MAN KILLED MAY HAVE SHOT CHIEF

Officers Here Are Working on Theory That Dead Polack Was Wanted for Assault on Galesburg Officer.

DESCRIPTIONS SIMILAR

Arrival of Chicagoan is Expected to Aid in Clearing up This Angle to the Case.

Was Kazimierz Legien, the Polack who was killed on the Santa Fe day before yesterday near Argyle, the man who was wanted at Galesburg, Ill., for the shooting of the chief of police there some time ago? Officers here today are working on the theory that the dead man was the one who was wanted in Illinois for this charge.

Coroner Korschgen stated this afternoon that he had turned this matter over to Sheriff Crimmins, and that he would look after this phase of the case. A man is expected from Chicago soon, and it is hoped to be able to identify the man exactly.

According to statements made today by the officers, the description of the dead man tallies with that of the man who was wanted for taking a shot at Chief Hinman at Galesburg. Photographs were used in making comparison and it is possible that the identity may be established.

The coroner does not know when an inquest will be held. He said he had not yet established the fact as to whether Legien was killed in the manner in which it is generally supposed he was, or whether he was thrown off the train or met death in some such manner.

No witnesses to the accident have yet been found, it was stated, and an investigation is being made.

It is expected that further developments in the case may result, especially if the dead man can be identified positively as Hinman's assailant.

SPENCER WILL HANG FRIDAY

Chicago Murderer Will Die at Wheaton—Governor Dunn Refuses Plea.

[United Press Leased Wire Service.] CHICAGO, Ill., July 29.—Governor Dunne today refused the final plea made on behalf of Henry Spencer, and the convicted murderer of Mrs. Mildred Allison-Rexroat will hang at Wheaton, Illinois, Friday morning. An attempt to disprove Spencer's confession that he was the murderer by use of finger-prints evidence was made by Spencer's attorneys today. The governor said that even with the finger-prints and Spencer's own confession eliminated from the record, the evidence still pointed to him as the guilty man.

CLAIMS LAW IS NOT COMPLIED WITH

Council's Attention is Called to Chapter in Ordinance and Asked to Change Schedule.

Protest against street improvement assessment was filed today by Joseph E. Burrows, with the city council. The protest is against the schedule for assessing improvements on North Seventeenth street, claiming it does not comply with law. It is claimed by the petitioner to the city council that the schedule shows that the assessment was levied against this property 68 by 140 feet. It is claimed that the assessments should be levied in compliance with chapter 76 of the thirty-fifth general assembly which provides for assessments of property to 300 feet from the improvement. This would provide for assessment of adjoining property, according to this law.

Germany May Mobilize Troops.

BERLIN, July 29.—Mobilization orders will be issued by Germany within twenty-four hours unless Russia ceases her military activity.

This was the statement of a high government official to the United Press this evening.

With reports of large detachments of Russian troops massing on the German frontier, the general staff and members of the war party brought great pressure to bear upon the kaiser to impress upon him the disadvantage at which Germany would be placed if the mobilization of Russian troops should be continued while Germany was virtually idle.

This stand taken by the kaiser in connection with his efforts to avert general European war is regarded as a virtual ultimatum setting a definite limit within which the czar must make his final reply.

Warships Begin Shelling.

LONDON, July 29.—Dispatches received from St. Petersburg this afternoon declare that official word has reached the Russian capital from Belgrade of the shelling of the Serbian position by Austrian warships and the blowing up of the bridge over the Save river by the Serbians.

Gompers Talks.

[United Press Leased Wire Service.] WASHINGTON, July 29.—War with its supposed pomp and heroism is inaugurated by Austrian royalty to divert the people's attention from their employment, ills and their course to remedy these ills, Samuel Gompers, president of the American Federation of Labor declared today. The impression is abroad that the kaiser's negotiations with the czar have failed. The foreign office over which an air of optimism has prevailed throughout the day, has taken on a serious aspect. Under secretaries and attaches are being held at their desks and all German officialdom is at work tonight. It was admitted frankly in official circles that a crisis has been reached and that the situation is becoming more desperate hourly.

From the air of expectancy at the foreign office it is believed that Russia's definite reply has been received and is being withheld or else that the German embassy at St. Petersburg has forecasted an unfavorable answer.

Germany-Russia Break Expected.

[United Press Leased Wire Service.] BERLIN, July 29.—From the highest source it is learned here this evening that a break between Germany and Russia is impending. The impression is abroad that the kaiser's negotiations with the czar have failed. The foreign office over which an air of optimism has prevailed throughout the day, has taken on a serious aspect. Under secretaries and attaches are being held at their desks and all German officialdom is at work tonight. It was admitted frankly in official circles that a crisis has been reached and that the situation is becoming more desperate hourly.

Hoboes Die in Wreck.

Daily Stock Letter.

[Copyright, 1914, by the New York Evening Post.] NEW YORK, July 29.—On Europe's financial markets, the tension grew distinctly worse this morning, British consols falling 3/4 points further, the Dutch bank rate rising and stock exchanges closing their doors in Amsterdam, St. Petersburg and various smaller cities of Europe and Canada. Europe also continued to throw stocks on the New York market and its excited scrambling for exchange on Wall street sent rates up to the almost unheard of price of \$5 to the pound sterling, with \$4,500,000 more gold taken. Our own stock market opened in some cases 1 and 2 points lower, under the repelling of European sales; then repelling its equilibrium and regained its initial losses, hesitated for an hour and at length in the afternoon turned upward with a violence which carried prices before the close 1 to 2 points above yesterday's last quotations. It ended unquestionably strong. The later recovery of the day was partly ascribed to vague reports of peaceable declarations about to be made by the German and Austrian governments. What happened was the breaking of the spell of one of the most remarkable panics in our time, and which has not given way to its influence at any time in the six days since Thursday's Austrian ultimatum, was naturally the one market where the change in the situation was first and most reflected.

Rate Rerearing.

[United Press Leased Wire Service.] WASHINGTON, July 29.—The interstate commerce commission today granted a rehearing of the case involving tap line allowances to the Washington Western railway on lumber and shingles shipments from the state of Washington to Minnesota, Illinois, Indiana and other states.

Y. W. C. A. NOTES

Girls' Council.

The girls' council held its regular meeting last night at 8:00 o'clock. Beside the usual reports and business two communications were read. Miss Grace Strickler's resignation as president and Miss Meta Kummer's as vice president, were the contents. Miss Kummer was given a six months leave of absence from the council and Miss Strickler's resignation to take place after the first week in September was accepted with real regret. These two resignations came as a heavy blow to the council, and no action was considered for filling the vacancies. It was voted to postpone the August meeting to the first week in September when Miss Dinsdale will meet for the first time with them.

Lawn Social.

The girls of Miss Laura Alton's camp fire will give another of their popular lawn socials on the Devero lawn, at 927 High, next Friday night. Miss Eva Kunzman will represent this camp fire and the council at Geneva.

Trial Ends Today.

[United Press Leased Wire Service.] NEW HAVEN, Conn., July 29.—Mrs. Bessie Wakefield, on trial on a charge of killing her husband, probably will know her fate by tonight. The defense began its closing argument today and it was expected the case would go to the jury late this afternoon. Mrs. Wakefield broke down when she was testifying in her own behalf. She admitted that James Flew, who has been hanged for the murder that he had killed Wakefield. She said there was no plot, however.

HOPE FOR ADJUSTMENT.

BERLIN, July 29.—At 8:30 tonight an unofficial statement was made to the correspondent at the foreign office in which they were advised against over-emphasizing the gravity of the situation. While it was admitted that the possibilities of diplomacy had been virtually exhausted it was pointed out that Russia's reply had not been received and that the possibility of satisfactory adjustment still remained.

Declares Rates Unreasonable.

[United Press Leased Wire Service.] WASHINGTON, July 29.—Certain commodity rates on products of California and British Columbia to Nashville, Tenn., were declared unreasonable by the interstate commerce commission today. Reparation was awarded.

Oil Plant Burns.

[United Press Leased Wire Service.] BAKERSFIELD, Calif., July 29.—Lake View Oil treating plant No. 2, near Maricopa, was destroyed by fire today. Three hundred thousand barrels of oil were consumed. The loss is estimated at \$250,000.

Boy Killed in Cave.

Bernard Brietors, Jr., was killed.

Papers More Hopeful.

[United Press Leased Wire Service.] LONDON, July 29.—Late edition of the evening papers voice a much more optimistic tone. The impression prevails about the foreign office that the kaiser's personal negotiations with Czar Nicholas would better the situation. Special dispatches from St. Petersburg were characterized by a more hopeful tone.

Hoboes Die in Wreck.

VALPARISO, Ind., July 29.—Four hoboes are believed dead under the wreckage of eleven freight cars which were derailed on the Nickle Plate road at Wheeler, Indian, today.
