DR. E. W. PAHL; DIED IN NEBRASKA

Was Well Known Here Where He Graduated From the Keokuk Medical College.

WAS MARRIED HERE

Broken Down in Health He Passed Away While Endeavoring to Renew Vigor by Needed Rest.

The friends of Dr. Edward W. Pahl of Cantril will experience a feeling of sincere sorrow to hear of his death which occurred at Bayard, Neb., at 7 o'clock Friday evening at the home of his brother-in-law, John L. Loewenstein with whom he was visiting.

Dr. Pahl was well known by many people in Keokuk a few years ago, when as a very young man he came to this city and matriculated in the Keokuk Medical college. He was an earnest and apt student and graduated from that institution in 1907. Before finishing his course he was married to a worthy and popular young Keokuk woman, Miss Mildred B. Loewenstein, a member of one of the old and respected families of this city. The marriage took place September 17, 1905. Soon after he graduated, he went to Cantril where he located and at once began the practice of his profession, which he pursued with an energy, ability and industry which soon won him the confidence and esteem of the community and a large practice in a wide circle surrounding the vicinity of his home.

Rev. Lloyd Tennant, now chaplain of the Fort Madison state prison and pastor of a church in that city, was Dr. Pahl's pastor for nearly four years at Cantril, Iowa, and had known the doctor intimately for the past five years, and speaks in the highest praise of his christian business and professional ability. As a doctor of medicine, the best was none too good for his patients. He had a wide practice in Van Buren county, Iowa and Scotland county, Missouri. As a surgeon he has the distinction of having never lost a patient from an operation. He was in consultation in Keokuk with professional men. Dr. Hughes was an assistant with him on various occasions. In the fraternal orders he was a splendid exemplification of the true spirit of the Samaritan.

The life of a physician in the rural districts, at best, is a precarious calling, and the death of Dr. Pahl is attributed to no other cause than a general breakdown from overwork and exposure. Loyal to duty, his patients received his undivided interest and his most skillful attention. No night was too dark and no weather too severe to prevent his prompt attention to the call of a patient. His loyalty to duty proved his undoing, and he died a martyr to his stern integrity and his faithfulness to duty.

A few months ago he concluded to take a vacation and visit relatives in Nebraska, with a hope to regain his health and strength, and January 15 was the beginning of that vacation, and he worked earnestly and industriously among his patients up to the very time that his vacation period began. The rest gave no relief to his worn out system, and he peacefully passed away, mourned by a large circle of relatives, friends and acquaintances who mourn for the young and earnest physician who sacrificed his own life that others might be assisted back to their wonted health and normal strength.

Dr. Pahl was a member of St. Paul's German Evangelical church during his residence in Keokuk and on taking up his residence at Cantril united with the Methodist Episcopal. He was an earnest worker in the Masonic fraternity and in the Knights of Pythias order. He was also one of the organizers of the Mystic Workers at Cantril. He was a man with a big heart and naturally active and useful in the fraternal organizations and in church circles. He was popular not only among his church people and the members of the fraternal organizations with which he was affiliated but with the residents generally, within

WROKEMEN'S COMPENSATION

Committee to be Appointed to Seek Uniform State Legislation.

[United Press Leased Wire Service.] NEW YORK, March 28.—Resolutions looking toward an active campaign to bring about uniformity in all workmen's compensation legislation were adopted here today at a meeting of the executive committee of the workmen's compensation department of the National Civic Federation. Attending the meeting were John Mitchell, United States Senator Sutherland, of Utah, August Belmont and a score of others interested in legislation for the benefit of labor. It was resolved:

"That the chairman of the workmen's compensation department of the National Civic Federation be authorized to appoint a committee on uniform state legislation to prepare a memorandum of suggestions in cooperation with the uniform state law commissioners upon the main provisions requisite to adequate workmen's compensation laws to be used as an educational document in the interests of such state uniformity of legislation, taking into consideration the best features of existing laws."

Each state board and workmen's compensation committee will be asked to appoint a member of this commission which shall make report not later than October 10 so that information may be furnished legislatures to be in session next year. John Mitchell urged that injured workmen be paid more than 50 per cent of their wages when disabled.

MANY TARDY VOTERS REGISTER YESTERDAY

Boards Were in Session all Day Until Nine O'clock—Many First Voters Registered.

Boards of registration closed last evening at 9:00 o'clock after a large number had put their names on the books during the day. The boards were in session all day yesterday for the purpose of registering those who did not vote at the last presidential election and were refused a vote at the primary because they were not so registered, those who had moved, and those who were unable to register previously.

Among those who registered yesterday were a large number of first voters. Forty-eight registered in the first ward. At the second ward sixty-three registered during the day, three being first voters. Forty-nine were registered at the fourth ward, there being twelve first voters. In

the fifth ward there were six first voters, fifty-four being registered altogether. Thirty-four registered in the sixth ward, five being first voters, thirteen transfers, and sixteen being new voters.

Twenty-nine registered in the seventh ward, there being but one first voter.

WOMAN WAS NOT MRS. GUNNESS

Officer Made Long Trip up Into Canada to Look at a Suspect.

[United Press Leased Wire Service.] LA PORTE, Ind., March 28.—Deputy Prosecutor Warden tonight received a telegram from Clinton Cochrane, former marshal, from Neville, Sask., announcing that the woman Cochrane made the 2,500 mile trip to Neville to see, was not Mrs. Bell Guinness of LaPorte "Murder Farm" fame.

Police officials here have long been satisfied that Mrs. Guinness was burned to death in the fire that destroyed her farm house on April 28, 1908, and were not surprised that Cochrane's trip to Neville turned out to be a wild goose chase.

OPERA SINGER CLOSELY GUARDED

Won Her Suit Against Newspaper Man Charged With Attempted Blackmail.

[United Press Leased Wire Service.] TARANTO, Italy, March 28.—Miss Dorothy MacVane, American opera singer, was guarded by two carabinieri tonight, following the conviction of one of the two newspaper correspondents charged with attempting to blackmail her, following the discovery that she had been under surveillance by the Italian government, suspected of being a French spy.

Concrete Cialda, one of 12 men charged with having demanded \$2,000 of Miss MacVane under threat of publishing defamatory articles against her, was sentenced to eighteen months imprisonment. Carlo Carraci, his alleged accomplice, was acquitted.

Miss MacVane is a sister of Miss Edith MacVane, the novelist, and a daughter of the late Professor Marcus Cyrus MacVane, Harvard professor emeritus, who died in Rome recently. She was exonerated of suspicions directed against her by Italy.
