

WOMEN CONFIDENT OF THEIR VICTORY

Iowa Suffrage Workers Believe Their Showing Will Convince Legislature They Desire Ballot.

PLAN NEW CAMPAIGN

Canvasses of Counties and Townships Will be Made During Intervening Month Under Supervision.

People who are watching the signs of the times generally concede that there is a very strong probability that the women of Iowa will be given the right of suffrage by the next legislature. The time was when a woman who favored equal suffrage was thought "queer," but now-a-days to oppose suffrage marks a woman as being queer and very few men can be found anywhere who speak against it. A prominent suffrage worker said a few days ago that she didn't know a single prominent man in official life in Iowa who opposed it. The legislators at Des Moines have always been very courteous in their treatment of the equal suffrage bill and of the women who came to the state house to work for it, but a majority have not voted for it, giving as a reason that they did not think the women wanted it.

The Iowa Equal Suffrage association of which Miss Flora Dunlap of Des Moines is president, proposes before the legislature comes together the next time to show that the women of Iowa do want the ballot. It has been demonstrated that petitions don't bear much weight because few if any read the signatures and so a new plan of campaign has been adopted. This summer Miss Dunlap will appoint one woman in every county in the state, and one woman in every township in the counties, who shall work for suffrage and who shall bring all the evidence possible

to the senator and representatives to make them understand that the women in their district do want suffrage. There was a time in Iowa when it was neither popular or fashionable to favor equal suffrage, but now it is both popular and fashionable and this has influenced some of the women who don't think out the problem, but who go with the crowd.

The most enthusiastic group of "votes for women" is found in Des Moines and is made up of the women who stand at the top socially and in point of culture. Waterloo, Davenport, Dubuque, Burlington, Audubon and other cities all have women who can logically defend their position. The recent visit of Jane Addams and other prominent Illinois suffrage workers to the state, did much to strengthen the cause.

Big Inheritance Tax.

Helping Kidneys By Clearing Blood A Function Greatly Assisted By a Well-Known Remedy.

Most readers will be interested to more clearly understand why analysis of urine is so important. In the use of S. S. S. to purify the blood, its action is a stimulant to the myriad of fine blood vessels that make up the constructive tissues of the kidneys. All the blood from all over the body must pass through the kidneys. They act as testers and assayers. And according to what they allow to pass out in the urine, both as to quantity and materials, the health of the kidneys and the quality of the blood is determined. The catalytic energy forced by S. S. S. is shown in the urine. It is also demonstrated in the skin. And as the blood continues to sweep through the kidneys the dominating nature of S. S. S. acting as it does through all the avenues of elimination, shows a marked decrease of disease manifestations as denoted by urine analysis. This assistance is a great relief to the kidneys. The body wastes are more evenly distributed to the excretories; their elimination is stimulated by the tonic action afforded the liver, lungs, skin and bowels. In cases of rheumatism, cystitis, chronic sore throat, huskiness of voice, bronchitis, asthma and the myriad of other reflex indications of weak kidney action, first purify your blood with S. S. S., so it will enable the tissues to rebuild the cellular strength and regain the normal health.

MRS. PANKHURST IS RELEASED AGAIN

After Spending Several Foodless Days in Jail, She is Carried Out.

[United Press Leased Wire Service.] LONDON, May 27.—Mrs. Emmeline Pankhurst, militant suffragette leader, was again released today from Holloway jail under the "cat and mouse" act. As usual Mrs. Pankhurst hunger struck immediately upon her re-arrest at the gates of Buckingham palace last Friday and today she was said to be very weak. She was taken away by suffragettes to recuperate. Mrs. Pankhurst was arrested when she drove toward the palace in a taxicab with the avowed purpose of leading a militant army to harangue the king for the ballot.

Mrs. Pankhurst is under a three year jail sentence for instigating the bomb attack on the country home of Chancellor of the Exchequer Lloyd George. Each time she has been in jail she has starved herself until released.

IOWA BANKERS GO TO CLINTON

To Hold Their State Convention, Which Will be Held in That City June 4 and 5.

KEOKUK'S DELEGATES

Addressed by Prominent Bankers, and Two Steamboat Excursions on the Mississippi River.

The convention of the Iowa Bankers' association will be held at Clinton, Iowa, June 4 and 5, and a final list of speakers was announced Sunday by P. W. Holl, secretary of the association.

The banks of Keokuk have arranged a list of their representatives to attend for their respective banks: Howard W. Wood, assistant cashier, Keokuk Savings bank; H. Boyden Blood, assistant cashier, State Central Savings bank; John A. Dunlap, cashier Keokuk National bank, and Ed. A. French, cashier Security State bank, who will be accompanied by Mrs. French.

Among the speakers are some of the most prominent and influential bankers in the country.

H. A. Wheeler, vice president of the Union Trust company of Chicago, who was selected by President Wilson for a place on the federal reserve board but declined, is to talk to the convention on "Bank Credits Under the Federal Reserve Act." W. C. Brown, former president of the New York Central railroad, will tell of "Early Days in Iowa." John Easton Brady, legal editor of the Banking Law Journal, will deliver an address on the subject of "Judicial Discrimination Against Bankers." Another feature of the convention will be an address by the Hon. Henry J. Allen, the humorist and editor of the Wichita Daily Beacon, on "The Iowa Banker—A View from the Outside."

Two Iowans are to address the convention. D. W. Norris, Jr., editor of the Marshalltown Times-Republican, will talk on "The Banker and Good Roads," and Arthur Reynolds of Des Moines will extend the greetings of the American Bankers' association, of which he is president.

A special attraction at the convention will be two excursions on the Mississippi on the steamer St. Paul. The first will take place Thursday afternoon and the second Thursday evening in the moonlight. There will be informal dancing on board both in the afternoon and evening. Ladies have been cordially invited to the convention and an especial effort has been made to provide them with entertainment during the sessions.

APPROVAL IS GIVEN NEW POSTOFFICE

Fort Madison's Fine Building Will be Open Next Sunday With Roberts in Charge.

Ft. Madison Gem City: R. C. Fouchy of Kansas City, supervising superintendent of public buildings for the government, was in the city yesterday and made a final inspection of the new postoffice building at the corner of Second and Chestnut streets. He gave his approval to the building as it stands with the exception of a few minor details, which will be finished up within the next couple of weeks. An accurate description of the new building has been given before but to any who desire to inspect the structure it will be open Saturday from 10 a. m. to 12 a. m. and from 1:30 p. m. to 6 p. m.

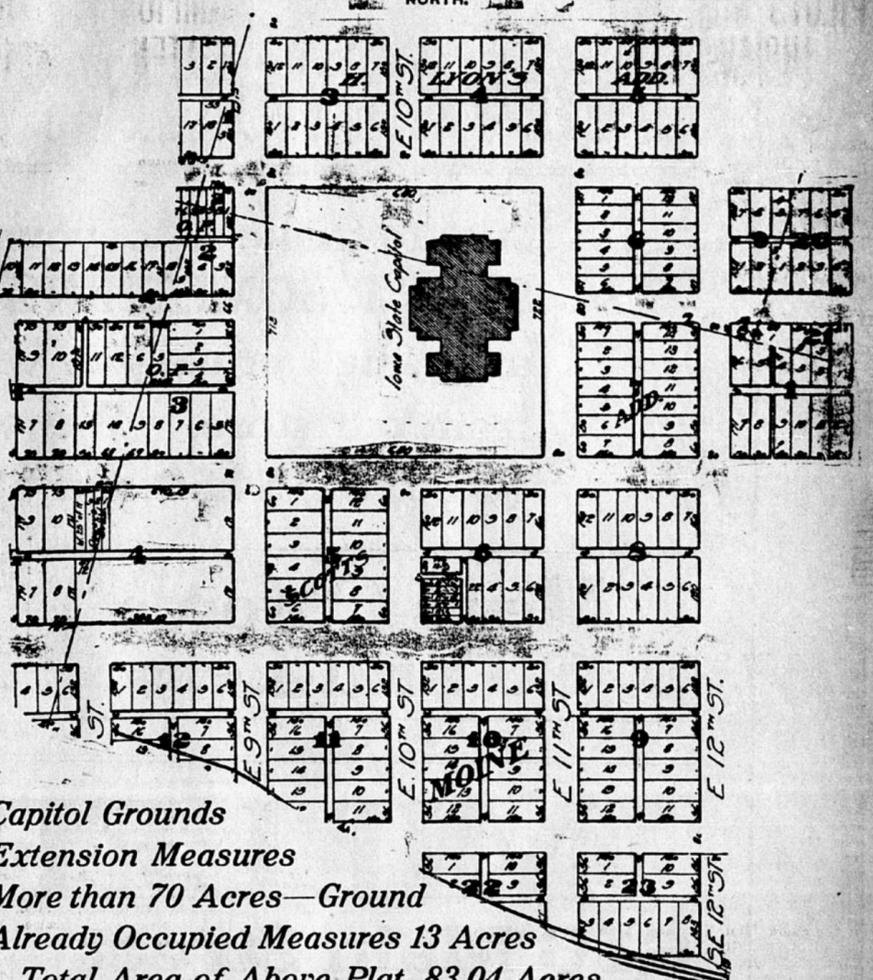

The building is brand new and with all its latest polish will be spick and span. There will no doubt be a large crowd to see the opening of the building and they should feel proud of the new public building in our city, enough so as to be careful and not mar its appearance. The change of postoffices will be made Sunday so that on next Monday morning N. C. Roberts, the new postmaster, and force, will serve Uncle Sam in the postal department in one of the best equipped and most modern buildings of the state.

Not an Experiment

Paint Lick, Ky.—Miss Mary Freeman, of this place, says: "Before I commenced to take Cardui, I suffered so much from w.o.m.a.nly trouble! I was so weak that I was down on my back nearly all the time. Cardui has done me more good than any medicine I ever took in my life. I can't possibly praise it too highly." You need not be afraid to take Cardui. It is no new experiment. For fifty years, it has been found to relieve headache, backache, and all other w.o.m.a.nly troubles. Composed of gentle-acting herb ingredients, Cardui builds up the strength, preventing much unnecessary pain. Try it for your troubles today.—Advertisement.

CAPITOL GROUNDS EXTENSION PLAT

Capitol Grounds Extension Measures More than 70 Acres—Ground Already Occupied Measures 13 Acres—Total Area of Above Plat, 83.04 Acres

This "job" will cost the tax payers millions of dollars, and this whole scheme was railroaded through both houses of the legislature in one day. Rules were suspended, debate shut off, the previous question moved, the slides all greased, the trap door sprung, the lid nailed down, and the people will receive their official notice of this action via their tax receipts. In the plainest language possible, the constitution of the state of Iowa tried to protect the people from such manipulations. The officials and newspapers that have been the loudest in their demands to give the people a voice in the government are now denying that the people should even have the right to vote on a state bond issue.

The above plat shows the land involved in the capitol grounds extension scheme which the legislature and other state officials loaded on the taxpayers without their consent or knowledge. This plat is the original plat taken from the official journal of the house of the last legislature. The area of land covered by this plat is a little over 83 acres. Deducting the amount now occupied by the capitol (which is about eleven acres) and a few scattered lots the state now owns across the streets from the capitol, it shows that the real estate boosters put through a deal loading on the taxpayers of the state between 70 and 71 acres of property that are now covered with buildings or improvements.

We have never seen before in any paper a statement giving the exact number of acres of ground covered by this proposition. One of the Des Moines papers stated that it took in approximately forty acres. That fell a little short of half of the truth, because this plat covers more than 70 acres of ground after deducting that already owned and occupied by the state capitol, soldiers monument and historical building. The total amount of ground in the plat is 83.04 acres. These figures are made from the official plat by one of the most competent civil engineers in this state.

The tax-payers of the state have to pay for taking these buildings down and hauling them away, for digging up the foundations and filling up the cellars, for tearing up the sidewalks and streets and curb stones and paving, and hauling that material away, and hauling back into those places, dirt to fill them up. All this will be an expense beyond human ability to estimate and almost beyond comprehension. After this is all done, this immense undertaking then becomes a

part of the regular property of the state to maintain and keep up, and there is practically no limit to the tax that the legislature will be called upon to levy to maintain this park, with its "drives, streets, avenues, malls, walks, bridges, terraces and other improvements." It will make the taxpayers hustle to keep this up.

This capitol grounds matter is just ONE of the unnecessary expenses put upon the tax-payers by the last legislature without consent or knowledge of the people. The Courier wants it distinctly understood that it is not criticizing any levy made for necessary expenses and expansion of our state institutions. The Courier further wants to state that efforts now being made by newspapers and a few people to compare the levies for the conduct of our state institutions with the levies that were made to pay for such schemes as buying this immense acreage around the capitol, and to pay the salaries of new offices that were created and many of the other increases in salaries that were made, are simply efforts to deceive and confuse taxpayers. The right of a legislature and an administration to levy taxes for the conduct of the state's business, does not carry with it the right to levy taxes to pay salaries connected with a lot of unnecessary offices that may be created for political friends, and to unnecessarily burden the people without their consent.

The Courier has had many requests to publish the vote of the house and senate on this bill, and it herewith follows: The senators who voted for the capitol extension are: Allen, Ames, Arney, Balkema, Balluff, Boe, Clarkson, Cowles, Crist, Crow, Darrah, DeWolf, Dunnegan, Fellows, Francis, Hagemann, Hilsinger, Jones, Kimball, Larrabee, Legal, Malmberg, Mattes, Perkins, Ream, Robinson, Savage, Smith, Spaulding, Sullivan, Taylor, Thomas, Wilson of Appanoose, Wilson of Clinton. The senators who voted against the capitol extension are: Doran, Garrett, Gillette, Jewell, Nye, Sheehan. Absent or not voting: Chase, Farr, Heald, McColl, McManus, Neal, Quigley, Schrup, Webber, White. The representatives who voted for the capitol extension are: Anderson of Greene, Atkinson, Barry, Bernbrock, Bingham, Black, Blackford, Bliss, Boettger, Brady, Brockway, Bruce, Cannon, Carson, Chapman, Cole, Craig, Dawson, Dixon, Elliott, Elwood, Erickson, Fraley, Griffin, Griggs, Groat, Halgrims, Hamilton, Hansen, Hazen, Heaton, Huff, Hunt, Huntley, Hutchins, Jacobs, Jacobson, Jamison, Jensen, Jones, Kelo, Klingland, Klary, Kulp, Larrabee, LeRoy, Lounsbury, Manning, McCullough, McHose, McVicker, Miller, Newcomb, Peterson, Pickford, Power, Reeve, Ring, Saitzmann, Scholz, Shankland, Sherman, Sley, Stipe, Townsend, Trumbauer, White, Whitney, Workman, Mr. Speaker. Representatives who voted against the capitol extension are: Anderson of Montgomery, Bartle, Bauman, Bradley, Brown, Burt, Buxton, Clark, Cronbaugh, Crozier, Daniels, Downey, Doze, Dunlap, Eggleston, Greene of Clinton, Hadley, Halstead, Helming, Meredith, Hone, Scott, Steel-smith, Stokes, Stutz, Thompson, Webb. Representatives absent or not voting: Enger, Greene of Grundy, Kane, Koontz, Lenock, Lund, Milton, Mitchell, Munro, Odendahl, Rohrer.

Ask the state officials who favored this bill, or the legislator who voted for it, why it was not submitted to a vote of the people. See Section V, Article 7, Constitution of Iowa. JOHN W. ROWLEY, of Van Buren County, candidate for nomination for Governor on the republican ticket at the coming primary election, carried through the courts the capitol grounds injunction suits. He stands for the repeal of that law; for the restriction of assessing powers of Executive Council; for amending the road, millage tax, and other faulty laws; for a reduction of taxes to an economical basis, and for a careful and judicious administration of state affairs. Vote for JOHN W. ROWLEY.

When Coffee Gets You—

The experience will be like that of thousands who have ignored the fact that coffee contains a habit-forming drug, caffeine—about 2½ grains to the ordinary cup. Some say "Coffee don't hurt me," and seem to get on with it for a time. But there are few persons who can use coffee as a routine daily beverage and not sometime feel its effects—headache, nervousness, indigestion, biliousness, sleeplessness, heart trouble, or some other discomfort.

Thousands have found relief by stopping coffee and using

POSTUM

A delicious table beverage made only from whole wheat and a small per cent of molasses, POSTUM contains the nourishment of the grain, including the essential mineral salts (phosphate of potash, etc.), but is positively free from the drug, caffeine, or any other harmful substance.

Postum now comes in two forms: Regular Postum—must be boiled—15c and 25c pkgs.

Instant Postum—a soluble form—requires no boiling—30c and 50c tins.

The cost per cup of both kinds is about the same.

There's a mighty army of POSTUM users—the number is steadily growing—and

"There's a Reason"

Grocers everywhere sell POSTUM.
