—Phone 84 for a case of Lelsy beer when you're out.

—The reading of the United Press bulletin at the opera house last night in the intermission between the first and second act of September Morn was received with applause. The presentation of the chorus which forms into a human flag followed shortly and the effect was a striking one. The audience cheered the chorus and the song vociferously.

—Keokuk Camp M. W. A. No. 622 will hold its regular meeting tonight at Woodman hall. All members are requested to be present.

—Sherwood for drivers' articles.
—The city council is today sitting as a board of equalization and review to hear complaints from property owners who believe their taxes too high. A communication has been received regarding a convention on weights and measures to be held at Washington, May 26, 27, 28 and 29. It was urged that the local official on weights and measures be sent to the convention.

—The present year promises to be a big one on the river. Quite a number of new launches are putting in an appearance and the old ones have been painted and put in condition for the season. The amateur skippers will be compelled to pay closer attention to the government regulations this summer than heretofore, and more care should be exercised by the motor boat men who use Lake Cooper.

—The governor of Iowa has proclaimed June 15, as good roads day. The special program is to have all the roads in the state dragged on that day and to boost the Lincoln way and other roads and routes. As far as Lee county is concerned the date comes a bit late, as the dragging of the roads began very early this year and has been done very well to the present time, so that the roads are in prime condition.

—The farmers of this part of the country are becoming somewhat anxious on the moisture question. Last summer was the driest for years and the snowfall this winter was nothing to brag about. Some of the much-touted April showers would do a world of good just now and be more beneficial than bringing May flowers.

—A number of people from nearby towns attended the performance of "September Morn" at the Grand last night. John Bakerbower and a party from Golden drove to Keokuk. That Mr. Bakerbower enjoyed the show was evidenced from the amount of laughter coming from his side of the house. Other parties were in attendance from Warsaw, Hamilton, Montrose and Carthage.

Years, Idle Years.

"Years have really very little to do with age. Some people are old at twenty-six, and others rather childish at sixty-five."—"Michael Ferrys," by Mrs. Henry de la Pasture.

—Sherwood for ouggies.
—The London hospital officials say that "beer is par excellence, the nutritive alcoholic beverage. When a man drinks beer, he drinks and eats at the same time, just as when he eats a bowl of soup." Have you tried Puritas beer? It will add zest to your meals. Puritas, that's made in Keokuk.

WOOLTEX

The Highest Type Tailored Coats and Suits

Men as a rule don't know clothes details, but they do know the general effect of what they wear. They do appreciate the smartness—the style—the trimness of your appearance.

Above all else, the men you know can tell at a glance whether your coat or suit is good style or not.

The air of quality that is the indefinable attribute of a custom-tailored suit of the highest type they recognize at a glance. This is the one—the indefinable but very definite something you find in a Wooltex coat, suit or skirt.

If it is worth while to dress in a way that will please the men of your family and your social circle—

In a way that will cause them to comment on the attractiveness of your appearance and your good judgment in the selection of clothes, choose and wear this spring a Wooltex coat, suit or skirt.

The infinite amount of painstaking work given to each Wooltex garment begins with the selection of the most advanced fashions by Mme. Savarie at the Paris Branch of the Wooltex Style Bureau.

It goes from there with equal singleness of purpose to the selection of desirable and fashionable fabrics.

Then to the choice of linings and interlinings of known strength and durability—

And then to the hands of the tailors trained to produce only garments of the highest type.

When you purchase a Wooltex coat, suit or skirt this spring you will become one of the many well-dressed women who chose Wooltex coats, suits and skirts each succeeding season.
