AMUSEMENTS.

Vaudeville at the Hippodrome.
The new bill of vaudeville which opened at the Hippodrome last night proved to be a winner from the start. Four big acts, each one a feature makes up the attraction that will be seen at this theatre during the first half of the week. One of the big acts of the show, and one that drew an unusual amount of applause, was the act in which Paul and Ethel Locke, society dancers, introduce all the latest steps of the new dances. Both are exceptionally graceful and accomplished and their intimate acquaintance with all the new steps makes their act one of the big ones of the year. Jane Carrol, the girl at the piano, starts off the show with some of the best music ever heard in the city. Her selections are varied to meet the tastes of all music lovers whether they prefer rag time or classical music. The Bell Boy Trio scores a big hit in their act, full of riotous mirth and melody. They are singing comedians of the first water, and were greatly appreciated. The bill closes with the act presented by Anglo-Armento and company, world's fastest tumblers. Several reels of motion pictures top off this big attraction.—Advertisement.

ST. NICHOLAS HAS PICTURES OF DAM

Popular Monthly Periodical Carries Story of Trip to Keokuk and Talk With Cooper.

The Keokuk dam is featured in the April number of St. Nicholas in the story "With Men Who Do Things." This is a series of articles being written by A. Russell Bond, who has been writing a series of such articles dealing with Panama, Keokuk and other engineering feats. In his story Mr. Bond very entertainingly transports

an imaginary crowd from New Orleans to Keokuk to show them the dam.

There is a talk with Engineer Hugh L. Cooper in the article, and a story of how the cofferdam was saved at the time it was so savagely attacked by the great ice field moving down the river.

The article is profusely illustrated.

ALL NEW TARIFFS ARE SUSPENDED

Interstate Commerce Commission Issues Order Today Affecting Railroads.

[United Press Leased Wire Service.] WASHINGTON, March 31.—The interstate commerce commission today suspended until July 30 all new tariffs filed by railroads, eliminating allowances to industrial railways with exception of those affecting the U. S. Steel Corporation and other iron and steel companies. These are permitted to stand. About 4,000 tariffs were suspended.

The suspended tariffs would have become effective at midnight and were submitted in compliance with findings in the industrial railways case, when it was held that allowances and divisions of rates made by trunk lines with some eastern roads operated by iron and steel companies, were rebates and should be discontinued. Only those industrial railways which have been heard by the commission are allowed to suspend the tariffs affecting them.

The interstate commerce commission order provides for certain hearings but no dates have as yet been set and it is not likely they will be heard before fall, when the commission is expected to suspend the tariffs further before the present extension expires.

SECOND READING HOME RULE BILL

Crowds Gather in Galleries of Parliament Hall to Watch the Proceedings.

[United Press Leased Wire Service.] LONDON, March 31.—The second reading of the home rule bill was taken up in the house of commons today. The unexpected action of Premier Asquith in resigning from the commons and grave aspects attending passage of the measure, attracted the greatest interest in the expected debate. Crowds thronged the galleries. Sir Edward Grey assumed the leadership of the liberals in the absence of the premier. A test vote was speedily assured when Walter Long, a unionist member, moved the rejection of the measure because of the absence of Asquith.

Jim Larkin, noted Dublin strike leader, who attracted attention in the strike, today announced his candidacy to oppose Asquith in the east Fife election.

When the commons convened, Sir Edward Grey, foreign secretary, assumed the leadership of the liberals in the absence of Premier Asquith. The writ for the elections in east Fife in which Asquith will go before his constituents for endorsement, was formally ordered today.

Bound to Hear It All.

[United Press Leased Wire Service.] WASHINGTON, March 31.—When the capital janitors started early today to clean out the house galleries they were surprised to find three women—one very old and feeble—and one man, "camping out" for the last round in the tolls fight.

"We're locking the doors now and they won't be opened until ten o'clock for the applicants for gallery seats," the quartette was told.

"Well, we'll be locked in," the four chorused. "We're going to hear the debate, whatever happens."

The janitors locked 'em in. The campers who had brought their lunch, said they had been there since before seven o'clock, having slipped in.

AGREEMENT MADE IN HART VS. LAKE

Compromise Stage is Reached and Stipulation to Turn Over \$5,300 is Signed by Attorneys.

COUNTY WILL BENEFIT

Believed That All of Alleged Shortage Can Be Covered—Jury Dismissed Until April 14.

A settlement was reached in the case of C. M. Hart, clerk of the district court, for the use and benefit of Lee county against C. B. Lake and the Banker's Surety company today, and the jury was dismissed. According to the stipulation, Lake is to turn over the money in the National bank, amounting to \$1,351.08 and the Banker's Surety company is to pay to the plaintiff the sum of \$4,000.

Following is the full text of the stipulation reached today in this case: It is hereby stipulated and agreed by and between the plaintiff and the defendants in the above entitled cause that the defendant Lake shall at once turn over to the plaintiff the amount standing to his credit as clerk in the Keokuk National bank, amounting to \$1,351.08 and that the defendant, the Banker's Surety company, shall, within fifteen days from this date, pay to the plaintiff the sum of \$4,000 and that upon receipt of the moneys aforesaid the said defendants and each of them shall be released and relieved of all liability on the bond on which suit shall thereupon be dismissed by the plaintiff; the plaintiff and defendants each to pay one-half of the costs herein.

It is further expressly agreed and understood that the release and discharge of the defendant, Lake, from further liability on the bond involved in this suit shall in no way effect his liability or obligation for anything that may have occurred at any time other than the period covered by the bond sued on in this case, but it does discharge said Lake from all liability for that period, except that said Lake is not to be discharged as to any items that are properly chargeable upon any other official bond given by him.

Will Discharge Debt.

It is further understood and agreed that no suit shall ever be instituted at any time hereafter against the said Banker's Surety company on said bond, but that the payment of said \$4,000 by said company shall be an absolute discharge of all liability thereon and work an absolute cancellation of the same.

If for any reason the Banker's Surety company should fail to make payment of said \$4,000 within the time mentioned, then the plaintiff shall have the right to proceed with its said suit against the said Banker's Surety Company without prejudice.

See Full Settlement.

Attorneys for the county believe that when the full settlement is reached with the present company and with two others, the county will not be behind one cent. A tentative offer of \$5,000 which has been made previously to the board has been bettered by the stipulation made today.

The drawing of additional names for the jury was made necessary by the small number of men on the regular panel. Twenty-five more men were drawn last night and were in court this morning.

Judge Hamilton has dismissed the jury until April 14. Next Monday Judge Hamilton begins his term at Fort Madison and Judge Bank will preside at the term of court here.

Where is Roosevelt?

[United Press Leased Wire Service.] NEW YORK, March 31.—The New York Evening Sun this afternoon publishes the following from Buenos Ayres: "Cable dispatches received here from Lima, Peru, say that advices received from Quito, Peru, express alarm for the safety of Colonel Theodore Roosevelt."

Lawrence Abbott, president of the Outlook Co., declared nothing had been heard from Colonel Roosevelt, but it was his understanding that the colonel was now some place in the interior of Brazil.

Peoria Water Fight.

[United Press Leased Wire Service.] SPRINGFIELD, Ill., March 31.—Contentions that the ordinance of the city of Peoria passed in 1880 requiring that the water works company of that city install meters at a minimum rate of \$3 has never been "in force" were raised by representatives of the water company at an informal conference presided over by Commissioner Owen P. Thompson today at which the history of the water works fight in Peoria was reviewed.

Attorney Page, representing the water works company, declared that the ordinance had never been effective, that the provision requiring the installation of the meters at a \$3 rate was unreasonable and unjust, and probably was passed through questionable means.

Illinois Coal Miners.

[United Press Leased Wire Service.] PEORIA, Ill., March 31.—When the state convention of United Mine Workers of America met behind closed doors this afternoon, it was said to be for the purpose of again going over the possibility of a strike in the Illinois coal fields. The action of the Ohio miners in ignoring the recommendations of the public policy committee for the states of Pennsylvania, Ohio, Indiana and Illinois, recommending that no strike be called, was said to have caused many of

COUNCIL APPROVES HOME PARK PLAT

Plot of Home Park Addition Approved by City Council, Will be Filed Today.

CONTAINS THIRTY ACRES

152 Lots in the New Addition—Is Owned by Ackley, Sage Aldrich and Shields.

The city council today passed a resolution approving the plat of what is to be known as the Home Park addition to the city of Keokuk, a tract including about 30 acres just within the northwest corner of the lines made by the city limits. The addition is that property owned by Ackley and Shields, and by D. H. Sage and E. L. Aldrich, through which the new street car extension is to be run.

The addition is bounded on the west half of the south side by Cleveland avenue; thence from the center of the south boundary a line runs north on Jackson avenue to Kilbourne place; thence east to Belknap avenue; thence north to the Johnson street road which bounds the north side of the addition. The west side of the addition is bounded by Lincoln avenue, the old fair grounds being on the west of the tract.

The addition contains six blocks, containing 152 lots in all. The plat will be filed with the county recorder some time late this afternoon. On Thursday morning the council will be presented with a plat of another addition owned by M. F. Baker and company, containing eleven acres, to be known as the Belknap Park addition.

Cuba Sold Again.

[United Press Leased Wire Service.] CHICAGO, March 31.—That John T. Conner, coal dealer, and his associates will gain control of the Chicago Cubs within ten days for about \$500,000 was the statement made on good authority here this afternoon. Following Governor Tenner's disapproval of a deal by which Chas. H. Thomas would become head of the club, Conner opened negotiations with Chas. P. Taft.

It is proposed to increase the capital to over \$1,000,000 and sell to prominent business men.

Further confirmation was obtained this afternoon when the official publication of the Chicago Athletic association carried announcement of the coming purchase and plans of disposal of stock among wealthy members of the association.

Medal for Bravery.

WASHINGTON, March 31.—On the recommendation of the interstate commerce commission it was announced today that the president will confer a medal of honor for bravery on A. C. Werner, of Smithville, Tex., a Missouri, Kansas and Texas railway brakeman.

While a string of box cars were running backwards, a child stood in the middle of the track apparently paralyzed with fear. Werner climbed down from the rear car, picked up the child and jumped clear of the track just as the car passed.

Story of a Precocious Five-Year-Old.

Bill Bowen of Atchison tells the Globe of a woman and her little son who were on a Central Branch train the other day. "Fares, please," the conductor said, and the woman handed him one ticket. "Boy will have to pay, too, madam," said the conductor. "Oh, but he's only five years old," she replied. "Looks mighty old to be only five years old," snapped the conductor. "Yes, he does, but you see, he has been doing a lot of worrying," she answered.

no reaction of consequence from the higher prices. The two main influences of the day were Wall street inference from advancing of hearings of railway officers that the interstate commerce commission would render an early decision on the rate petition was a report that powerful financial interests had at length obtained control of Missouri Pacific.

It is possible that today's suspension by the commission of its order regarding the industrial rates means their abandonment from the case immediately at issue. People of all shades of opinion would welcome the settlement of this railway controversy the tedious delays in which—however excusable in an over-worked commission—have begun to exert most unhappy influence on character of the whole discussion. The London market which had no opportunity yesterday to pass judgment on Mr. Asquith's spectacular move of English politics, responded somewhat today. Consols rose, going beyond highest figure of the past four weeks and marketing total advance of 1 1/4 point since the "army crisis" came to a head a fortnight ago.

Daily Stock Letter.

[Copyright, 1914, by the New York Evening Post.]

NEW YORK, March 31.—The movement of recovery which began yesterday afternoon, continued today. It had resulted before close in advances of a point more in a majority of active shares with fractional advances common to the rest of the market. On the advance, there was a fair degree of activity; which, however, had spent itself before the close, though with
