

See the Big Feature of the Recent Auto Shows

Don't buy a car until you have seen the Haynes—the car that attracted throngs nightly at the New York and Chicago Shows, as well as at other similar events the country over.

With the adoption of the Vulcan Electric Gear Shift as standard equipment on all models, the

is practically the first gasoline automobile wholly controlled by electricity. Among Haynes specifications are the Electric Gear Shift, Leece-Neville Starting and Lighting System, 4 1/4-in. x 5 1/2-in. Haynes Motor developing 65 and 48 dynamometer horsepower on the "six" and "four" respectively; Left Hand Drive, Motor Driven Tire Pump, American Simms Magneto, Stromberg Carburetor, Pressure Gasoline Feed and Collins Curtains.

Why not ride in the magnificent Haynes, sit behind the steering wheel and see for yourself how easy it is to drive America's first car?

Come in or call up and arrange for a demonstration. We will not urge you to buy, but will appreciate the opportunity of demonstrating the superiority of the Haynes car to you.

TO VOTE TUESDAY ON SCHOOL BOND

Special Election Will be Held on That Day in George Washington School Polling Place.

MANY IN FAVOR OF IT

Money Will be Used to Give South Siders a Fine Building Also Replace Garfield.

Bond Issue Election Facts.
Election day—Tuesday, April 7.
Polling place—George Washington school basement.
Time for voting—One o'clock until 7 o'clock.
Issue to decide—Whether or not the school directors shall be given authority to issue \$95,000 bonds for school houses.
Women over 21 years of age are eligible to vote on this bond issue.

Tuesday, the special election ordered by the board of directors of the independent school district of Keokuk is to be held. The question to be decided upon is whether or not the district shall issue bonds to the sum of \$95,000 for the erection of a new building in the seventh ward, one in the Garfield district and two additional rooms to the Lincoln school. The polling place will be at the George Washington school basement. The polls will be opened at one o'clock in the afternoon, and will be closed at 7 o'clock.

Women are eligible to vote on this bond issue, and judging from the interest shown by the women of the city a large feminine vote may be expected. The voter must be 21 years of age. The women will vote on a different kind of ballot from the men, the ballot box will be kept separate and the ballots will be tabbed and counted separately.

Money Already Pledged.
If the bond issue carries, the school board proposes to start a building in the seventh ward, which is badly in need of a school. This building will be of the type which will allow for additions to be made to it as the need arises. The board is on record pledged to spend at least \$35,000 in this building.

If the issue is successful, the second and third pledges are to the Garfield and Lincoln districts. The board will spend \$50,000 on a new building to replace the Garfield, which has been declared unsafe, insanitary and generally unfit for modern school uses, by several experts. Ten thousand of the money is to go to the Lincoln school for additional rooms.

In the seventh ward the conditions are such that the pupils who are now attending the Carey school have to go so far, and the Carey is crowded way above the average for good work and efficiency. By carrying the bond issue,

BAD OPERATION AVOIDED

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Mrs. Sowers' Own Statement.
Hodgdon, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

the people of the seventh ward will see the start of a handsome school which will be enlarged as needed and which will cost two or three times the original cost when it is made into a ten room modern building.

Crowded Conditions.
The school in the Lincoln district is crowded. The pupils are having their lessons out in the halls, where drafts blow every way. They are really stepping on one another as they move about, and conditions are entirely unfit for good study, thereby causing a loss to the tax payer and to the district as well as to the teacher and the pupil.

Similar bond issues were put up two years ago and voted down. The exponents of the issue are hoping for better luck this time, and judging from the systematic work that is being done, they are changing the tide of feeling, and the chances are good for the successful carrying of the issue.

Board Has Come-back.
Should the bond issue be defeated, the board still has the chance to add to the Lincoln school by ordering the additions and assessing same on the taxes. The fear is expressed that if new buildings are not soon given the city, the board will be forced to pay several times the amount of the bond issue in rent money, for outside buildings will have to be pressed into service, it is said.

Manufacturing people are looking for schools in every town which they enter. This should cut some ice with the people who are looking for a greater Keokuk. One man who is well informed, declared yesterday that if the bond issue were defeated the loss would mean a black eye to the factory interests of the city for the future.

Systematic work is being done by both sides on the proposition and whichever way the vote goes there is sure to be a big one on the question.

PIANO COMPANY HAS NEW LOCATION

Guest Piano Company Moves to New Quarters at 502 Main—James M. Bell to Have Charge.

The Guest Piano company has moved from their old location at 415 Main street to new quarters at 502 Main street. New fixtures have been installed at the latter place and the new place of business has taken on a very attractive appearance.

Mr. James M. Bell of Burlington will be in charge of the new store. Mr. Bell has long been connected with the piano business and has made an enviable reputation in that line at Burlington. He will move his family to this city within a few days.

Mr. Bell's daughter Miss Nellye Bell is a very accomplished musician, and arrangements are being made for a number of recitals at the new store where Miss Bell will play.
