

RECORD CROWD AT MASON CITY MEET

State Manufacturers Have Big Turn Out for the First Day, Which Grows Bigger Today.

LOCAL MEN PROMINENT

Cephas Harrison, President, Makes His Address—Three Cities Want Meeting in 1915.

A record breaking crowd is in attendance at the State Manufacturers' convention at Mason City this week. Yesterday was the first day of the three days' meeting and the attendance was gratifying to the officers.

The Mason City Globe Democrat in reporting the list of out of town men at the convention under the caption "Big Men Here," included a number of Keokuk's delegates as will be seen from the following:

Numbered in the advance guard of about fifty enthusiastic Iowa manufacturers, who arrived on night trains, and were on hand for the opening sessions, at the Pythian temple, today, were a number of the most prominent manufacturers of the state.

Included in this list were O. B. Towne, of Keokuk, head of the Industrial association there; J. A. Gunn, and one of his associates, Mr. Powers of Kellogg; B. J. Ricker, the Grinnell glove manufacturer; Stephen Irwin, the Keokuk shirt maker; Messrs. Dodge of Grinnell, Gibson, of Des Moines, and G. Walter Barr, the well known writer of Keokuk, who is associated with the Mississippi River Power Co.

From indications yesterday Oswald Schmidt, president of the Crescent Macaroni and Cracker Co., of Davenport and the present chairman of the executive committee, probably will be the next president. Dubuque, Iowa City and Grinnell are in line for the next convention.

Cephas Harrison delivered his address this morning. There was a short business session at which committee appointments were made. A discussion of the employers' liability law was made, and this afternoon the election of officers followed the noon luncheon.

Health a Factor in Success. The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated.

ONE FALLEN HERO AT VERA CRUZ, MEX.

Has Relatives in Keokuk, Who Have Tender Memories of Him and His Father.

It has been discovered that Daniel Aloysius Hagerty, one of the Americans who recently lost his life in the taking of Vera Cruz, Mexico, by the United States navy, and was one of the dead returned to this country over whom President Wilson pronounced his eulogy this week, was a second cousin of Mr. D. W. Hagerty, a well-known resident of Keokuk and former alderman from the sixth ward.

The deceased was a son of James Hagerty, a cousin to ex-Alderman Hagerty. Our Mr. Hagerty is also a

CHICAGO WHITE CITY OPEN AIR HIPPODROME

It is of Gigantic Proportions Where High Top Circus Acts Will Be Given Free.

The great board-walk of the Chicago White city will present a cosmopolitan kaleidoscope of human activity this season which opens May 16. The \$100,000 Parisian garden, with its statues, pergolas, pavilions, and marvellous electric fountain will charm the eye whilst the ear will be delighted with the orchestrations of world-renowned musicians and the vocal efforts of eminent songsters.

A really wonderful feature of White City this season will be the gigantic open air hippodrome, where top-notch circus acts will be performed several times daily free of charge. This will be the largest and finest free attraction ever offered in any amusement park, and, with the vaudeville theatre, which will play only star acts and sensational pictures, should provide wholesome and unusual entertainment for White City patrons.

PARENT TEACHER ORGANIZATION

Plans Perfected and Officers Are Selected for Ensuing Year of the Society.

TEACHER IS PRESIDENT

Vice President From Each School District, Form Members of the Executive Board.

The committees appointed from the parent-teachers mass meetings which have been held during the last few weeks, to complete the organization of a parent-teachers' association met yesterday afternoon at half past four o'clock in the Y. W. C. A. building and completed the organization.

Miss Harriett Solomon presided and Mrs. O. W. Weyer acted as secretary. The plans were discussed informally at the beginning of the meeting and it was decided to elect a vice president from every school district, thus giving representation on the executive board from every section of the city.

By unanimous ballot the following officers were chosen: President, Miss Harriett Solomon; vice presidents: high school, Mrs. Lee Daugherty; Washington district, Miss Frances Martin; Garfield district, Mrs. John P. Hornish; Jefferson district, Mrs. D. A. Uhler; Carey district, Miss Van Gieken; Wells district, Mrs. J. E. Flake; Torrence district, Mrs. Lillian McDowell; Lincoln district, Mrs. C. W. Lantz; secretary, Mrs. Leonard Mathews; treasurer, Mrs. J. Fred Kiedatsch.

The chair appointed a committee of three to retire from the room and draft a few laws to govern the association and the following were adopted:

Art. I. Sec. 1.—Name. The name of this organization shall be the Parent-Teachers' association of Keokuk.

Art. II. Sec. 1.—Object. The object of the association shall be to bring together in helpful relation, the parents and teachers of this city.

Art. III. Sec. 1.—Officers. The officers of the association shall be a president, a vice president from every school district in the city, a secretary and treasurer.

Sec. 2.—Duties. The duties of these officers shall be such as is implied in the name of the office.

Art. IV. Sec. 1.—Quorum. Twelve members of the association shall constitute a quorum for the transaction of business.

Art. V. Sec. 1.—Committees. The president shall have power to appoint a program committee, and such other committees as the needs of the association from time to time require.

Art. VI. Sec. 1.—Meetings. The association shall meet on the first of each month from September to May inclusive.

Art. VII. Sec. 1.—Amendments. These laws may be amended at any regular meeting by a majority vote of those present.

Miss Solomon appointed a committee of three as a playground committee: Mrs. Dan John, Mrs. O. W. Weyer and Miss Louisa Helwig.

A number of topics for possible consideration next year by the program committee were suggested, the Montessori System, Kindergartens, Regularity in Attendance and the Responsibility for What Is Imagined in a Child, a Study of Children's Dispositions, and Child Environment.

The executive committee was given power to name the day of meeting each month, after the club and social calendar for the fall and winter is better known. There will be no regular meeting of the association until fall.

Hair Made Beautiful.

Beautiful hair, thick, fluffy, lustrous and absolutely free from dandruff is not so much a gift of nature as a matter of care and proper nourishment.

Hair is like a plant—it will not grow healthy and beautiful unless it has attention and proper nourishment.

Parisian Sage, daintily perfumed and easily applied, tones up and invigorates the roots of the hair, and furnishes the necessary nourishment to not only save and beautify the hair, but also stimulate it to grow long, heavy, soft, fluffy and radiant with life.

—When used frequently and rubbed into the scalp, it will simply work wonders. Just one application stops itching head, removes dandruff and cleanses the hair of all dust and excessive oil.

Since Parisian Sage, which can be obtained from Wilkinson & Co., or at any drug or toilet counter, never disappoints, it is no longer necessary for any woman to be humiliated because of thin, streaky, faded, lifeless or unattractive hair—and as you know, pretty hair, more than anything else, helps you to retain a youthful appearance.

SUBMIT PLUMBING CODE TO COUNCIL

Provides for Plumbing Inspector—Plumbers to be Licensed—Will be Passed Later.

VIADUCT ON D STREET

Mayor Proposes Viaduct Over Railroad Tracks for Use of West Keokuk Citizens.

The plumbing code was this morning submitted to the city council by an Industrial association committee. It is probable that some changes in it will be made before it is adopted. The plumbing code is a proposed ordinance, the purpose of which is to regulate all plumbing that may be done in the future, that it may be done in a uniform, sanitary way, to provide plumbing inspectors who will enforce the code, and to place all plumbing firms and plumbers in the city under license so that only those who are both capable and responsible may be allowed to do work in Keokuk.

The proposed ordinance was turned over to the city attorney by the council. He will make an examination of it, after which it will be examined by the city clerk and the council. Mayor Moorhead said this morning that there were several matters that would have to be changed before the code is made an ordinance. He said also that there were some drastic regulations in it that might meet with serious objection and for this reason there may be held some public meeting at which both sides of the matter, if there were two sides, might be presented before the council takes action. The code is quite lengthy and contains many details in regard to how plumbing of different kinds shall be installed.

Inspector and Assistant. It provides for a plumbing inspector to be appointed by the commission of public safety with the consent of the mayor and council, for a term of one year at a salary fixed by the council. The inspector shall be placed under a bond of \$2,000. The plumber shall also have an assistant who shall be a practical plumber who has had at least ten years of experience in the business. Neither the inspector nor his assistant shall be engaged in the plumbing business or connected with any plumbing firm while holding his office.

The code provides for a board of examiners, to be appointed by the mayor. This board shall examine all applicants for a license. The board shall consist of a health officer, one master plumber, and one journeyman plumber. The examination fee to a firm or individual engaging in the business shall be \$50, while each person engaged to work by the firm or individual in the business shall pay an examination fee of \$5.00. Each firm is required to give a bond of \$3,000.

Mayor Proposes Viaduct. A viaduct over the seventeen railroad tracks crossing D street, that will give the residents of West Keokuk a through street to the river where they can find a good boat landing, was the proposal made by Mayor Moorhead to the council this morning.

GREAT MASS OF PROOF

Reports of 30,000 Cases of Kidney Trouble, Some of Them Keokuk Cases.

AUDITOR

Is a staunch supporter for Lee County's interests.

The help of the voters are asked by him at the Primary, June 1, 1914.

The mayor stated that he believed this to be the most feasible plan that had yet been suggested, although it did not mean the other ideas had been abandoned.

The council has been spending a great deal of time during the last week in trying to ascertain the best way to cross the tracks to the river and at what street it would be best to make the crossing. B, C, and D street have been considered, but Mayor Moorhead is of the opinion that a viaduct across D street would be the best solution to the problem.

There are about seventeen railroad tracks crossing D street at this place, although it is understood the tracks are all owned by two companies. If the viaduct is built the railroad companies would have to pay the cost of its construction, according to the Iowa code. The only expense to the city would be in the payment of damages to any property owners whose property would be damaged by the construction of the viaduct. The viaduct would be constructed wide enough for vehicle traffic, with a passage way for pedestrians on one side. The matter was merely proposed by the mayor and no definite action is expected to be taken on any of the plans for some time.

Vacate Part of Ridge Street.

The council passed a resolution this morning vacating a part of the alley in block 176 and also vacating Ridge street from the northwest line of Eleventh to the southeast line of Twelfth. This action was taken in accordance with the plans made some time ago to open the new street in this district where the big egg-shaped sewer is to be constructed in the near future.

The matter of extending South Fifth street into Commercial alley has been completed by the council which this morning authorized the clerk to draw a warrant amounting to \$2,390.50 payable to John Giller for the property through which the extension was made.

Two Weeks or More in Colorado

—as Inexpensive as Home

You will be surprised to learn how little it costs to spend two weeks or more in Colorado. I have corrected many wrong impressions about Colorado's hotels and boarding houses and my road, "The Burlington," (C. B. & Q. R.) now gets out a booklet showing how reasonably and pleasantly one can spend a vacation in Colorado.

"I would love to go to Colorado on my vacation this summer, but the hotel prices are so high"—used to be the expression of many. Five minutes talk convinced them otherwise. Colorado has her share of elaborate hotels, but Colorado has lots of comfortable boarding places where the rates are as low as \$8.00 a week—clean surroundings, and wholesome appetizing fare.

I would like to send you a copy of our booklet. It will give you an entirely different idea about Colorado's hotel expenses, a complete list of hotels and boarding houses, their locations, rates, conveniences, elevations and other information. In addition, it gives full particulars on Colorado—its attractions and points of interest.
