JAYS TAKE LAST GAME OF SERIES

Land on McCollough for Eleven Hits and Ten Runs While Hill Holds Tribe.

HUB HILL TO RESCUE

Was Sent to Relieve McAdams in the Second When the Tribe Threatened to Win.

Waterloo had no difficulty in taking the second and last game of the series with Keokuk by a score of ten to two. McAdams started the game for the locals but was yanked in the second after filling the bases with free transportation. Hub Hill was sent in without having had an opportunity to warm up and passed the first man up, forcing in the first run of the game. He then struck out Hessling, but passed Jack, forcing in the second and last run. Rogerson was retired on a grounder to the pitcher. From then on, the Indians had no chance against the superb pitching of Hill. He let them down without the semblance of a hit until the seventh when McCollough hit to left. In the eighth, Abbott poled a safety and in the last frame Sweet singled.

Mack Hit Hard. McCollough was hit hard, and in the eighth aviated, forcing in two runs and being touched for three hits, totaling four scores. Walks were numerous, McAdams passing four, Hill four and McCollough seven. Hill whiffed nine and McCollough fanned six. The feature of the game was the fine pitching by Hill after the first frame and the heavy hitting by the locals. McCollough was in deep water in two innings, the fourth and eighth. In the fourth he passed McAuley, and Hill hit to left. Siglin was

INDIANAPOLIS TRACK

Goux and Boillot More Alert Today Following Exhibition Yesterday by New York Millionaire.

[United Press Leased Wire Service.] INDIANAPOLIS, Ind., May 15.—Two Frenchmen, Goux and Boillot, who have been inclined to under estimate their opponents in the 500 mile speedway race here the thirtieth, were more alert today following the exhibition of a millionaire New York yesterday. Spencer Wishart, one time polo player, passed the Frenchmen like a dart, making a lap in 1:43 after the three had played tag for a superior even of Goux who won the race last year. Both men praised the track, saying it is the best course they ever saw.

Increased Rates Justified.

WASHINGTON, May 15.—Proposed rate increases on iron and steel articles from the Mississippi river and Chicago to Iowa, and on scrap iron from Omaha, Neb., Sioux City, Iowa, and Sioux Falls, S. D., to St. Paul were found justified by the interstate commerce commission today. The increases, ranging from 1 to 1 1/2 cents per 100 pounds will now go into effect.

Sporting Views

By the Editor

Look out below! We're going down. Another shear drop of almost 75 points while Clinton slips in between us and the top of the list.

At that we are still in the first division and that's more than Ottumwa, Cedar Rapids, Waterloo and Marshalltown can say about their old baseball teams.

And now for Marshalltown, where all travel-worn clubs take their fill of wins and fatten up their percentages. And then for Burlington. We don't wish George Manusch any bad luck, or anything of the kind, but it would be nice if about seven of his pitchers would fall down and break their legs.

Pitcher Mitchell blew into town yesterday from Waterloo to gather up his belongings before going back to St. Louis. Mitchell was released by Abbott, following the game at Waterloo in which he worked the last few innings. Mitchell had about all a pitcher needs besides control. In that respect he was like a ship without a rudder. If his delivery was puzzling to a batter it was equally puzzling to himself.

Winning nine straight games without any trouble is a neat performance for any club. There's only one bad feature about it for Burlington, and that is they can't make their percentage any larger, nor they can't climb any higher in the pet. column.

LIARS IN THE NEWSPAPER FIELD

Honest Men are Being Harmed by Those Who Stick Not to the Truth.

[United Press Leased Wire Service.] LAWRENCE, Kans., May 15.—The Kansas newspaper conference and school for editors and lecturers started for the State Editorial association meeting at Manhattan. Isaac D. White of the New York World, told the editors that the honest newspaper man were being seriously harmed by the liars in the business.

"The honest reporter and newspaper is always trying to be accurate and urges the readers to point out errors," said Mr. White. "The trouble has been that over zealous men have used a 'light stick' in their efforts to accomplish a definite program and often innocent people are hurt. This has resulted in the newspapers being out of tune often with public opinion."

Frank Leroy Blanchard, editor of

A Traveling Man Cured

P. B. Counterman, a traveling man of Joplin, Mo., writes: "Twelve years ago I was a great sufferer from stomach trouble. I tried nearly every medicine I could hear of, among them I used fifteen bottles of one popular preparation, but never found anything that did me any permanent good until I took Chamberlain's Stomach and Liver Tablets, which have effected a permanent cure. It has now been five years since I took these tablets, and I have had no more stomach trouble during that time. I have recommended Chamberlain's Tablets to a great many sufferers with stomach trouble, and traveling salesmen, and have met many of the boys on the road that are afflicted with disorders of the stomach as they have to put up with all kinds of half cooked grub at the different country hotels, which is one cause of this dreadful disease."

Don't Get Into Debt on a Rented Farm

Get into the dairy business on your own farm. I can put you in touch with the owners of fine prairie lands of rich soil from 300 to 400 miles west of Omaha, which can be bought on very easy terms at from \$15 to \$40 per acre. You are sure to make money by modern dairy practice, because the silo is the solution of the dairy problem and feed crops are heavy on these lands. If you haven't money at first to build a silo, dig one. Good farmers with proper equipment and feed can secure cows on time.

These owners make these special terms to dairy farmers, because they know that a good dairy farmer will make money by corn-silo dairy farming and will soon clean up his obligations. Then hogs and poultry fit right in and round out the profits. These 160-acre tracts are located among improved farms in established communities.

Give me your name; let me help you become the owner of a dairy farm. S. B. Howard, Assistant Immigration Agent, Burlington Route, 1004 Far-num Street, Omaha, Nebr.
