—Quincy is not complaining this

year about the stage of water. The

Journal says: The river is coming up

pretty rapidly, another rise of four-

tenths of a foot being recorded today.

The stage is now 8.4 and while the

rise is fairly rapid, there is nothing

to indicate a dangerous or even un-

comfortably high state, is coming.

means about 12 feet on the gauge

here. However, it is pretty much all

at 3 o'clock for the first trip of the week in the Quincy-Burlington trade. In spite of clouded sky and a light shower Sunday morning, a fair crowd was at the landing quite early and more showed up just before the hour of departure. The Keokuk is quite popular and gets good crowds every Sunday, regardless of the weather. It has not, however, had a capacity passenger list so far this season, nor has any other boat. The Black Hawk, a Blair boat running opposite the Keokuk in the Quincy-Burlington trade, came down Tuesday morning and left again in the afternoon for the return trip north. This boat, the smallest of the Blair fleet, makes excursion trips every Sunday out of Burlington to Keokuk, as does the steamer Keokuk out of Quincy, and usually carries good crowds.

ELKS ATTENTION.
A special coach for ladies will be attached to the Elks special train for Iowa City, leaving Keokuk Friday morning at 6:30. It is necessary that all ladies who intend to go to Iowa City notify C. S. Abell.
It is also requested that all Elks who have flags used during the Burlington convention, return same to Elks club immediately.
C. S. ABELL,
Chairman Committee.

Mrs. C. E. Peel of Cambridge, Mass. is visiting at the home of her parents, Mr. and Mrs. J. W. Nichols.
Miss Lillian Pepper who has been visiting her aunt, Mrs. Fred D. Fields, departed this morning for her home in Green Bay, Wis.
Mr. and Mrs. George E. Rix left this morning for Beaver Island, Mich., where they will remain for several weeks.

In Kansas Wheat Fields.
[United Press Leased Wire Service.]
TOPEKA, Kan., June 17.—With a hot sun straightening up thousands of acres of wheat flattened by Monday's five inch rain, farmers are today planning double shifts for eighteen hours labor in the fields each day. Many have purchased additional binders and headers in order to rush the work so that all wheat may be saved.
Could It Be Done?
Omaha World-Herald: It would take still more nerve to "ditch" George W. Perkins' pocketbook.
