TWO NERVOUS WOMEN

Made Well By Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation of the heart, constipation, headaches, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness. "I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicines the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."—Mrs. MARY JOHNSTON, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case. Ephrata, Pa.—"About a year ago I was down with nervous prostration. I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes. "Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."—Mrs. J. W. HORNBERGER, R. No. 3, Ephrata, Pa.

New Charter for Cincinnati. CINCINNATI, July 14.—This city today voted on a new charter, grafted under the constitutional amendment, giving Ohio cities home rule. The charter is progressive, but not radical. It provides for the federal form of government, the election of a mayor and 15 councilmen-at-large. Under it the mayor appoints all other officers except a director of finance who is named by the council. The term of office for all is fixed at four years, elective officers being subject to recall after one year in office. Initiative and referendum are also provided.

Movies Teach Druggists. NEWPORT, Oregon, July 14.—Moving pictures depicting the latest approved methods in compounding drugs, and other educational films relating to pharmacy, are to be a feature of the Oregon Pharmaceutical association, which began here, its twenty-fifth annual convention today. The sessions will conclude July 19.

High Price for Steers. [United Press Leased Wire Service.] KANSAS CITY, Mo., July 14.—While native steers were selling at record prices on the Kansas City live stock market yesterday, \$8.85, the highest price ever paid for cattle from below the quarantine line was recorded. They were marketed by R. E. Gatewood of Cleburne, Texas. The previous record was \$8.80 in March, 1910. The top for native steers was \$9.75, equal to the record July top price at this market.

The present light receipts and high prices on the Kansas City market, according to stock men is due to a short corn crop last year and consequent reduced feeding operations last winter. This condition was especially effective in territory contributory to Kansas City as the drought was most severe in Kansas, Missouri and Oklahoma last summer. Another theory advanced is that the fat cattle markets were unsatisfactory all winter and spring and inexperienced and timid feeders gave up waiting for the market to advance, and sold their cattle off. Only the professional feeders held on. The shortage of middle and low grades of cattle and the fact that there is also a scarcity of these grades, helped to keep prices up on top grades particularly as the lower grades are selling higher than ever before.

Illinois Bull Moosers. [United Press Leased Wire Service.] GALESBURG, Ill., July 14.—Julius Kespohl, of Quincy, Adams county, will file his petition as a candidate for congress on the progressive ticket from the fifteenth congressional district. This was decided at a private conference held here, at which Medill McCormick of Chicago made a short address.

Leading progressives from over the fifteenth district were present. Dr. Homer Meade, of Schuyler county, presided. With the announcement of Kespohl's candidacy for congress, a three-cornered fight is certain in the fifteenth district. State Senator Charles F. Hurlburt and Representative E. J. King, of this city, are the republican candidates and State's Attorney Allen of Quincy, is the democratic candidate. Medill McCormick in the course of his address urged a progressive ticket in Knox county. Speaking of Colonel Theodore Roosevelt, McCormick said he "would be the next president of the United States." He declared that the progressive party was stronger in Illinois today than ever.

Financing Texa. Railroad. [United Press Leased Wire Service.] ST. LOUIS, Mo., July 14.—The story of how John E. Franklin, by shrewd financing while president of the Bankers' Trust company, acquired for \$2,750,000 a railroad 216 miles long, valued by the Texas railroad commission at more than \$5,000,000; 11,325 acres of land and 10,000 town lots was told here today by President Ponder of the San Antonio, Uvalde and Gulf railroad. He came to St. Louis to deliver to the trust company the last consignment of the issue authorized by the Texas commission. Ponder said the people wanted a road bad enough to pay for almost half of it; that every community either donated cash or town lots and that Franklin merely developed an opportunity that existed.

If the Bankers' Trust can carry the road until the fall cotton shipments begin, Ponder said, it will have weathered its storm, and will have placed the road on a self-sustaining basis and wind up the year with an increased surplus.

Vrooman Has Withdrawn. [United Press Leased Wire Service.] CHICAGO, July 14.—Supporters of Congressman Lawrence B. Stringer, of Lincoln, Ill., took fresh hope today from the withdrawal of Carl S. Vrooman, Bryan democrat, from the fight for the democratic nomination to the United States senate and predicted that before the primaries, the anti-Sullivan democrats will be practically behind Stringer. They are positive he will have the support of Governor Dunne and Mayor Harrison of Chicago in the fight to prevent Roger Sullivan from landing the nomination. Vrooman withdrew in a statement issued last night. He said today that he would make no attempt to swing his strength to any other candidate but he hoped his withdrawal would lead anti-Sullivan forces to unite upon one man.

She Lost Her Mind. [United Press Leased Wire Service.] ST. LOUIS, Mo., July 14.—Carrying a loaded revolver, a bible and a doll, Miss Josephine Atchison, daughter of a Methodist minister at Mount Vernon, Ill., was found early today wandering on the streets clad in a kimono. Hospital authorities said she was suffering from nervous prostration, probably superinduced by heat.

Men Back at Work. [United Press Leased Wire Service.] CHICAGO, July 14.—Employees of the Pullman company at West Pullman, Ill., who lost their jobs when the force of 13,000 men was cut several months ago are gradually being taken back. Edward Butcher, head of the company employment bureau, said that the rehiring of old men has brought the force up to 10,000 and that other old employees are being taken back at the rate of thirty a day. In the past two weeks, the Western Steel Car Foundry, in Selzowich, Ill., has re-employed 1,500 men.

EXCITING MAN HUNT BELOW WARSAW

Bert Daley's Blood Hounds Taken to the Scene Last Night to Aid in the Man Hunt.

A REWARD IS OFFERED

For Henry Reuben Naples, Charged With Killing Jesse Ferguson in Adams County.

[Special to The Gate City.] WARSAW, Ill., July 14.—Bloodhounds came up with Henry Naples this morning shortly before noon, four miles south of here. The dogs held in leash came onto the alleged slayer's trail and followed it into the timber. Rising out of the grass directly in front of them stood the man the posse was pursuing. The man with the dogs was unarmed, having all he could do to manage the animals. He was unable to attack the quarry of the posse and by the time the rest of the men had come up to the dogs, Naples had made good his escape. The dogs were exhausted and were brought to Warsaw in an auto. They were given a rest and will be sent out again this afternoon. Fear that Naples may take to the river has been expressed, but there are no boats along shore in this vicinity, and the river is too high for him to risk swimming. Nearly every man in Warsaw who can dig up a weapon of some sort is joining in the man hunt. Autos are being pressed into service to take the men near the scene of the fugitive's disappearance. When the dogs are let loose this afternoon they will be followed more closely by the posse.

There is a criminal hunt of some prominence and creating considerable stir and excitement in Hancock and Adams counties, Ill. The object of the hunt is Henry Reuben Naples, who, it is alleged on June 22 killed at Meyer, a village of Adams county, one Jesse Ferguson. Staples is a young man and is represented as being a farmer and wood-chopper by occupation. Governor Dunne has offered a reward of \$200 for his apprehension and conviction.

Sheriff Crimmins of Keokuk was called upon to secure for the Illinois officials the blood hounds of Bert Daley and last evening Sheriff Joseph H. Lipps of Adams county and Marshal Bennett of Warsaw came to Keokuk and advised with Sheriff Crimmins and left for the scene of action with the Daley hounds. Immediately after the killing Naples disappeared from his usual haunts, leaving no clue as to his whereabouts although a sharp lookout had been kept for him or any trace of him. The farmers in the vicinity began to miss various articles, even provisions and it began to be suspected that Naples was subsisting upon the provisions thus purloined. Finally a resident of the locality missed an undershirt and soon afterwards an undershirt supposed to have been the stolen undershirt was found by a man passing through the unfrequented territory where it is supposed Naples is hiding. It is a wild, unfrequented tract of woodland, comprising about 1,500 acres of land or more. In this broad strip of woods a spring is located and it was discovered that recently somebody had been making daily visits to this spring, from which no doubt Naples had been procuring his supply of drinking water. The rural route mail carrier who makes trips through this timber, in a recent trip saw a man in the woods and he recognized that man as Naples, with whom he was acquainted. This was taken as almost a verification of the suspicion that Naples was making this wild wood his hiding place. Those who are conducting the hunt have corralled the fugitive and secured the blood hounds, expecting soon to have Naples in their clutches. The whole country in both counties seem to be aroused over the matter and the fierce voices of the blood hounds, when turned loose on the hot trail, like the sound of continuous thunder will add further interest and thrills to the vigorous man hunt. Before the hounds are let loose and permitted to herald their presence on the trail by their loud voices, the locality will no doubt be surrounded, in order to make the capture sure. Sheriff Crimmins of Keokuk is also keeping his eyes and ears open for a chance to offer any assistance in his power to aid the officers of Illinois in their earnest efforts to capture the fugitive.

To whom it may concern: Notice is hereby given that the undersigned have organized a corporation under the laws of the State of Iowa, and that the name of said corporation is THE AMERICAN CEMENT MACHINE COMPANY, and its principal place of business, at Keokuk, Lee County, Iowa. American Telephones Lead the World

If telephone rates are high and service poor, the use of the service is necessarily limited, but if the rates are reasonable and the service good, there will be liberal use of the telephone.

The European governments have had no incentive to maintain good service and reasonable rates, as have the private companies in America.

That is the reason Europe has only one telephone for every 150 persons, while in the United States there is one telephone for every ten persons.

Here are official telephone figures of the leading countries:

Country	Operated by	No. of Tele-phones	Telephones per 100 Population	Per cent of U. S. Development
United States ..	Private	8,975,074	9.1	100.0
