

CONFESS ROBBED M'GRATH'S STORE

Two Boys, 18 Years Old, Robbed Main Street Drug Store Here Last Tuesday Night.

CONFESSED TO KENNEY

Boy Confronted With Evidence by Chief of Police Admits Guilt—Other Boy Escaped.

That he and his partner, Ray Clancy, broke into the McGrath brothers' drug store at the corner of Fifth and Main street Tuesday night, and robbed the cash registers, was the confession made today by Roy Frazier, 18 year old Madison, Indiana, boy, who was recently paroled after having confessed to the robbery of the Spicer jewelry store. Although he has refused to admit it, it is believed that the two boys are the ones who entered the residences of C. R. Joy, Dr. B. L. Gillilan and several other residences recently.

The robbery of the McGrath store was reported to the police yesterday morning. The clerk who opens the store in the morning discovered when he arrived that morning that the place had been entered at the front doors, one of which is fastened by bolts at the top and bottom, were not locked. A further investigation showed that the cash register drawers were open and that about 150 pennies and several dollars in silver were missing. Mr. McGrath reported the matter to the police at once, and it was found that the man who had entered the store had climbed over the transom to gain entrance to the place and had gone out through the door, which he had left unlocked.

Was Held for Investigation. The Frazier boy had already been arrested by the police and was being held for investigation, although his partner, Clancy, had managed to get out of the city without being caught. Chief Kenney learned that the two boys had purchased some lunch from a restaurant near the police station on the morning after the McGrath robbery and that they had paid for it in pennies. When he learned this he at once suspected the Frazier boy. After questioning him for some time today the boy confessed and explained how the robbery had been made.

Boosted Him Over Transom. He claims that the Clancy boy, who had run away from his home in East St. Louis, was the one who (Frazier), boosted him over the transom. This, he says, occurred at about 4 o'clock in the morning. After the money had been secured the boys went to Rand park where they slept during the remainder of the night. Frazier was arrested by the police the next morning and gave his name as Roy Bolton, when locked up. When Chief Kenney had the boy brought into his office he immediately recognized him as Frazier, one of the two boys who were arrested at Hannibal for the Spicer robbery. No disposition has been made of Frazier so far, but Chief Kenney says he probably will be sent to Anamosa. The boy was paroled to an uncle in this city, Nobel Weaver, but had repeatedly broken his parole by sleeping in the park and by refusing to work or to secure work.

Wind, Rain and Hall. [United Press Leased Wire Service.] NEBRASKA CITY, Neb., July 16.—A heavy wind, rain and hail storm crossed the Missouri river from the Iowa side late last night and swept a path of crop and building destruction in a wide swath south of this city. Crop damage was done by the hail, and by the torrent of water which

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues of the blood—prepares it in an easily assimilable form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Wilkinson & Co. and other leading druggists in Keokuk and vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

swept the fields in which corn and grain had been beaten down and crushed by the high wind. Many buildings were unroofed on farms and trees were uprooted by the storm. No loss of life has been reported.

GENERAL HUMIDITY WAS ON JOB TODAY

Storm Last Night Helps Make Atmospheric Conditions Today of Unbearable Type.

The reign of general humidity did not terminate like General Huerta's today. In fact, Gen. Humidity was the whole works here today, and he made himself felt in a manner which admitted of no argument. There was nothing to do but to mop and mop some more your perspiring map, and to beat it for the water cooler and the refreshment parlors.

A heavy storm came up last night between 11:30 and 1:00 o'clock, and the rain and hail which fell failed to cool off the atmosphere, but instead set the stage for the triumphal entry of old General Humidity. The old boy was right on the job and had the mercury sailing up toward the century mark about noon.

Some more rain and a little cooler weather may be our lot, according to the weather man.

THE WEATHER

For Keokuk and vicinity: Partly cloudy tonight and Friday. Probably local showers or thunderstorms this afternoon and tonight. Cooler Friday. For Iowa: Partly cloudy tonight and Friday. Probably local showers or thunderstorms this afternoon and tonight in east and central portions. Cooler tonight and in the east portion Friday. For Illinois: Partly cloudy tonight and Friday, with probably local showers or thunderstorms. Cooler in the north and central portions Friday, and in the northwest portion tonight.

Weather Conditions. Persistent high pressure in the southeastern states caused continued warm weather from the plains to the central valleys, where the temperature was generally above 90 yesterday, while it was moderately cool in the lake region.

There were scattered local showers or thunderstorms in some sections east of the Missouri river, and the rainfall was heaviest in Tennessee. The western area of low pressure is moving eastward and has centered near Des Moines this morning, while the pressure is high with cooler weather in the northwestern states.

Conditions indicate partly cloudy weather for this section tonight and Friday, with probably local showers or thunderstorms this afternoon and tonight, followed by cooler Friday.

HUERTA GOES ON LAST GRAND SPREE

(Continued from page 1.)

representing the new Provisional President Senor Carranza, was expected to confer today with representatives of Carranza at or near Celaya. Officialdom here believes that the plan of Guadalupe, or at least so much of it as provides for the actual march into the capital of the armed forces of revolution, would be rigidly adhered to by Carranza. Whether, however, he will consent to a provisional government being continued, of which he is not the actual head, is not yet known. If Carranza insists, there is no question in the minds of officials but that Carranza will turn the government over to him. The United States, however, will make certain before any government is officially recognized, that it is acceptable to the leading Mexican factions so that stability will be reasonably certain.

Chance to Make Good. [By John Edwin Nevin, United Press Staff Correspondent.]

WASHINGTON, July 16.—It is up to Carranza. He can establish in Mexico City a government that will have the support of the entire world, or a partisan government that cannot live long. The Wilson administration is waiting to see what his choice will be. This was the United States government's attitude as outlined at both the white house and the state department. From sources close to the president, it is learned that in anticipation of Huerta's flight, he has been very carefully considering ever since the mediation conferences adjourned, a plan of action. In substance it is as follows:

No government will be recognized by the United States in Mexico which is not representative of all of the Mexican people and pledged to re-establish constitutional government at as early a date as possible. The powers have signified their intention to withhold recognition of Huerta's successor until after the United States acts and the United States will impress on Carranza that he must adopt a conciliatory attitude if he expects to be aided by this government.

If a military dictatorship is established along the lines followed out by Huerta, then the United States will sit quietly by and await events, refusing recognition and making no effort to influence bankers to loan funds to the military government. If Carranza endeavors to take over the reins of government of Mexico on broad lines, political opponents and foreigners and this government will influence bankers here and abroad to furnish funds and in every way assist re-establishing permanent government in Mexico.

It is expected Carranza will make good his promises. Information received from Consul Silliman says the provisional chief has made provisions to protect all elements as soon as he enters the capital.

The federal troops with Huerta and Blanquet eliminated, are no longer a force to be reckoned with.

It is also believed here that Carranza will be able to control Zapata and prevent his attacking the capital before the constitutionalist regulars reach there.

The next move in the Mexican situation is distinctly up to Carranza, Judge Douglas, Carranza's representative here, told Secretary Garrison today.

He said that if Carranza shows an inclination "to hold down the lid" only temporarily and to make an early transfer of authority to the constitutionalists, all will be well. On the other hand Douglas told the secretary if Carranza decides to stand pat and follows Huerta's tactics, Carranza and Villa will wage one more pitched battle and then march triumphantly into the capital. Spanish Ambassador Senor Riano, here, informally notified the secretary today regarding Huerta's resignation and Carranza's succession. The secretary admitted that he had discussed with Riano the question of the necessity and the advisability of a quick and peaceful transfer of authority from Carranza to the rebels.

Where is the Train? [By William G. Shepherd, United Press Staff Correspondent.]

VERA CRUZ, July 16.—The train bearing General Huerta and General Blanquet in flight from Mexico City is lost, in so far as officials of the Mexican railway are concerned. Five hours after the train was due at Orizaba it had not arrived there. Various possibilities as to what might have occurred were discussed in Vera Cruz. It was considered possible that the train might have been attacked and captured.

Mexican federalists stationed on the outskirts of Vera Cruz expressed astonishment this afternoon at the failure of the special with the dictator aboard to reach Orizaba. The mystery

WHY IS KEOKUK FIRM?

Because Its Citizens Have Learned the Truth.

After reading this generous and encouraging report from Mr. Bland those who have the misfortune to suffer, as he did, will naturally long to get similar relief. But to get the same good as Mr. Bland had, you should get the same remedy. There are of course, other kidney pills but there are no other kidney pills the same as Doan's. That is why Keokuk people demand the genuine.

William Bland, 819 Main St., Keokuk, says: "My back was extremely lame and when I heard that Doan's Kidney Pills were effective in curing that trouble, I got a supply at Wilkinson & Co.'s Drug Store. They relieved me promptly and although I had tried other remedies without success, my back is now in much better shape. I know of another person who took Doan's Kidney Pills when suffering from pain and lameness in the loins and relief was had in that case." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bland had, Foster-Milburn Co., Props., Buffalo, N. Y.

as to what became of the train after it left the capital at 2 a. m., was momentarily increasing here. Despite his retirement from the presidency Huerta is still a field marshal and the officer of highest rank in the Mexican army. The belief was expressed here this afternoon that the deposed dictator might be heading for Oaxaca to head a revolt to be started in the interest of Felix Diaz. As the commanding officer of the army it is believed Huerta might attract much of the strength of the present federal forces to his standard.

May End the Revolution.

JUAREZ, Mexico, July 16.—A conference held at midnight in the middle of the International bridge here between Gen. Francisco Villa, constitutionalist commander, and Gen. Geo. Bell, commander of the American troops here, is believed today to have an important bearing on the situation in Mexico. Although neither Bell nor Villa would discuss the meeting, it was reported it was held by the direction of Washington authorities. An effort was made to keep the meeting secret but when the Mexican and American military authorities placed an embargo on traffic over the bridge during the conference, an investigation disclosed what had transpired.

"I am sorry Huerta cannot be caught and punished for the murder of President Madero and Vice President Suarez," said Villa today, in discussing Huerta's resignation from the provisional presidency of Mexico last night. He seemed to regret that the dictator had not remained in the chair to be driven out by force of arms.

Whether Francisco Carranza's occupancy of the presidency would mean the continuance of constitutionalist military operations Villa declined to say. He is personally acquainted with Carranza, having attended the Diaz-Madero peace conferences here in 1911, when Carranza was Diaz's peace commissioner. Villa regards Carranza highly as a man but will not accept him in any official capacity.

Other constitutionalist military officials say operations are over and that all future developments will come through diplomacy. J. M. Amador, General Carranza's legal adviser said today the constitutionalists expect an invitation from Carranza to accept control of the national government within the next few days. He predicted that General Carranza would be in Mexico City in two weeks. General Villa today dispatched 500 soldiers to Palomas, Chihuahua, to retake the town which was captured yesterday by former federal forces.

Their Families Arrive.

VERA CRUZ, July 16.—The families of General Huerta and General Blanquet and relatives of the deposed dictator arrived in Puerto Mexico early today in the refuge train which left the capital Tuesday night. They were guarded by 1,300 soldiers on troop trains. No information has yet been received as to the whereabouts of Huerta and Blanquet who left on another train last night.

The German cruiser Dresden and British warship Bristol reached Puerto Mexico from Vera Cruz today. The general belief here was that Huerta was enroute to that port on the special train which took him and General Blanquet from the capital last night.

PROTESTS POURING INTO DEPARTMENT

(Continued from page 1.)

average person eats three pounds more of beef a year now than in 1909. The animal per capita consumption being 8.10.

The department of agriculture after the probing committee makes its report, will inaugurate a national campaign to encourage the raising of beef cattle. An effort will be made to induce farmers in many states to turn to cattle raising. With sugar no longer a large source of profit to Louisiana, the department expects planters and farmers there to turn their attention to beef production.

Beef prices will be the subject of informal discussion at a meeting of the co-operative committee of the local Housekeepers Alliance today, according to the department.

PROCEEDINGS IN BANKRUPTCY FIELD

Alfred C. Schmidt Filed Petition in Federal Court Here Last Evening.

A voluntary petition in bankruptcy was filed last evening in the federal court here by Alfred C. Schmidt of the firm of A. C. Schmidt and Brother of this city. The petitioner sets out that his liabilities are \$8,776.29 and his assets are \$3,791.95. In his list of creditors as set out there are a number of local firms.

KEOKUK MEN ARE AT RATE HEARING

Quincy Case Today Attracted Number of Local Shippers Who Are Interested.

Keokuk was well represented at the rate hearing at Quincy this morning. C. R. Joy, president of the Industrial association, Ira W. Willis, Lee A. Hamill and Clifford Thorne of the Iowa railroad commission, went to Quincy in Mr. Joy's machine. James M. Fulton and O. B. Towne went to Quincy on the morning train, and W. B. Martin, president of the Upper Mississippi River Cities Traffic association, went to Quincy last night.

FACTORY OFFICIALS EXPECTED HERE SOON

Representatives of the Johnson Interests May Come Here on Saturday to Confer.

Officials of the Johnson Electric Smelting company which will establish a factory here are expected here in the near future. It is possible that they will be in the city on Saturday, July 18. Industrial Commissioner Rhodes of the Mississippi River Power company has asked that he be notified of the exact date in order to be sure to be in the city when the officials arrive.

MAINTAINING A LOSING PROPOSITION

Ottumwa Courier Says That City Did Not Make a Mistake Stepping Out of League Baseball.

Ottumwa Courier: It developed yesterday that the Keokuk baseball association is in as bad financial condition as was the Ottumwa association when the officers of that body decided frankly to announce their predicament to the world and do the sensible thing—quit baseball until such time as the fans care enough for it to properly support the team at the gate. Keokuk's baseball directors have come forward with a statement that their fans must come to the front with available funds or the franchise will be surrendered to the league. Ottumwa and Keokuk are not the only cities in the league that are not making money. As a matter of fact baseball is not a paying proposition in cities the size of those that make up the Central association and until those who are in charge of the league learn that they cannot pay large salaries to players and still come out even, baseball will always get its little setbacks because men cannot always be expected to reach down into their pockets to make up the deficits that are bound to occur.

The fans of this city are not the only ones that have neglected their ball teams this year. Despite the fact that the president says the business depression is psychological, it is true that the depression or something else has hurt baseball all over the country for the attendance at the major league games is far below standard. Ottumwa did not make a mistake in stepping out of the ranks at the time it did.

Fatal Shooting Affair.

[United Press Leased Wire Service.] OMAHA, Neb., July 16.—Fred M. Schroeder, former city councilman and his brother, Peter, died this morning at a hospital, and Wm. Rapp is dying from the effects of bullet wounds inflicted late last night.

Fred Francis was slightly injured by a stray bullet. Fred and Peter Schroeder died without making any statement which might disclose the identity of the men who killed them.

The information the police are working on is that the Schroeders and Rapp quarreled. One report is that the shots were fired by three strangers whom Rapp asked for a match.

Hard on the Lawyers.

Monticello Express: An angered witness tried to throw an Iowa City lawyer out of the court room, through the window. Let us not condemn him until we know that the punishment was not merited. There are lawyers who would not be treated unfairly if thrown down stairs.

LOCAL DRUGGISTS MAKE MANY FRIENDS

Wilkinson & Co. report they are making many friends through the QUICK benefit which Keokuk people receive from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka. This remedy became famous by curing appendicitis and it is the most thorough bowel cleanser known, acting on BOTH the lower and upper bowel. JUST ONE DOSE of Adler-I-ka relieves constipation and gas on the stomach almost IMMEDIATELY.

A Cool, Refreshing Drink

During the hot weather Ice Tea is the popular beverage. It quenches the thirst and relieves fatigue.

LATEST MARKET QUOTATIONS

United Press Association Telegraph Market Report Over Gate City Leased Wire.

Grain Review. [United Press Leased Wire Service.] CHICAGO, July 16.—Wheat shaded lower early in the day because of lack of support from Liverpool, but on the dip, heavy buying forced an advance of 1/4 above last night's closing prices for all months. Weather over the winter wheat belt continued dry and hot.

Corn opened a little on private reports of scattered rain throughout Iowa. Good commission buying on the dip, caused an advance of 1/4 in July, other months holding at about opening prices. Oats was a shade easier at the start on account of weakness in other grains but moderate buying pushed prices up 1/4 for July and September before noon. Provisions opened higher because of an advance in hog prices, but eased off later in the day.
