Bubonic Plague.

[United Press Leased Wire Service.] SAN ANGELO, Texas, July 10.—Bubonic plague is declared today by four local doctors to have attacked Albert Jones, an oil driller, who came here several weeks ago from Shreveport, La. Jones is secluded under guard, awaiting the arrival of a government expert from Galveston. The authorities admit they are not satisfied with the diagnosis.

Another View of It.

"It is as much trouble to raise a puppy as a boy," according to a critic of women. HUGH L. COOPER IS IN THE CITY

Chief Engineer of Great Power Project Arrived From Springfield This Morning.

VISIT WILL BE BRIEF

Mrs. Cooper is stopping at the Hotel Iowa—Spent Afternoon With Major Meigs on the Works.

Hugh L. Cooper is in town. He arrived at 11 o'clock this morning, coming from Springfield, Illinois. He went at once to the Hotel Iowa where he took luncheon, after which he went down on the dam in company with Major Meigs. Mr. Cooper is interested in the work that has been done on the dry dock and went again through the power house and over the mammoth works of the Water Power company in the construction of which he played so great a part.

Mr. Cooper said he was very glad to be here again and was delighted in meeting many of his friends here. He said that his visit would be very brief, having made a side trip to this city from Springfield where he appeared before the public utilities commission of Illinois which has been considering the authorization of a bond issue by the water power company.

In talking to a Gate City reporter this afternoon, Mr. Cooper said that his visit here was but "semi-official," and that he came over chiefly to have a good time. He spent the greater part of the afternoon on the dam and was to leave this evening for the east.

GOOD HOPE IS ALL WROUGHT UP

Stolen Express Package Found in Coal Pile and Depot Agent in Jail.

[United Press Leased Wire Service.] GOOD HOPE, Ill., July 10.—This town was all wrought up today with the latest sensation growing out of the express package containing three thousand dollars which was stolen last week.

Walter Long, the Toledo, Peoria and Western station agent, is in jail at Macomb. The money has been recovered, and Charles Snowden, who was also taken to Macomb as an accomplice, was released. Detectives refuse to discuss the case, but it is said that other arrests will be made. Long still maintains his innocence. After Alvin Ford told detectives that Long was the man who got away with the money, a close watch was kept on him and his arrest followed today. Ford has since resigned his position. This was because it caused a stir among the people of Good Hope. Good Hope residents believing in the innocence of Long, ordered the state's attorney to get out of town.

The detectives are looking for the two men and a woman who placed the package in the coal in Allison's coal yard at Good Hope, where it was found.

LOGAN'S PICTURE IS IN BULLETIN

Likeness of Keokuk Man who Attacked Rainey, is Found in St. Louis Publication.

In a recent bulletin of the Union Electric company of St. Louis, considerable space is given the trip of the Missouri Gas, Electric and Water Works association to Keokuk in May. The bulletin contains a picture of Judge William Logan who assailed Congressman Rainey in his after dinner talk at the banquet tendered the Missourians.

Complimentary mention is made of the way in which the St. Louis people were entertained here, and special mention is made of Judge Logan and Mayor S. W. Moorhead. The visit of the public utilities association to Keokuk seems to have been a big success to judge from the complimentary tone of the articles.

FORMER BURLINGTON MAYOR PASSES AWAY

Dr. J. S. Caster Widely Known Citizen, Died Today at His Home.

Dr. J. S. Caster, a widely known and greatly honored citizen of Burlington, passed away at his home on North Fourth street at 1:00 o'clock this morning. He had been ill but a few weeks, and few of his friends even knew that his sickness was anything fatal. He had been of so rugged a nature that those who knew him best little thought that disease would lay him low.

Little Lucy Skinner entertained thirty-five little friends on her ninth birthday anniversary at Kilbourne Park from 2 to 5. A beautiful birthday cake with nine bright red candles adorned the center of the table around which refreshments were served. At the proper time the cake was cut and each guest received a portion as a favor. Big Crowd on Moonlight.

The moonlight excursion given by Keokuk Lodge B. P. O. Elks, No. 108 last night on the steamer Sidney was a big success. The Elks proved delightful hosts, and the big crowd which was on the boat enjoyed itself. The boat dropped down below Warsaw and Alexandria before making the return trip. It left the wharf at about 8:30 and returned at midnight. Stops were made at Warsaw. The Sidney's professional dancers gave a correct exposition of the Tango Argentine and the Castle Walk.

St. Mary's Big Excursion.

The steamer Sidney carried over 500 members of St. Mary's church to Quincy yesterday and return. The excursion was one of the most enjoyable of the season, and was one of the largest which has been taken out of Keokuk this season. AUTO IN PLUNGE OVER EMBANKMENT

Serious Accident Which May Result Fatally Occurs Last Night on Elvaston-Carriage Road.

BRIGHT LIGHT IS CAUSE

Will Barnaby Blinded by Coming Head Lamps Turns Out Too Far and Goes Into Ditch.

[Special to The Gate City.]

ELVASTON, Ill., July 10.—An automobile with five passengers went over a ten foot embankment at the north end of a bridge on the Carriage-Elvaston road about 9 o'clock last night, perhaps fatally injuring Mrs. McQuitty of Oklahoma, and injuring the remaining four passengers more or less seriously. The car belonged to Will Barnaby of Basco who was driving. The accident occurred near the Lot Clark farm and the injured people were taken in there. Mrs. McQuitty had not recovered consciousness up until noon.

The bridge is at the bottom of a hill, and there is an embankment from seven to ten feet high here. Mr. Barnaby was coming from Elvaston where he had met a train. Mrs. McQuitty and her mother were in the car, and there were two others besides Mr. Barnaby.

A car from the east was approaching the bridge, and the headlights on the car blinded Mr. Barnaby, according to his version of the accident. He went to turn out to give half the road, and there was a vehicle standing at the side of the road. In turning out to avoid this, he turned too far and went over the embankment.

The car turned over, and the occupants were injured. Mrs. McQuitty was the most seriously. She suffered injuries such as to cause her to lose consciousness. Assistance was at hand at once, when the plight of the autoists was known and the unconscious woman was taken into the Clark house where medical aid was called.

Reports from the sick room this afternoon were not encouraging as the woman had not recovered consciousness.

SHELDON AND BEVER IN SEMI-FINALS

Keokuk Man and Cedar Rapids Opponent are Even in First Round Today.

[United Press Leased Wire Service.]

OTTUMWA, Iowa, July 17.—Ralph Rider was 1 down to Arthur Bartlett, the Ottumwa favorite at the finish of eighteen holes in the semi-finals of the state golf tournament today. The second is being played this afternoon. Rider had a chance to square the match on the 17th green, but Bartlett holed a 15 putt and halved the hole. On the eighteenth green both missed short putts for wins. Bartlett is playing at the top of his game. Rider is playing a steady game, a missed putt on the last hole being the only flaw in his work. The winner of the Rider-Bartlett match probably will be the champion.

J. L. Bever, Jr., of Cedar Rapids, and Perdue Sheldon of Keokuk, who are playing in the semi-finals were even at the finish of the first round. In the championship consolation, Grover was 1 up on Mueller and Newburn was 2 up on Mireal. In the lower flights Vorse was 2 up on Lems; 2 up on Copper Pesley; 2 up on Dr. Johnson Quebec; 2 up on Smith.

Daily Stock Letter.

[Copyright, 1914, by the New York Evening Post.]

NEW YORK, July 10.—Security prices were depressed again today and under the influence of renewed pressure in New Haven, Missouri Pacific and Chesapeake and Ohio, the market became quite active on the decline. These shares were notably weak in the early trading when the market showed losses of from 1 to 1½. On this break there was little support offered and such stocks as Erie and Lehigh Valley declined sharply. There was moderate selling by Europe here which was not unnatural in view of the unsettlement abroad. In the last hour, trading became more active but there was little support offered and on declines, various stocks made new low records for the year. At the close, the market was generally only fractionally above the low level for the day. There was only moderate buying of bonds and inquiry from investors was only fairly broad.

Always.

There has always been a tendency on the part of saints, philosophers and excitable people generally to feel sure that what is wrong with the world is ignorance—that if only people might be induced to listen they could not but incline their hearts to the attractions of manifest righteousness.

Swiss Rainbow After Sunset.

A French astronomer recently had the unusual experience of beholding a rainbow in the Swiss Alps after sunset. It spanned a valley between two mountains to the eastward, complete and brilliant, 25 minutes after the astronomical sunset, and portions of it were visible for a half hour.

MAY ALL GO BACK TO WORK

Westinghouse Strikers will Probably Come to an End on Monday Morning.

[United Press Leased Wire Service.]

PITTSBURGH, Pa., July 10.—Upon the word of President E. M. Herr, that grievances of the Westinghouse employees would always be taken up by Westinghouse officials and considered, if "properly presented" hung the fruits of benefit for 12,500 workmen who for five weeks have tied up industry in East Pittsburgh to enforce demands for recognition for the Allegheny Congeal Industrial union, improved working conditions and in some instances increased pay.

Just what the employees may have gained by their strike was an open question. But it was generally admitted that whatever betterment to them might accrue must be of the future. The Westinghouse officials have made it plain that they will grant nothing asked for the present time; that the men must return to work not later than next Monday, or their places will be filled by "skilled workmen being recruited from other cities" and that the shops, as before would be operated.

The settlement was reached in labor tabernacle last night when 4,000 strikers, after hearing the employer's side of the struggle from state labor officials, lustily cheered a proposal that they return to work next Monday. But a moment before they had hooted down a similar proposal that they go back this morning. It developed that one of the reasons for that, was their desire to arrange a final peaceable demonstration of strength to end the strike. This, according to plans today, will be a march through East Pittsburgh to their respective plants before the whistle shrieks its call to work on Monday morning.
