MOST IOWA ROADS TRY TO DODGE LAW

A. L. Urlick Reports Only One Has Made Reports Under Liability Statute.

All railroads in Iowa with the single exception of the Chicago Great Western, have refused to make reports to A. L. Urlick, labor commissioner, upon accidents which have occurred in the operations of the lines, says the Register and Leader. The companies maintain that the railroads operating in this state do not come under the Iowa employers' liability and the workmen's compensation law and have been advised by their attorneys to do nothing which may be construed as an acceptance of the law which goes into effect July 1. The operators of the road assert that they are under the federal liability law and that their employees cannot claim protection under the Iowa statutes.

Mr. Urlick declares he has no intention of attempting to trick the railroads into accepting the liability law. But the roads refuse to have anything to do with the industrial department, they say, until the points have all been decided in regard to the new statute.

The Great Western is the exception. Reports are being sent in as requested.

Muscle Food for the Hard Toller.

The man who labors hard physically need nutritious food. He needs a concentrated food—a food that is also easily digested. And the price of the food must be cheap.

That doesn't mean that the hard toiler needs a lot of meat (as many wives think) for there are other foods equally if not more nutritious.

Take Faust Spaghetti, for example. A 10c package contains four times more nutrition than meat—it is rich in gluten—it is easily digested, and you can make a whole big family meal with a 10c package.

Try it often. Cook the spaghetti for 25 minutes or so with some red ripe tomatoes. Serve with powdered cheese and bread and butter. Makes bulgily good eating. Send for recipe book. 5c and 10c packages.

A letter has been received by the Rev. J. P. Sims from W. H. Dickinson, corresponding secretary of the Louisville Christian Bible school, in which the work of Mr. Singleton, representative of the National Home Finding society is endorsed. When Mr. Singleton came to Keokuk last month to solicit funds, a letter was received by the United Charities which did not endorse the work.

Any reflections on Mr. Singleton of the work is deplored in the letter signed by W. H. Dickinson which Rev. Sims has received. The Home Finding society's activities are fully sanctioned as is their representative. Last year \$3,200 was raised. It was said that \$680 is given for expenses, and \$560 for the superintendent's services.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets.

If your skin is yellow—complexion pallid—tongue coated—appetite poor—lax, you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box.

Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, Ohio.—Adv.

Praises This Remedy for Lung Trouble

Many people are led to believe that Lung Trouble is a disease which cannot be conquered. This is wrong, as many have fully recovered their health. A change of climate has helped some, but many more have been restored to health by breathing the freshest air, eating well-cooked, wholesome food, being temperate in their habits and adding the tonic qualities of Eckman's Alternative, a medicine for Throat and Lung Troubles. Investigate this case:

In one week's time there was quite an improvement in my condition, and after I had taken several bottles I felt as well as ever in my life. Daily Stock Letter. [Copyright 1914 by the New York Evening Post.] NEW YORK, May 1.—Three separate influences combined to bring about the vigorous advance on the stock exchange today, which was accompanied by great increase in activity. These controlling influences were the continuing growth of the sentiment as to the Mexican situation. The very highest estimates published by the experts on the condition of the wheat crop and forecasts of an unusually large crop in cash to be shown in tomorrow's bank statement. The feeling in Mexico was not particularly changed, even by the day's conjectures as to the attitude of the northern negotiators towards the negotiations.

London was closed for a holiday and prices here opened generally with little change. But the forward movement began almost immediately and shortly after midday sharp advances over yesterday had been scored as one point for St. Paul, and fractional gains on other stocks, moderate reaction from the highest and with market closing firm. The day's advances brought some of the stocks to prices 5 to 6 points above last week's low level.
