of the commercial value of photographs together with stories.

It was explained by Dr. Barr that the space given to certain stories and the style of heads written over such stories was governed largely by the consideration of the interest such articles would create among subscribers.

In his talk yesterday, Dr. Barr traced the mechanical making of the paper, and outlined the work of the various departments of the newspaper, taking up the business, editorial, and telegraph and sales department of the paper.

The newspaper which the pupils of room six have been editing is a credit to the staff and is an interesting

It is prepared on the typewriter and then transferred to a copying machine. The pupils of Miss Bindell's room are the ones who are editing the paper.

The popularity of the paper is shown by the large subscription list. The proceeds from the sale of papers was sufficient to purchase a clock at Christmas time for the school.

The Nauvoo Gate City

Nauvoo, Ill., March 26, 1914

Ed Bevering was in Nauvoo last week's end taking orders for his famous brands of cigars. We are always pleased to give Ed the glad hand.

Our vintners are now busy pruning grape vines and in a short time the process of tending the vines will begin in earnest when the female sex will find plenty to do for a few weeks.

The Nauvoo grape industry distributes considerable money among the fair sex as well as our male population.

A grape juice, jelly and preserve factory would largely increase this grape enterprise in Nauvoo and would be a fine paying investment.

If any one of the interurban systems proposed work through Nauvoo it will be fine and if they don't—what a mess.

Here is a sure sign of spring from Nauvoo. Nearly all of the farmers who live in this vicinity are busy sowing oats and our people busy planting radishes and lettuce.

There are few divorce cases docketed in Hancock county's courts from year to year and seldom one from Nauvoo.

A natural good citizenship, even though saloon influence exist here, is responsible for the good record along this line.

Everybody will soon be busy around this kingdom. Money will soon begin to roll around, and the circulation will increase daily.

Mr. Edward Gott was a visitor in Nauvoo on Friday of last week.

One of Nauvoo's old spinners while at a meeting of a ladies' club in Nauvoo one day during the week, said that she used to enjoy being spanked when she was young because of the sympathy that she received afterward.

Fred Koehling of Keokuk was a city business visitor last Monday, among his numerous cigar customers.

Elmer Schleicher may be given a try-out with the Keokuk ball club in the Central Association this spring.

One of Nauvoo's citizens said ground hog weather is past. He saw a frog Tuesday.

Fred Gerhing will open his new restaurant Saturday. He has neatly fitted up the Fanch building in the heart of the business district.

News in Nauvoo is mighty scarce. Everything will be warming up soon and news will be more plentiful.

A reporter has to glean the whole town for something to write about. But your reporter won't worry about news being scarce in a short time.

Mr. and Mrs. Earl Martin of Nauvoo, attended the gentleman's parents' golden wedding anniversary in Niota, Ill., last Monday evening.

Miss Mayme Dackroth has returned home from an extended visit in California and other extreme western points.

The Nauvoo ferry boat will not begin making regular trips until about the fore part of next week.

All things considered Nauvoo will bear up fairly well under the tons of perfectly good advice that will be offered by those outside experts with "missions" that will come here before local option time.

Orville Hummel is now taking pictures for Nauvoo and vicinity people. Orville is one of Nauvoo's rising young men and will make good in the photographer's world.

The city of Warsaw has raised \$200 for band concerts this summer for its band. The Nauvoo Rustler says the Nauvoo band secured new instruments and new uniforms and then passed peacefully into oblivion.

The Nauvoo band is still in existence and ready to furnish music for all occasions if the union scale of prices is considered.

Doctors and nurses use MUSTEROLE and recommend it to their patients.

They will gladly tell you what relief it gives from Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Chills, Frosted Feet, Colds of the Chest (it prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

Nauvoo is the finest place of all. A fellow who cursed Nauvoo and left here for a wild goose chase, lasting only a few months, has returned. He has been in the south and thinks this place the finest place of all.

Hello! The Bentz property on the corner of Twelfth and Knight streets will be repaired and placed in condition for a hotel. It will be remembered that at one time it was conducted as a hotel and one of the best in this section of the country. Many

Keokuk traveling men and rich people made this hostelry their headquarters years ago and at that time it was known as the Winslow house and presided over by Mr. Aug. Bentz and his estimable wife.

A number of our Nauvoo people attended a lecture in Ft. Madison opera house last Sunday afternoon. They claim they were well repaid for their visit there.

There is only one good thing a fly is good for and that is to swat. Nauvoo people should make a mark to that effect.

Nauvoo's fruit trees are all right so far. If nothing from now interferes, we will have bumper crops around Nauvoo.

Will Nauvoo ladies organize a civic league? Guess not. They think too much of their home duties.

"Dry laws make hypocrites," said Cardinal Gibbons at New Orleans last Saturday. "While I am an ardent advocate of temperance, I am intuitively persuaded that prohibition cannot be enforced in this country."

It is calculated to make hypocrites and lead to the manufacture of illicit whiskey, replacing the good material with the bad, while at the same time robbing the federal, state and city government of the legitimate tax.

How young? asked some of those present.

About twenty-five Daughters of Rebekahs of Nauvoo went down to Warsaw last Tuesday evening to exemplify degree work.

On their return home on the last car, all went by the auto route, upset at the foot of Mt. Moriah hill. The car fell on one side and dumped four ladies and the driver and fortunately no one was hurt.

Mrs. Lou Hudson has opened a millinery store in Nauvoo, in the south end, in her husband's grocery store. This makes four feminine hat gear stores in Nauvoo.

Nauvoo business men ought to get the "white way" habit. We have only one business street and that only a few blocks long.

The farmers in the vicinity of Nauvoo are getting busy now, purchasing farm implements and preparing the soil for sowing oats and the other season's crops.

Arch Weber, who is the manager of the Ochsner & Weber implement store in Nauvoo, reports many sales from their house in Nauvoo and your reporter can see many loads of implements going out daily.

Teach Your Child How to Be Healthy

Regular Bowel Movement From Infancy Insures Good Health in Later Years.

We cannot all start life with the advantages of money, but every child born is entitled to the heritage of good health.

Through unfortunate ignorance or carelessness in the feeding of a baby its tiny stomach may become deranged.

The disorder spreads to the bowels and before the mother realizes it the two chief organs on which the infant's comfort and health depends are causing it great suffering.

If the condition is allowed to continue grave ailments often result.

There is, however, no occasion for alarm, and the sensible thing to do—but it should be done instantly—is to give the baby a small dose of a mild laxative-remedy.

In the opinion of a great many people, among them such well known persons as the parents of Bertha Lee Woodward, 3 years old, of Moultrie, Ga., the proper remedy is Dr. Caldwell's Syrup of Pepsin.

Mrs. I. N. Woodward says that little Bertha was troubled with constipation for over a year, and that after trying several different kinds of remedies she found her relief in Syrup Pepsin.

It is a mild, pleasant-tasting laxative, which every person likes, does not grip nor cramp, and contains that most excellent of digestants, pepsin.

Dr. Caldwell's Syrup Pepsin is especially intended for infants, children, women, old people and all others to whom harsh cathartics, salt waters,

The woods about Nauvoo are full of candidates for township offices who offer themselves for the consideration of voters.

Nauvoo's township election will occur one week from next Tuesday.

Nauvoo's city council will meet one week from next Monday evening and the present members will have one more meeting before the new council takes the reins.

There are rumors of a number of marriages to take place in Nauvoo immediately after lent.

Now is the time for Nauvoo's business men to begin making arrangements to induce our farmers to come to Nauvoo by offering inducements and entertainments for them to come here to trade.

Fifteen Firemen Overcome. [United Press-Leased Wire Service.] MILWAUKEE, Wis., March 26.—Fifteen firemen, overcome by smoke last night when fire destroyed the Benjamin Young Saddlery company plant here, were able to leave the Emergency hospital this morning.

The firemen were overcome in a heavy smudge that floated up from burning dry straw which filled the factory. The loss was estimated at \$40,000.

NEARLY ALL NIGHT GETTING HOME Nauvoo Rebekahs Have Unusual Experiences in Making Trip From Warsaw Meeting Tuesday.

Nauvoo Rebekahs together with Keokuk members of the lodge, went to Warsaw Tuesday evening.

The occasion was an initiation of a big class there. The entire degree staff of the Nauvoo lodge went to Warsaw in autos.

On their way home the last car, driven by Geo. Gross, upset at the foot of Mt. Moriah hill.

The car turned over. Luckily George was driving slowly at the time and the car went over rather gently and none of the occupants were injured.

The others in the car were Edith McGregor, Gertrude Bechtel, Mrs. Mittie Hibbard and Zella Walther.

There is a steep embankment at this place which runs abruptly into the river and it is said the top of the machine is all that saved the occupants from going into the river.

They had a narrow escape. The Davis and Gann cars which were ahead were stopped and came back to lend assistance.

Jeff Knipe and his family were aroused and they brought a team and ropes with which the Goss car was righted.

The car started out again, but soon ran out of gasoline. The Gann car got a "hot box" and could go no farther.

A Northrup's and John Bennett's were aroused, from whom some "borrowing" was done and telephone messages sent.

The gasoline from the Gann car was put into the Gross car, thus enabling it and the Davis car to go home.

Dr. Hobbs was telephoned to and he went to the rescue with F. Salm, Jr.'s car, bringing Mesdames Amsler, Bicker and Sula Harsch home about 5 o'clock, they having walked from Northrup's

"Postum for Mine"

Many a man and woman with coffee troubles has found that Postum is a sure and pleasant way back to health.

A doctor writes: "I have been using Postum for the last seven or eight years, and think it has had a good deal to do with my looking younger than 55 years of age."

"I recommend it to all my patients, and those who have been using it have only praises for its taste and its good effects on their nervous systems; like me they have given up tea and coffee altogether."

Postum is a pure food-drink made of wheat and a small proportion of molasses—roasted and skillfully blended. It is absolutely free from the coffee drugs, caffeine and tannin—common causes of heart, stomach, liver, kidney and nerve disturbance.

Some people marvel at the benefits from leaving off coffee and using Postum, but there is nothing marvelous about it—only common sense.

Postum now comes in two forms. Regular Postum—must be boiled, 15c and 25c pkgs.

Instant Postum—a soluble powder, requires no boiling. A spoonful stirred in a cup of hot water makes a delicious beverage instantly. 30c and 50c tins.

The cost per cup of both kinds is about the same.
