Special Wear-Ever Aluminum Demonstration

MARCH 30 to APRIL 5

By the Celebrated Mrs. Toppin of Chicago

Replace utensils that Wear Out with utensils that Wear Ever

Come in and let Mrs. Toppin explain to you how food will be boiled dry—will be BURNED in a Wear-Ever kettle and the kettle will be made clean and bright again—as good as new.

Come in and let Mrs. Toppin explain to you how a pot roast will be made without water or grease. From some of the cheaper cuts of meat delicious roasts will be made in Wear-Ever.

Come in and let Mrs. Toppin explain to you how a whole meal can be cooked in a double Wear-Ever roaster over one flame of gas.

Come in and let Mrs. Toppin explain to you how a quart of milk will be boiled down to one-half pint without searching in Wear-Ever.

Come in and let Mrs. Toppin explain to you how an empty kettle will be kept on the fire continuously and cold water will be dashed into it while hot—without injury to the Wear-Ever kettle.

Come in and let Mrs. Toppin explain to you how mush, rice, fudge and fruit butters can be made without stirring in Wear-Ever kettle.

Come in and let Mrs. Toppin explain to you how pancakes can be made without grease, odor or smoke.

Come in and let Mrs. Toppin explain to you how tarnished silver can be cleaned in a Wear-Ever utensil.

Come in and let Mrs. Toppin explain to you how you can make preserves in a Wear-Ever kettle without stirring.

Come in and let Mrs. Toppin explain to you how fruit and vegetable acids will not affect Wear-Ever utensils.

Come in and let Mrs. Toppin explain to you how aluminum conducts heat—why less heat is needed to cook in Wear-Ever than ordinarily is used.

Come in and let Mrs. Toppin answer any questions and explain how to care for Wear-Ever utensils and tell you new uses for utensils already purchased.

And don't fail to come in during the demonstration. You are always welcome.

During Demonstration we offer a three pint "Wear-Ever" Sauce Pan which regularly sells for 65c, at 39c

DEBATE FEATURE OF ELKS BROWSE

Does Bull Frog or Snapping Turtle Benefit Most by Keokuk Dam, is Burning Question.

MANY WITTY SPEAKERS

Both Sides Will be Represented by Great Orators—Fun Follows Installation of Officers.

Keokuk Elks are looking forward to a carnival of mirth, next Thursday evening, when the newly-elected officers are installed, and a banquet and debate will follow the ceremonies. The debate idea is something entirely new, and the subject furnishes material for the funniest speeches ever made in Keokuk. The subject for the debate is: "Resolved, That the Keokuk dam is a benefit to the bull frog but a detriment to the snapping turtle."

The speakers on the affirmative side of this momentous question will be: Ed W. McManus, county attorney, J. L. Montgomery and William Schiagenhaup, exalted ruler of Quincy lodge. On the negative side of the question will be Dr. F. C. Smith, Dr. G. Walter Barr and Joseph R. Fralley of Fort Madison. The importance of the question is shown to a great extent by the array of speakers which will handle the question.

A member of one state legislature will oppose the candidate for representative in the legislature of another state, and both are silver-tongued orators. Schiagenhaup is a member of the Illinois legislature, and Fralley wants to be in the Iowa house next year. Edward F. Carter will be the toastmaster for this great banquet.

The banquet which will precede this feast of reason and flow of wit will be a sumptuous one.

The following officers of Keokuk lodge No. 106 will be installed Thursday evening:

- Dr. J. B. Howd, exalted ruler. John Conrad, esteemed leading night. Harry Y. Crawford, esteemed loyal night. Alvin Kraft, esteemed lecturing night. Leroy J. Wolf, secretary. J. Raymond Baur, treasurer. Charles Agell, tyler. Wm. B. Woolley, representative to grand lodge. Harry J. Reeves, alternate. William Stanton, B. B. Hobbs, B. L. Uwerda, trustees.

CITY NEWS.

Keokuk lodge No. 13, I. O. O. F., meets every Monday night, at 7:30 o'clock. Visiting brothers invited to attend.

What Fishes Know.

That fish possess a certain power of reason is affirmed by many who have studied them. They often learn to recognize the voice of the one who feeds them. Fish will congregate in places where food is habitually thrown to them. If a morsel proves too large to be swallowed, they have been known to divide it on a sharp stone.—Harper's Weekly.

When the traveling bag becomes dirty wash the bag well with tepid water and a little soap. After it is dry put a little oxalic acid into a cup of hot water and wipe the bag well with a soft rag dipped in the acid. When dry brush the bag with white of an egg and you will be surprised to see how new it looks. Sold Manufactured "Mummy." An imitation mummy, constructed mainly from the bones of a calf, was recently sold in Cairo to a tourist from the United States as the remains of a palace dignitary of the third Egyptian dynasty. The fraud was however detected and the native who made the sale was placed under arrest. Two Great Classes. The human race is divided into two classes: those who go ahead and do something, and those who sit and ask, "Why wasn't it done the other way?"—Holmes.
