Farmers and gardeners are well satisfied with the kind of weather, which this section of the country has been enjoying to the present. They argue, that warm weather would hurry up all sorts of vegetation, that might suffer serious injury from frosts in May. The cold weather retards such development and gives promise of great crops, as the soil is in excellent condition and fruit promises well, unless some unforeseen trouble occurs.

A large assortment of Easter candies at Oak Hall candy store, Fourth and Main street.

John W. Rowley of Keosauqua, who brought the two cases to test the capitol extension law, will be relieved of payment of the court costs. The supreme court yesterday ruled that the state shall pay the claims. Originally Rowley was ordered to pay the costs, but on petition to relax the costs he won. Attorney General Coson resisted the application on the ground that Rowley went to needless expense in starting two cases when one would have been sufficient. The costs are about \$300.

WOOLTEX

The Highest Type Tailored Coats and Suits

Men as a rule don't know clothes details, but they do know the general effect of what you wear. They do appreciate the smartness—the style—the trimness of your appearance.

Above all else, the men you know can tell at a glance whether your coat or suit is good style or not.

The air of quality that is the indefinable attribute of a custom-tailored suit of the highest type they recognize at a glance.

This is the one—the indefinable but very definite something you find in a Wooltex coat, suit or skirt.

If it is worth while to dress in a way that will please the men of your family and your social circle—

In a way that will cause them to comment on the attractiveness of your appearance and your good judgment in the selection of clothes, choose and wear this spring a Wooltex coat, suit or skirt.

The infinite amount of painstaking work given to each Wooltex garment begins with the selection of the most advanced Fashions by Mme. Savarie at the Paris Branch of the Wooltex Style Bureau.

It goes from there with equal singleness of purpose to the selection of desirable and fashionable fabrics.

Then to the choice of linings and interlinings of known strength and durability—

And then to the hands of the tailors trained to produce only garments of the highest type.

When you purchase a Wooltex coat, suit or skirt this spring you will become one of the many well-dressed women who chose Wooltex coats, suits and skirts each succeeding season.
