Compensation Statute. SAN FRANCISCO, Cal., April 8.—The California Industrial Accident commission has put a stop to attempts to obtain compensation from employers by employees exaggerating the seriousness of their accidents.

Several such cases recently were called to the attention of the commission. A recent typical case resulted in the commission issuing the following order, effective today: "Compensation is payable for inability to work, not for inability to find work to do."

Des Moines papers, where the observation is naturally the best, remark that the interest of the bull moosers in the state seems to be on the decline and that the chances for republican success are growing brighter.

Members of Upper Mississippi River Cities Traffic Association Plans Surprise to Honor His Work.

TO BE GIVEN TONIGHT

Greater Iowa Dinner to Celebrate Rate Victory Will Be Given at Des Moines.

The victory of the Keokuk and other Mississippi river cities' rate cases will be celebrated in fitting style tonight at the Hotel Chamberlain at Des Moines. The celebration will assume the form of a banquet and speeches will be made. One thing which is not down on the printed program but which will be pulled off, will be the presentation to Clifford Thorne, chairman of the Iowa railroad commission, of a handsome silver loving cup, by the members of the Upper Mississippi River Cities Traffic association.

When the banquet was talked of the secretary of the association wrote to all of the cities in the association asking them what they thought of giving Thorne some remembrance, just as an appreciation of the excellent work which he conducted for the river cities in this fight.

The seven cities from Keokuk to Dubuque are in on the gift. There are representatives of these cities in Des Moines to attend the classification hearings being held, and the banquet this evening.

W. B. Martin of Dubuque, chairman of the entertainment committee has prepared the program of after dinner speeches for this evening. The toast list will include the Hon. W. H. Torbert of Dubuque, who speaks on the subject, "Iowa, Now and Then." Clifford Thorne will speak on "Iowa's Interstate Freight Rates." Short talks also will be made by Ed E. Egan of Burlington, A. B. Combs of Marshalltown and Judge J. H. Henderson, commerce counsel and C. A. Robbins, assistant attorney general. The toastmaster will be a Des Moines man. Thirty traffic men from the state will attend the banquet.

The Greater Iowa dinner was suggested by Clifford Thorne and it may be made a yearly gathering if this first dinner proves a success.

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by parcels post.

You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

laundries, factories, stores and even for domestics in families as an inducement for votes, the sequel showing that the women voted two to one in favor of the wets.

Women Encouraged. CHICAGO, April 8.—Encouraged by their showing at yesterday's election, Chicago suffrage leaders today discussed plans for a more perfect organization of women voters in the interest of non-partisanship in the next election and expressed gratification at the size of the suffrage non-partisan vote.

"By electing three non-partisan candidates by their own votes and ousting several undesirables from the council, the women have shown what can be accomplished by clean politics," said Mrs. Joseph T. Bowen, president of the Equal Suffrage association. "True they elected none of their women candidates, but they achieved a great moral victory."

"The women showed great courage in entering this campaign as candidates," said Miss Jane Addams. "Future campaigns will be planned many months ahead."

The Quincy Vote. QUINCY, Ill., April 8.—Final returns in the local option election here today showed the unique fact that while 3,900 persons signed the petitions to submit the "dry" proposition to vote, only 3,333 voted dry when the election came. The "wet" majority in this city is 8,275.

A proposition for the city to take over the plant of the Citizens Water Works company was carried two to one. A proposal to install an electric fire alarm system was defeated by a heavy majority.
