

Weils 20 Per Cent Discount Clearing Sale of Fine Clothes

WITH such goods as we sell, a clearing sale means something to you, something worth while. It isn't simply that you have a chance at this season of the year to buy clothes for less money than they are worth, but you have an opportunity to buy unusually good clothes.

Weil clothes, including those made by Hart Schaffner & Marx, are always a good bargain; there's no special reason why we should even sell these clothes at less than regular prices; they're always worth the money. But we have to buy for each season a certain margin of surplus; you'd think it a queer clothing store that was sold up clean at the end of a season.
