HOLD MEETING TONIGHT

Meeting at Armory Tonight to Prepare for Encampment—To be Big Event This Year.

Sixty members of Company L, Iowa National Guard, will leave this city two weeks from today to participate in the maneuver camp at Camp Dodge, near Des Moines, August 10 to 19. In preparation for the encampment, a meeting of the company members will be held at the armory this evening. Special work will be given and it is necessary that every man be out tonight. Uniforms and shoes will be fitted and instruction in drills by signals will be taken up.

Camp Dodge promises to be a big one this year. The following about the camp is taken from the Des Moines Register and Leader:

Forty-eight Companies.

Forty-eight companies of the Iowa National guard, four regimental bands and four detachments of the hospital corps will arrive in Des Moines a week from next Monday to participate in the maneuver camp to be conducted at Camp Dodge, Aug. 10 to 19.

Eight special trains and extra coaches on twelve regular trains will be used in transporting the militiamen.

Orders will be issued today by Adj. Gen. Guy E. Logan for the movement of the troops. As each train arrives in Des Moines the companies will detrain and march to Second and Grand avenue where they will board special trains over the interurban for the last lap of the trip to the camp.

Waukon Company Late.

With the exception of Company I, Fifty-third regiment, located at Waukon, the troops will be in camp early in the afternoon. The Waukon company will not arrive at camp until 8 p. m.

The first special train to arrive in Des Moines will be over the Rock Island. It will leave Davenport at 6:30 a. m., and reach this city at 11:40 a. m. On it will be companies from Davenport, Muscatine, Grinnell, Iowa City and the hospital corps from Iowa City.

Third on Rock Island.

The Rock Island will bring in the third special at 12:20 p. m. This train will be the combination of three special trains which will unite in one at Iowa Falls. The Illinois Central will operate a special leaving Dubuque at 5 a. m., and reaching Iowa Falls at 9:15 o'clock. The same road will start a train from Waterloo at 7:45 a. m., which will reach Iowa Falls at 9:15 o'clock. The Rock Island will bring the troops from Iowa Falls to Des Moines. APPLICATION FOR INCREASE OF BOND

County Attorney Wants Bond of Alleged Robbers of Inman's Store Increased.

An application for an increase of bond under which three colored men, Benjamin Pyles, Conway Armstrong, and William Bailey are held while awaiting action of the grand jury, has been filed in the superior court. These are the three men charged with the robbery of the Inman grocery store. The bond at the time the cases first came up was set at \$500. Since the men have been bound over new evidence has been produced which makes the presumption of their conviction great, according to the application. It is further stated that the crime of which the men are charged calls for a sentence of not less than twenty years and that under the circumstances the bond of \$500 is wholly inadequate. The court is asked to increase the bond to \$1,500.

All friends of Miss O'Hara and Miss Porter both in the association and out of it are very cordially invited to the reception. OPEN-AIR MEETING HELD AT RAND PARK

At 3 o'clock Sunday, Last of the Series Arranged for July.

The last of the series of open air meetings arranged for July, under the auspices of the Young Men's Christian Association was held at Rand park at 3 o'clock Sunday afternoon. While the gathering was not the largest of the series, it proved very successful and there was a good attendance of interested hearers.

The meeting was presided over by Mr. H. C. Brown, president of the Young Men's Christian Association. L. H. Knapp led the singing.

The interesting, instructive and inspiring address was given by Rev. Frank Beardsley, pastor of the First Congregational church, the subject being "Saved by Grace," and was a powerful handling of a familiar topic—old yet always new.

Rev. Beardsley presented the good ideas, outlined in the new testament in an original and interesting way that kept close attention and led the congregation along with well chosen words formed into eloquent and graphic sentences which were forced upon the mind and thought of those who heard in a way that they will not soon be forgotten.

Everybody present showed glad signs of being well pleased with the strong and very helpful address.

In case it is concluded to arrange other meetings or a series for August, such determination will be duly announced in ample time by The Gate City. Up to this time the matter of future meetings had not been seriously discussed.

The remaining automobile cases, of which there are a number, will be disposed of tomorrow when the defendants have been ordered to appear in court.

William Williams, a negro, entered a plea of guilty to the charge of vagrancy filed against him, and was sentenced to thirty days imprisonment in the county jail. Applications for transfers to the district court were today made in the case of State vs. J. A. Wheatley, James Simons and certain gambling devices, and in the case of State vs. Wilbur Johnson and certain intoxicating liquors.

MEDIATORS WILL NOT TELL ANYTHING

Ban of Secrecy Placed on Negotiations in Effort to Prevent Railway Strike.

[United Press Leased Wire Service.] CHICAGO, July 27.—The ban of secrecy was placed on negotiations conducted by federal mediators today in an effort to prevent a great strike that would paralyze the western railroads and neither the mediators or representatives of the railroads or the employees would give any indication as to how the situation stood this afternoon.

The mediators met the committee of general managers at a protracted forenoon session and conferred with the employees' committee this afternoon. The fact that negotiations continued this afternoon when practically hopeless Saturday night, indicate the managers are disposed to grant some concession that will lead employees to accept arbitration by a federal board.

Free Silver Up Again.

[United Press Leased Wire Service.] WASHINGTON, July 27.—Tacked on to a bill providing for the coinage next year of twenty-five cent pieces commemorating the completion of the Panama canal and a hundred years of peace, introduced today by Senator Thomas was a provision which would bring up the ancient question of "free silver."

The bill which was referred to the banking and currency committee fixes the ratio of gold and silver at 22 to 1 instead of Bryan's famous 16 to 1.

Auto Went Over Bank.

[United Press Leased Wire Service.] INDIANAPOLIS, Ind., July 27.—Harry L. Crawford, 32, foreman for the Pace Construction company, was killed today when his automobile slid over an embankment and turned over on the Fall Creek pike. John White, 40, was seriously injured.

SERVIA'S REPLY FULL OF DISHONESTY

Austrian Foreign Office Gives Out Statement Regarding the Ultimatum.

[United Press Leased Wire Service.] VIENNA, July 27.—Declaring the Serbian government is prepared in great measure to comply with her demands, the Austrian government today issued a statement outlining its view of the Belgrade government's reply to the ultimatum delivered last week.

"Serbia's note is filled with the spirit of dishonesty," the foreign office declares, "clearly indicating that the Serbian government is not seriously determined to put an end to the culpable tolerance it hitherto has extended to intrigues against the Austro-Hungarian monarchy."

"The note contains such far reaching reservations and limitations that the concession made become insignificant. The statement points out particularly that the right of Austrian authorities to join towards arresting accomplices in the plot to assassinate Arch-Duke Ferdinand on Serbian soil has been denied. The request that measures be taken against the press hostile to the dual monarchy was also rejected, while the demand that associations declared dissolved and prevented from operating under another name, was not even considered, the statement declares."

The foreign office regards the demands made upon Serbia as representing the measures necessary to guarantee permanent peace with Serbia and the Belgrade reply was therefore rejected as unsatisfactory. The statement declared that the Serbian government itself indicated that it realized the reply was not satisfactory as mobilization of the army was ordered three hours before the note was delivered and the reply concluded with a proposal for arbitration.

Hunger Strike is Off.

NEW YORK, July 27.—Becky Edelson's hunger strike is off. The sometimes fiery I. W. W. agitator and anarchist called it off herself when the work house doctor took two soft boiled eggs to her cell early today. The doctor didn't have to do any forcible feeding. Becky devoured the eggs ravenously. She called for more—for "Becky" normally is a healthy young woman—but taking her word that she had been without food for three or four days, the doctors made her go easy at the start.

There is much wailing and gnashing of teeth around anarchist headquarters today. "Becky" had promised to become a "martyr" and starve herself to death if necessary to get her release from the work house and because she didn't do it, the anarchist leaders are downcast.

Occupation Postponed.

[United Press Leased Wire Service.] LONDON, July 27.—Although official announcement was lacking, it was generally understood in diplomatic circles that Austria would delay any movement toward the occupation of Belgrade until tomorrow so that Germany and the other powers may have ample time in their efforts to localize the war. Only assurances from Russia that the czar's government will keep hands off are awaited to satisfy the other powers. All indications point to Russia's refusal to give such assurances.

Harrison Willing to Resign.

[United Press Leased Wire Service.] WASHINGTON, July 27.—President Fairfax Harrison, of the Southern Railway, today told the senate subcommittee investigating the charges of B. L. Dulaney that the Southern discriminates against important coal operators, that if the charges were true, he would resign.

"Dulaney is suffering from a delusion of persecution," said Harrison, declaring that the voting trust of the Southern railway had been dissolved at his request and that for years previous it had "sunk into innocuous desuetude." Judge Elbert Gary, of steel trust fame, had been urged for the Southern board by Harrison himself, he told the commission.

Foreigners Are Excited.

[United Press Leased Wire Service.] INDIANAPOLIS, Ind., July 27.—The foreign colony is torn with excitement caused by reports from the Austro-Serbian difficulty. Geo. Wise, an Austrian, died today from stab wounds inflicted by Tom Dorak, his countryman, who wielded a long bladed hunting knife. They quarreled over the war. There are 500 Servians here and many Austrians, but no clashes between the two colonies have yet resulted.

[United Press Leased Wire Service.] CHICAGO, July 27.—Twenty-seven suits against six railroads for alleged violations of the law providing that cattle be fed and watered every twenty-eight hours in transit, were filed

New York Stock Letter.

[Copyright 1914 by the New York Evening Post.]

NEW YORK, July 27.—With Austria's apparent rejection of Serbia's proposal of submission appearing in this morning's news, side by side with the collision at Dublin, between the home rulers and the troops, a crash on Europe's stock exchanges was a foregone conclusion, but our own market's opening was awaited with the deepest interest. New York sustained the shock in a way which conclusively proved the strength and soundness of the American position. Our market had to withstand not only the reflex action of the panic as an influence of sentiment but it had to take up about 60,000 shares of our stocks thrown out by Europe and to provide in a hurry, \$7,000,000 more export gold, for which London and Paris were today bidding such abnormal rates as utterly demoralized the sterling market. Yet prices opened here with a decline so slight as to start them 1 to 2 points above the early quotations for the very same stocks at London. Under the subsequent pressure of direct sales for European accounts, prices fell back a point or more, with larger decline in some shares; but the afternoon was marked by a steady and strong recovery with most of the day's loss regained before the close.

The day was one which the European stock exchanges will long remember. London which usually would have been the mainstay for the rest of Europe, was hit between wind and water by the bloodshed at Dublin—possibly the very worst conceivable circumstances so far as regards English politics and Irish disorder, under which the first real clash in the home rule struggle so recklessly invited by Sir Edward Carson and Lord Roberts, could have happened. Consols fell 2 1/2 points, yet the London market was unshaken by the European market. Our own foreign exchange market, as might have been expected, was thoroughly demoralized. Soon after the opening 4:20 p. m. advanced to the exceptionally high figure 4.90. Later on some transactions were reported to have been put through at even a higher rate.
