Save 20% on Automatic Refrigerators and Buy Now

When You're Buying a Refrigerator—why not get one that cools both food and water perfectly

The Automatic Refrigerator

Keeps Food Fresh

The constant circulation of the Automatic, keeps the air pure and the food fresh and appetizing. Flavors never get mixed.

Keeps Water Delicious

Never a trace of food flavors. The "Built in" water cooler of the Automatic is a one-piece, porcelain-lined tube. Takes no extra space—uses no extra ice.

You save money in the end by employing the superior advantages of the Automatic. Pays for itself in the ice it saves.

Something About Government Ownership

No. 4

It was an epoch in the world's history when the Bell System opened a long distance line between New York and Chicago. In 1893, and demonstrated that speech could be transmitted 1,000 miles.

Today the business man in Denver sends his voice clear and distinct into the office of the New York merchant, 2,000 miles distant.

A small army of skilled telephone workmen in the Rockies are now building the home stretch

of the great Bell route from New York to San Francisco, and transcontinental conversations over the Bell System will be one of the wonders ushered in by the Panama-Pacific Exposition next spring.

Last year the first 900-mile telephone line was built in Europe, where practically all telephone systems are government owned. Two decades after a thousand-mile line had been in successful operation in the United States.

Bell Telephone Service Has Set the Standard for the Rest of the World.

Have you tried our DOUGHNUTS and CRULLERS

If not do so if you want something good and rich

Pollard's "Quality Bakery" 20 South 4th St.

TO MY FRIENDS AND THE DEMOCRATIC VOTERS OF LEE COUNTY, IOWA. I take this method of announcing that I have withdrawn from the race for the democratic nomination for sheriff of Lee county at the coming primary election to be held on June 1, 1914.

My reason for so doing is the welfare and success of the democratic ticket at the election in November. I am convinced by my friends, who have advised with me that the success of the democratic ticket in the November election would be endangered by my remaining in the field, and as I have always stood for the success of democracy and do not by any means desire to endanger the success of the entire ticket, I therefore withdraw, thanking my friends for their cordial support and endorsement of my candidacy. I release them from all obligation to support me at the primaries, leaving them to make their own choice of a candidate from the others still in the field. Respectfully, J. H. FARRELL.

business men of Chicago. The remainder came from all sections of the United States.

A feature of the trip over will be numerous informal preliminary meetings on ship-board at which the American delegates will outline a plan of co-operation in presenting the various topics assigned to them. The party will spend a few days in Great Britain as guests of the British delegates, previous to going to Paris. The invitation to visit England was extended at the 1912 Congress in Boston. Following the Congress a tour will be made of France and Switzerland.

SWIMMING SCHOOL AT THE Y. M. C. A.

Registration to Begin Soon—Extension Meeting at Sandusky—Special Summer Membership.

An extension meeting under the auspices of the Young Men's Christian Association will be held at Sandusky at 7:30 o'clock next Sunday evening.

Special Membership. Placards announcing special membership during the summer months, from June 1 to October 1, are being distributed. These memberships have usually been very popular in the city

and large numbers of men and boys of the city have heretofore availed themselves of the privilege afforded during the heated term.

Swimming School.

This season will be the third since the popular swimming school for boys was inaugurated by the Y. M. C. A. and it has so grown in favor that already applications are being made for blank registration cards which are not ready for use yet. The school as usual, will begin June 15 and continue until July 25, inclusive. Last year two hundred and seventy-three were registered and the boys who were so fortunate as to possess cards appeared to enjoy the time of their lives, besides learning the very useful art of handling themselves in the water. The Y. M. C. A. building has excellent facilities in the matter of a fine natatorium of pure water, medicated by nature itself, and the boys have much enjoyment in the cooling pastime afforded, while they are receiving instruction in a very necessary art. Parents have become much interested in this ten days summer school and are giving their boys encouragement in registering, which will commence the first week in June, and the registration this season is expected to far exceed that of last season.

Librarians' Convention. WASHINGTON, May 26.—John Foster Carr, director of the Immigrant Education Society, of New York, was the principal speaker at today's sessions of the sixth annual conference of the American Library Associations which opened its sessions here yesterday.

"The Library and the Immigrant," was the subject of an interesting address by Director Carr. He pleaded for more general use of libraries and the extending of facilities that would afford a wider use of them by immigrants. He declared that libraries offer one of the best means for molding the immigrant into an American.

"Libraries for Rural Communities," was the subject of an address in which W. P. Claxton, United States commissioner of education, made a strong plea for more and better libraries in small towns, villages and rural districts as a method of educating those members of such communities who cannot afford the time to attend the regularly established educational institutions. "The need of a national archive building," was the subject discussed by Dr. Franklin Jameson, director of the department of historical research, Carnegie Institute, Washington.
