

# Indians Revenge Road Defeats by Muskies

## SWEET LEADING, TRIBE WINS 3-2

Harry Pilots Indians in His First Game as Manager—Takes Boyle's Measure by Close Score.

## FAIRCLOTH ON THE SLAB

"Rags" Pitches Good Game Despite Lack of Control—Mike Flannigan Opposed Him.

Harry Sweet lead the Indians to a 3 to 2 victory over Muscatine here yesterday in his first game as manager. It was a close game at all times and well played all the way through. The two teams divided the batting honors, each getting a total of six hits, while demerits for misplays were also handed out evenly, one going to each side.

"Rags" Faircloth performed the mound duty for the locals, and was opposed by Mike Flannigan, the big Irish heaver who held the tribe to a pair of lonely bingles in one of the games of the double header played at Muskyville recently. Faircloth's wildness kept him from doing his best work, although he had it on Flannigan in this respect. While the Irishman whiffed nine batters, he issued free transportation to seven.

One of the three runs made by the Indians was the subject of much discussion, both during the game and after it had ended. This was on the first run scored by the Red Skins. Hensling was on third and Dall on second when McGee hit a grounder to Runzer at third. Hensling had started for home the minute the ball struck the bat, and Dall, also, had made off on an early start for third. Instead of throwing to first, Runzer tagged out Dall after a short chase back toward second. The question asked was whether or not the run scored by Hensling should be allowed to count. As Dall was not forced, there could be but one condition—that being whether, or not Hensling crossed the plate before or after Dall was tagged out. Genins ruled the run counted, and there really was no question about it as Whitley had a big lead.

The other two runs scored by Sweet's warriors came in the fifth. Giffin walked, went to second on Dall's infield out, and scored on Marshall's double to left. McGee doubled to right, scoring Marshall. The boys filled the sacks in the next round on a walk and two singles, but were unable to shove over a counter.

The Muskies scored one run in the second on Wetzel's triple and a single

by Harrell. Their other run came in the seventh when Masters doubled, went to second on Wetzel's infield out, and scored on a safe blow by Sour. Outside those two innings, but two hits were made off Faircloth, and in but one of those seven innings did more than three batters face the local hurler.

## BROWN HOLDS JAYS TO COUPLE OF BLOWS

Manager Andrews and Four Men Chased Out of Park for Kidding the Fans.

CEDAR RAPIDS, Iowa, July 24.—Brown allowed Waterloo only two hits, winning a pitchers' battle for Cedar Rapids. Manager Andrews and four Waterloo men were chased out of the park for talking back to the fans. Score: Waterloo.....0 0 0 0 0 0-2 0  
Cedar Rapids.....0 0 0 1 0 0-1 3 0  
Batteries: Drohan and Evans; Brown and Lingle.

BURLINGTON, Iowa, July 24.—Batchley, the new pitcher secured from Champaign, Ill., pitched a fine game, the Pathfinders winning over Rock Island, 8 to 1. Three home runs were features. Score: Burlington.....0 13 0 10 30x-13 13  
Rock Island.....0 0 0 1 0 0-1 3 1  
Batteries: Baichley and Rolleg; Senoff and Hruska.

CLINTON, Iowa, July 24.—Miller had the better of a pitching duel and Clinton won the opener, 2 to 1. First Baseman Watters had only two putouts, both coming in the ninth inning. Score: Marshalltown.....1 00 0 0 0 0-1 5 1  
Clinton.....0 0 0 0 2 0 0x-2 7 0  
Batteries: Lintz and Andreen; Miller and Darrow.

## Sporting Views

By the Editor

Umpire Genins came in for a bit of panning by the bugs yesterday, he being accused of missing many decisions on balls and strikes. Genins was struck on the shoulder by a pitched ball the other day and was so nearly put out of commission that he wants to stay away from behind the bat until his lame wing gets well. The fact that he worked behind the pitchers was the cause of his missing a number of strikes and balls, but he was called by the fans on several that he could not have been mistaken on. Genins is one of the best umpires in the association and has given the tribe its share of the breaks all the way through.

President Justice returned last night from Galesburg where he held a conference with a number of prominent business men there regarding moving the Rock Island club to that city. The people of Galesburg are anxious to get back in the league. They have a good ball park, and it is in good condition at the present time. Another meeting was held last night when the question of whether or not they wanted to come in the association was decided. President Justice expected to hear from them this afternoon.

Chick McGee is most particular in his batting. Practically every hit he has made since joining the tribe has been either a double or a triple. He added another double to his list of extra base bingles in yesterday's fray.

The committee that's out after money for the club is still having quite a bit of trouble. Business men and fans don't kick in with their usual amounts as they have in the past, but the men on the committee are working harder than ever and are determined to get the kail before they stop.

Marshall was the only man on the local team who made an error yesterday. Doc let a grounder bounce out of his hands after he had it cornered. He can easily offer the alibi that he is not yet accustomed to the mitt he is using on first.

The shift of Hensling to third seems to be as successful a move as could have been hoped for. McGee has been playing a sensational game in the short field and covers a world of territory. Hensling works better at third than he did in the other position.

Giffin robbed Runzer of a sure hit yesterday when he left his feet and stabbed a liner ticketed for the right field fence. Likewise Tommy was deprived of what would have been a hit in nearly every case when Harrell grabbed his grounder over second. It happened that Harrell was running to his bag to cover it on a hit and run play when Tommy hit the pill.

## WHY DON'T YOU TRY THIS PLAN?

Give the Team and Club Your Support for a Few Days. They Need It.

## MORE MONEY IS NEEDED

Question of Retaining the Franchise Has Not Yet Been Settled—Committee Working Hard.

The Indians need your support. They are not receiving the backing that should be given them by the people of Keokuk. The response to the call of the directors for money has not been as free as it should—not by a great deal. There is still a big question as to whether or not the money will be raised that is necessary to retain the franchise. Those who have kept in touch with members of the soliciting committee know that they could not have worked harder nor more earnestly in endeavoring to obtain the necessary funds.

There are many men in town who cannot afford to subscribe to the fund, but if these men only knew it, they could do just as much for that team by giving it their moral support. Although you may believe that everything connected with the baseball situation here is just the opposite of what it should be, you can always find something to commend if you care to look for it. A few words of praise in place of a few words of criticism will have the tendency to increase the attendance.

Which is Your Way? If you go to the ball park wearing a frown and looking for a chance to criticize something or somebody you certainly will find the excuse. And what's more you can go to any ball park in the country, major league or minor, and come out the same way. But the worst part of it all is that you will not enjoy the game, you will not have received the benefits from the game for which the club is supported.

On the other hand if you get in the habit of dropping your frown the moment you hand your ticket to the gate keeper and refuse to pick it up until you leave the park you will be surprised in finding how many good things you can discover about the team and about the game. Occasionally things go completely wrong and the dark impression is forced upon you, but that happens, also, in any ball park in the country. We need more men to boost the team and the club, but particularly do we need more fans who will go to the park looking for a good time rather than a bad one. The directors have handled the affairs of the club in the way they believed would meet the approval of the biggest majority of fans. They deserve your support.

## MARSENS IS STILL FIGHTING THE REDS

Has New Scheme in Forcing Dissolution of Injunction That Keeps Him Out of Game.

[United Press Leased Wire Service.] ST. LOUIS, Mo., July 24.—Marsens is not passing up any chance in his fight to force dissolution of the temporary injunction secured by the Cincinnati Reds to prevent him from playing with the St. Louis Federal club. That he charges violation of the national law prohibiting the importation of aliens by contract against the Red management became known today. He states that while in Havana, Cuba, an agent of the club induced him to sign a contract and that his transportation and other charges were paid by the Reds management.

## EXPECT DEFIANCE TO BE WITHDRAWN

Owners of Boat Not Satisfied With Rigging and it is too Late to Make Change.

[United Press Leased Wire Service.] NEW YORK, July 24.—Formal announcement to the America's cup committee that the tri-city cup defense candidate defiance has withdrawn from the trials and will allow the Resolute and Vanitie to fight it out alone was expected today.

The New York, Boston and Philadelphia yachtsmen who own the defiance are not satisfied with the present construction and knockabout rig of the boat and there is not time to make alterations. The defiance has at no time threatened the chances of the other candidates. She has finished third in all the races she entered except one, when she nosed out the Vanitie for second. The racer was built at Bath, Maine.

## It Keeps Him Happy

Everywhere you'll find PATTERSON'S SEAL smokers going about their daily occupations with cheerfulness and enthusiasm. These men are happy because they are healthy and contented. And they are healthy and contented because they enjoy cool, fragrant, comforting pipefuls of PATTERSON'S SEAL all day long, all year 'round.

## PATTERSON'S SEAL Cut Plug Burley

PATTERSON'S SEAL has been a prime favorite for many years. This ripe, mellow Burley tobacco is aged and blended to such delightful fragrance, sweetness and richness, that the longer a man smokes PATTERSON'S SEAL the better he likes it.

Give PATTERSON'S SEAL a week's trial — note how evenly this Cut Plug burns in your pipe—how pleasantly cool it smokes. Learn the steady satisfaction it gives you. Then you'll keep right on smoking it.

Sold everywhere in handy 10c pouches and larger sizes. THE AMERICAN TOBACCO COMPANY

## AUSTRALIAN CRACKS TRIM CANADIANS

Win Easy Victory in Tennis Matches, While Another Society Gallery from Chicago Looks On.

[United Press Leased Wire Service.] LAKE FOREST, Ill., July 24.—Australian tennis cracks were counted upon today to clinch their right to meet the winner of the England-Germany matches in the finals to determine the challengers of the American tennis team for the Davis trophy.

The easy victory of the Australians over the Canadians in the singles yesterday at the Onwentsia club made them big favorites today in the doubles event. Anthony Wildling lived up to his reputation as one of the

## QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

# KLAXON

THE KLAXON is universally recognized as the STANDARD warning signal. It is used by 275,000 motorists. Carried on 90% of all high-priced cars—and on thousands of cars of moderate price.

THE KLAXONET and KLAXET are smaller models of the Klaxon. They operate on the regular Klaxon principle: a steel diaphragm vibrated by a cam wheel. This wheel is driven by an electric motor.

The Klaxon is a WARNING signal. It expresses danger—to insure safety.

THE HAND KLAXON operates on the same Klaxon principle, except that the cam wheel is rotated by a train of gears rather than an electric motor. These gears attain high speed by simply pressing down the push-rod.

On country roads it warns half a mile or more in advance—around curves, over hills.

The Hand Klaxon has the true Klaxon warning note and is sold under the regular Klaxon guarantee of permanent satisfaction. It is complete in itself—no outside power is necessary. It is designed especially for use on cars not electrified.

In city driving, the "tiger"—produced by a light touch of the button—is all that is necessary. It penetrates the noise of surrounding traffic no matter how loud; and is at once understood as meaning danger.

PRICES  
(Complete ready for installation)  
Klaxon \$35. Klaxonet \$20. Klaxet \$12. Hand Klaxon \$10. Supplied in six finishes.

The Klaxon is not an "electric horn." It is totally different. Its whole principle of operation is different. Its note is different. Ask us to explain this difference in detail.
