DAM CITY MOOSE SCORE BIG HIT

Showing Made by Local Men at Milwaukee is Something for Local People to be Proud of.

BUILT UNIQUE FLOAT

Touring Car is Transformed With Aid of Moose Head Banner and Flowers.

C. H. Griffith, one of the representatives from Keokuk Moosedom, who attended the big convention at Milwaukee, returned home today. He reports that Keokuk made a big hit with its float in the parade, and that on all sides the Keokuk delegation was welcomed. Everybody seemed to know all about Keokuk and the dam, according to the reports which Mr. Griffith brings back.

The nine from Keokuk who took part in the big Moose parade, made a great hit with the unique float which they repaired and decorated. A large touring car was chartered, and this was decorated with a huge moose head and with flowers. The occupants of the car were dressed in red uniforms. A banner painted in a fashion to attract the attention of all, bore the legend, "From the Dam City."

As the Keokuk car passed along the Milwaukee streets it was greeted with cheers, and people ran out into the street to shake hands with the occupants or to cheer the car as it passed. Everyone seemed to know that the Dam City and Keokuk were synonymous, and gave the local men a big ovation at all points of the route.

Mr. Griffith reports the convention was a successful one, and that the visitors were royally taken care of by the Milwaukee people. There was an enormous gathering at this national convocation and the convention was a most important one from the point of results.

ANXIOUS TO GO BACK HOME

Thousands of Foreigners in This Country will Swarm Into the Seaports.

[United Press Leased Wire Service.]
 NEW YORK, July 31.—New York may be flooded shortly by thousands of would be fighters, unable to join their country's reservist corps. It was estimated today that if France and England would follow Germany's example and hold big liners which are included in their navy reserve lists in port here, there would be no way in which the thousands who are now pouring into New York can get back home.
 One thousand men, eager for war, had registered at the German consulate up to 2 o'clock today. More have telegraphed and written they are enroute here. All are members of the German reserve corps.
 At the Serbian and Austrian consulates several thousand reservists have already reported.
 No effort has yet been made to arrange for return of these men to their native lands. The Hague convention prohibits enlisting of men in one country for service in another but an attempt might be made to send the men back "visitine" and enroll them as soldiers after leaving the shores of the United States.

THE DEAD POLACK'S RELATIVES FOUND

But After the Conclusion of the Inquest will be Very Likely Buried Here.

A letter was received by Sheriff Crimmins this forenoon from Chas. E. Bowen, chief of police of East Chicago in reference to the body of the man whose body was found near the railroad track near Argyle a few days ago. From Officer Bowen it is learned that the name of the man is Kazimierz Legion who before leaving East Chicago boarded with Leon Szala, 4840 Northcote avenue. He left there about five months ago. He has some cousins there at 5901 Magoun avenue, who decline to have anything to do with the body. He also has a half brother John Legten there and he also profanely refused any aid in the matter. The chief adds that the dead man has a brother some place in California on a farm.
 The chief's letter concludes: "Would advise that you bury him in the 'Potter's field'."
 The advice of Chief Bowen will very likely be taken and the body find burial here.

GERMAN SHIPS ARE HELD UP

Four Big Lines Told to Await Orders and May be Requisitioned.

[United Press Leased Wire Service.]
 NEW YORK, July 31.—With four great trans-Atlantic liners now held in various ports because of the European war crisis, all German lines today faced the possibility of having their giant passenger carrying vessels requisitioned by the government.
 The liners Imperator and Vaterland the two largest passenger carrying ships in the world will be held in port until further orders are received. The Vaterland is in New York and the Imperator at Hamburg. The sailing of the Princess Luise and the Amerika, the latter now in Boston, has also been cancelled.
 The directors of the Hamburg-American line here had a hurried conference today following the receipt of cablegrams from Germany. The officials are obviously greatly concerned. At the conclusion of the conference the following statement was issued: "In view of uncertainty of present European conditions, it has been decided to postpone sailing of the steamship Vaterland from New York Saturday

TO OPEN BIDS ON GARFIELD TOMORROW

Estimates for Building Second New School House Will be Tabulated as Soon as Possible.

Estimates for the construction of the new Garfield school will be opened tomorrow by the building committee of the school board. The bids promise to show some surprises in the amounts for which the work will be done, owing to the exceedingly keen competition which has characterized the bidding. The allotment of the board for this building at the time of the bond issue vote was \$50,000. It is being freely predicted that the successful bid will be several thousand below this amount.
