MUNICIPAL BAND MAY BE REALITY

Mayor Moorhead Suggests Desirability of Musical Organization Such as Appeared Here Last Week.

COULD GIVE CONCERTS

This is as Much Work of City Government as Grading Streets and Regulating Traffic.

Municipal band concerts may be a reality for Keokuk if Mayor Moorhead's suggestion should be carried out. The mayor believes that the city has other work than just that of grading streets and regulating automobiles. Uplift of the community and culture is a part of city government he believes. While the municipal band may not be a reality tomorrow, still the mayor believes it will come.

The splendid music furnished by the several bands in Keokuk during the past week in connection with the meeting here of the Grand Council of United Commercial Travelers suggests the desirability of a local musical organization of like merit," remarked Mayor Moorhead last evening. "Past experience has demonstrated," he continued, "that this would not be possible without aid from the city. The experiment is one on which the city could well afford to embark, if it had the funds. Municipal life isn't all police regulation, grading, sewer and water extension, electric lighting and like material things. The uplift of the community along moral and ethical lines and the advancement of culture are also within its province.

"This is generally recognized in foreign countries, but has yet to gain general assent in this country. Music is one of the best means to these ends. Of course any appropriation of public money for this purpose is out of the question at the present time. All the funds available are needed for absolute necessities, including payment of the floating debt. But the time may come when it may be possible for the city to help sustain a fine band. And it may come sooner than many people suppose. The street railway company could afford to contribute to concerts in the parks and would doubtless do so if properly approached on the subject. I would favor a municipally supported band whenever the city's finances will permit of the expenditure."

Wisdom From Inexperience. Mr. Brown met Mr. Jones on the street. "Any news, Brown?" asked Jones. "Nothing special. I've just been reading the Sunday paper. And I find one peculiar thing in it that may be news to you." "What is it?" "The Sunday paper says that women in ancient Egypt used to act as they pleased, live as they pleased and dress as they pleased without regard to what the men thought. Lucky we don't live in those times, what?" "Mr. Brown, are you married?" "What has that got to do with it? As a matter of fact, I'm not." "I thought not."—Cleveland Plain Dealer.

Iowa Mint Factory Ships Six Tons In One Month

Success Achieved With Small Town Factory In Three Short Years, Though Struggle Was Hard At First.

October 1, 1911, one man decided he would make mints in Iowa. During the first year he met with the hardest sort of struggle. His type of mint had never been made in the west, but he stuck to it and at the end of the first year he had sold almost 50,000 pounds. The second year he increased it to 60,000 pounds.

During the month of October, 1913, when he modestly told the writer of his progress, he admitted he had sold over six tons in the one month of his third year and he predicted he would make 1913-1914 a record breaker. This company was built up through one man's perseverance.

The Warsaw Gate City

Warsaw, Ill., June 7, 1914.

Work has begun on the excavation for the foundation of the Ft. Edwards monument on the bluff in front of the residence of R. O. Marsh. The site commands a beautiful view of the river, the three states, the islands to the north and Keokuk and her bridge and the dam in the distance. Crushed rock is being hauled for the concrete foundation.

It has been suggested as one of the attractions of our three day celebration the coming fall, that an automobile parade be held on one of the days, and that they be decorated or not, according to the wish of the owners; not a flower parade, as that is too much labor for the ladies, but simply an assemblage of autos of the town and country; it is thought at least 150 could be got in line. If the autos were filled with gaily dressed children and young girls, they would need no other decoration. A fine opportunity to give children an auto ride, who could have one at no other time. Invite any auto into the parade, owners and dealers.

The next free concert by Warsaw's band will be given on Wednesday evening, June 11 on the intersection of Sixth and Main streets, the regular illumination platform being used. These concerts will be every Wednesday evening and our country friends should bear this in mind. The band generously gave their services on the occasion of the social given by Rev. George Long on the church lawn, on a recent evening, and were treated royally by their host.

Mrs. Frank Miller of St. Louis is here visiting her mother, Mrs. Anna Johnston.

Mrs. Rubidge of Keokuk was a Warsaw visitor today. On Sunday next M. W. A. memorial day will be observed by the decoration of the Woodmen graves by a committee of the R. N. A. In the twenty-seven years of its existence, Warsaw Camp 3400 has lost but eighteen members; six deaths were caused by violence and suicide. Twelve of the eighteen deceased members are buried in Warsaw and country cemeteries. There are few camps that can show as healthy a record.

There is talk of organizing a Warsaw high school alumni association. An excellent idea and productive of much good.

Not many farmers in town these days; the corn fields need them. T. Frank Patterson's first hollow-tile bungalow is nearing completion; it will be stuccoed and pebble dashed, an attractive color mixed with stucco.

An auto visitor from near Quincy stated the other day that the very fact that the line of the Marsh railroad was fixed and would not be changed for any land owner, no matter how much right-of-way he would give, was good evidence that the road would surely be built.

Fishing is excellent now and many parties go to the sloughs below the town and have excellent luck.

The Ladies Aid society of the Presbyterian church will give their annual excursion to Quincy on Wednesday, June 10, on the steamer Keokuk which will leave Warsaw at 7 a. m.

The Eagles of Ft. Madison will play ball with Warsaw at the fair grounds on Sunday, June 7. Game called at 2:30 p. m.

J. C. Bell and daughter Miss Emma Bell of the Carthage college faculty have gone to Brandon, Colo., where they will spend the summer. Mr. Bell's son Cal lives in Brandon. A ranch near Brandon is owned by the Warsaw Bells.

Institute of Public Men's Meetings—Department of Literature. The moral and religious aspects of,

and the attitude of Christ toward the money question is the vital subject of a treatise of a well written and instructive little pamphlet issued by the men's movement and being distributed by the literary department of the institute of public men's meetings. This essay is the more interesting as the subject treated therein has caused very animated and earnest discussions at several of the last men's meetings at the Evangelical hall. While they last the booklets will be mailed free of charge to any address just for the asking. Address box 387.

Mr. A. F. Blesner is enlarging his cellar and installing a furnace. Miss Eunice Worthen will graduate next Tuesday, June 9, from the domestic science department of the University of Chicago. Her mother Mrs. J. B. Worthen will leave Sunday for Chicago to be present at the exercises.

Miss Edyth Clippert and Miss Mabel Kuse graduated from the state normal at Normal, Ill., Thursday last. They will remain there for the summer term, however. Mr. Wm. Clippert and Mrs. E. Kuse attended the commencement exercises.

Mrs. C. R. Bliss and baby of Harmon, Ill., who were present at the graduation of her sister Miss Leonora Walker, have returned home.

Mrs. John C. Nesbit was operated on Wednesday morning in Keokuk for abdominal tumor.

The Presbyterian Sunday school will at 8 p. m., Sunday, give a children's day program, consisting of songs, recitations and other exercises suitable to the occasion.

The county farmers' institute will be held in Warsaw this fall. This should be an occasion of great interest to our farmers and may be the means of our perfecting a soil improvement organization, similar to that just formed in Adams county.

Wm. C. Marsh has returned after several months absence. General Manager Richard O. Marsh and Engineer Powell during the week just closed made an auto trip south from Quincy through Calhoun county in the interest of the Tri-State Traction company. Marsh will give Calhoun county her first railroad. Lumber for culverts and bridges from the mill at the foot of Fourth street is being delivered along the roadbed made by the contractor of the grading, Mr. A. S. Gullford.

The annual picnic of the Sutter Evangelical church is being held today—Saturday—in Altheide's grove. There is no doubt a large crowd.

Miss Leonora Walker entertained the senior and junior classes of the high school at her home in this city on Thursday evening last. Decorations were the colors of both classes. Cooling refreshments were served.

Warsaw will start this week to prove the existence of coal oil in this locality. Farmers will be called on for options; several thousand acres are desired; developments will be made after the plan of the Plymouth and Colmar field.

The Presbyterian church choir had a fish fry at Taylor's slough Tuesday. There were seventeen in the party.

Hon. John E. Edwards of Forsyth, Mont., formerly a Warsaw boy, recently made a great stroke of finance by buying a lot of cattle in Mexico, securing same without harm to himself, which was a wonder in these "war" times.

Mrs. Roy Bartholomew and children of Griggsville are visiting her parents Mr. and Mrs. Henry Dross.

Mr. K. Bernhardt, a successful farmer southeast of Warsaw six miles has purchased a five passenger Ford touring car.

Miss Mamie Hammond is visiting relatives in Chicago for a couple of weeks.

Miss Julia Edwards is home from St. Louis where she went to attend the great pageant.

The young people of Sacred Heart church held a "market day" Saturday at Mrs. V. Schmitt's.

A party of Keokuk ladies, members of St. John's Episcopal church, attended services at St. Paul's church last Sunday night. A pleasing neighborly visit.

Miss Jeanette Worthen of Warsaw, daughter of J. B. Worthen sailed for Berlin, Prussia, last Thursday on the North German Lloyd steamer Berlin. On arriving there she will join her aunt and uncle Mr. and Mrs. Frank H. Connor and Mrs. J. H. Finlay of Warsaw.

Mrs. Homer W. Stephens of Pueblo, Colo., and Mrs. Chas. Fletcher of Hannibal, Mo., are here visiting their father John Stephens and family.

Mrs. Thomas Edwards attended the commencement of the Christian university, Canton, Mo., where her daughter Grace is instructress in music.

Miss Catherine Dodge attended the commencement exercises at St. Mary's college, Knoxville, Ia., the past week.

James T. Daugherty of Rocky Run has been successfully operated on for appendicitis at Graham hospital, Keokuk.

The Wythe township Sunday school convention will be held at Elderville, Ill., Sunday, June 7, at the Baptist church.

The Farmers Grain and Supply company shipped 178 bogs to St. Louis on the steamer Dubuque Thursday last. The ten cement tanks for soaking shells at the button factory have just
