

Whitey Hensling Sold to Cedar Rapids

BLOWS AND BOOTS GIVE ANSONS WIN

Indians Lose Thirteenth Straight Game to Marshalltown Yesterday by Score of 7 to 5.

MAUL IS NOT MAILED

Visiting Pitcher Keeps Tribe's Blows Well Scattered—Riley and Welsh Losing Hurlers.

A little bunch of runs off Riley, a few more off Welsh, and the Ansons took the thirteenth straight game Keokuk has lost within the last two weeks. The score was 7 to 5. The loss of this game was not wholly due to the two pitchers. The eight men behind them gave them ragged support and fell down in the pinches where they might have brought across a few more runs.

Riley was Sweet's mound choice for the day with Marshall doing the receiving. Harry worked on first, again sending Tommy Giffin to right field. Although Riley was lacking in control, his work might have been far worse. With better support three of the five runs made off him in five innings could have been cut off. Welsh, who finished the game, was responsible for one of the two runs made during his administration.

Maul held the tribe safe until the fifth inning. Three hits, a walk, and three errors were made up into four runs by the tribe. Dail led the session away with a stroll. McGee singled, as did Sweet, the latter scoring Dail. Wetzel was safe when Burgwald muffed his roller and both Sweet and McGee came home. Sweet suffered Riley to strike out for himself, although he removed him from the game at the opening of the next round. Hensling singled, reaching third when Jude allowed the ball to bounce through him, and Wetzel scored. Addington whiffed and Giffin rolled out.

Our other run was made in the next inning when Marshall started off with a triple that lit near the right field foul line and rolled toward the fence. He scored on McGee's infield out to short. The run tied up the score for a while. The Ansons took the lead in the next two innings and the tribe tried hard to come back but without success. They worked two men on in the ninth and McCollough was rushed in to bat for Welsh. Mack failed.

The visitors scored in five different innings. Their first run, made in the third, was counted without a hit. Riley walked two, one runner reaching third on an infield out. A double steal from first and third was worked successfully, Addington muffed the ball at the critical moment. Three more were added in the next period. Seibert beat out a bunt, Andreen hit to Riley who failed to get Seibert at second. Maul and Jude singled, Giffin allowing Jude's hit to go through him for two bases and both Andreen and Maul scored.

Gave Him A New Stomach

"There are thousands of sufferers from stomach and liver troubles whom I wish I could meet and tell what Chamberlain's Stomach and Liver Tablets would do for them," writes H. M. Young, proprietor of the Sun, Lake View, Ohio. "One bottle of the tablets would end the trouble for most of them. I suffered intensely after eating and never felt well, and no treatment or medicine I tried ever seemed to do me any good until reading an advertisement for Chamberlain's Tablets in my own paper. I tried a bottle. The first few doses gave me surprising relief, and the second bottle seemed to give me a new stomach health. I didn't think anything would give me such a complete cure. They are wonderful."

HENSLING SOLD TO BUNNIES FOR \$400

Directors Meet Last Night to Approve the Deal Made With Hill by President Baker.

HAS HILL SOLD HIM?

Generally Believed Hill Already Has Deal on For Hensling's Sale to a Higher League.

The sale of Arthur (Whitey) Hensling to Cedar Rapids was ratified at a meeting of the directors of the baseball association held last evening. Hensling is to be delivered to the Bunnies tomorrow. The sale price was \$400 and one player, Trumpe, in exchange. Trumpe, an infielder, was expected to arrive here today.

Negotiations for the sale were opened several days ago by Belden Hill, manager of the Cedar Rapids club. It is understood that at the time President Baker agreed to the sale under these terms but when he informed other directors of the arrangement it met with quite a bit of opposition, the other directors refusing to ratify the deal.

Directors Approved Sale. Three of the directors, Secretary Overton, President Baker and Frank Belt, were present at the meeting last night. President Baker stated that it was necessary to sell Hensling in order to raise enough money to meet the pay roll tomorrow. With the money from the sale of Hensling, enough can be raised for this purpose and the club can be retained here until the close of the season. Without this money, President Baker stated that there was not enough money in sight to pay the players their salaries and it is almost impossible to raise any more money at present through subscriptions, he believed it was absolutely necessary to complete the deal at once.

It is believed that Hill already has made arrangements to sell Hensling. It is known that he recommended the player very strongly to several major league scouts. It is practically a certainty that Hensling will be drafted if he is not sold before the close of the season, and it is believed that if Hill had not already arranged a sale for the player he would not have purchased him from the local club at this time of the year.

Hensling Valuable Man. Hensling is one of the most popular players on the local team as well as one of the best infielders in the league. His batting during the season averaged around .350 or higher until an injury to his hand, during July, caused him to go for three weeks without making but a very few hits. He finished the month of July with a total average of .309 of the year. Since then his hand has healed and he has been hitting the ball around the .350 mark again.

He probably is the fastest base runner in the association. For two months he lead the league in number of stolen bases and at the close of July had 40 pilfered sacks to his credit. In this department of the game, he was, at that time, second to but one man in the league, McCauley, whom Waterloo has sold to Pittsburgh, having 41, one more stolen base. At present Hensling is leading McCauley, having swiped several more bases than the Waterloo man since recovring his batting strength. Hensling's biggest weakness is in his fielding of ground balls. He has had quite a bit of trouble with the rollers all season, although he has improved wonderfully in this respect since being shifted to third base from short, where he played the first two months.

Native of California. Whitey was brought here by ex-Manager Abbott from Los Angeles, California. Whitey is a native son of the state that has the "finest climate in the world." Hensling started in baseball as a pitcher and worked as high as the Southern association while a slabster. His arm went back on him and he was sent to the discard. Then Abbott got hold of him and gave him a job on his San Diego club in the newly organized Southern California league. Hensling played at various places here and learned how to work on the infield. He also picked up on his batting which always had been good.

Near the end of the season, and a short time before the league broke up the management of the San Diego club was turned over to Hensling. This spring when Abbott secured his berth as leader of the Indians, Hensling was one of the first men to be sent a contract by the deposed boss of the tribe. He made good on the

UNCLE SAM HAS LITTLE CHANGE

Davis Tennis Trophy Likely to Skid Across the Pacific as Result of Today's Matches.

BROKE EVEN YESTERDAY

McLoughlin Defeated Brookes, First Set of Match Going 32 Games, a Championship Record.

[By Hal Sheridan, written for the United Press.] NEW YORK, Aug. 14.—A certain little piece of silverware, known in tennis circles as the Dwight F. Davis cup, is shaking on its base today and threatening to skid across the Pacific to the Antipodes.

Whether the American defenders of the international tennis trophy are to repulse the challenging Australasians may be practically decided this afternoon when the doubles match is played. If Norman E. Brookes and Anthony F. Wilding defeat Maurice McLoughlin and Thos. Bundy, the cup will be clinging to these shores by a mighty slender thread. Uncle Sam will be well toward another international wallowing and only the most unexpected turn of affairs in finals singles matches Saturday will keep the cup here.

The matches now stand even up, McLoughlin defeated Brookes yesterday the first set of their match going to 32 games, a record for championship tennis. The Australasians had started with a victory when Wilding beat Williams. Despite the fifty-fifty split, however, the invaders look much the best. Brookes was tired and worn after his grueling play with McLoughlin. But should Brookes recover completely Williams will not have a look in against him Saturday if the American displays the same form he showed against Wilding. The New Zealander won without extending himself. Wilding started off like a flash, but the spark soon flickered out and he was extremely wild.

The doubles have been practically conceded to the Australasians, but Brookes was nursed along in the American camp today in the belief that Brookes might not be at his best because of the tough fight with McLoughlin yesterday. The Californian has the advantage of youth and should be fresher. Wilding will be just as fresh as Bundy, however, as his victory over Williams cost little effort as he is beyond any doubt far superior to McLoughlin's playing partner.

A victory in the doubles for the Americans today will put the task of holding the cup squarely upon the shoulders of McLoughlin in the singles with Wilding Saturday. The big Australasian is now at his top form and the national champion has a man sized job on hand. Defeat for the Americans will mean that they must win both singles Saturday to repel the invasion. Such play against the class of Brookes and Wilding is next to impossible unless the terrific playing yesterday put Brookes far back in his game and Williams makes a remarkable recovery.

jump, both in his playing and with the fans.

Fans Regret His Sale. Hensling is quiet, both on and off the field. He is in the game every minute and his work with the stick has turned many a defeat into a victory for the locals this year. Pitchers in this league say that Whitey hasn't a single batting weakness they have been able to discover. He rarely strikes at a bad ball and once he gets on base he is a nightmare to opposing pitchers and catchers. Fans here will regret to see him go, but he is sure to land much higher next year and a berth with a major league club is expected for him by his friends in this city.

SLATTERY RECALLED BY WESTERN LEAGUE

Anson's Premier Pitcher Injured Hand and Was Sent Back to Des Moines by Richards.

MARSHALLTOWN, Iowa, Aug. 14.—"Phil" Slattery, premier pitcher of the Ansons, is no longer with that club. Slattery had been farmed by Des Moines to Marshalltown. A few days ago he injured his thumb. The injury will keep him out of the game for the remainder of the season. As Marshalltown's optional agreement does not expire until August 15, Slattery was turned back to the Des Moines club, and Des Moines refunded the \$100 paid for Slattery by Marshalltown. Slattery will not be able to pitch this season.

Walter Johnson

25 years old, has been in the game since 1903. Known as the pitching staff of the Washington Club. Selected by a committee of Newspaper men as the best pitcher in American or National League. He and Mathewson are reported the highest salaried pitchers in the game. One of the peculiar things connected with Johnson is that, although he is one of the most famous men in the baseball world today, his parents, who live in Coffeyville, Kans., have never seen their son in action.

TEARNEY OFFERS BERTH TO ISLAND

President of Three-Eye League Dickering With Rock Island to Put Franchise There.

GETS A COLD RECEPTION

Islanders Would Hold Out Until Next Year in Hope of Getting in the Central Association.

ROCK ISLAND, Ill., Aug. 14.—Judging by the tenor of a telegram received in Rock Island yesterday from President Al Tearney another Three-Eye league town is about to abandon its franchise. The telegram came to C. J. Smith, police magistrate, and asked if he could state whether there were enough Rock Island men prepared immediately to assume responsibility for a Three-Eye franchise, leaving the inference that the head of the league had a team on his hands that was without a home for the remainder of the season. Mr. Smith in his reply asked for more information—what town was dropping out, the financial condition of the team, etc.

Evidently Tearney has not given up hope of bringing Rock Island back into the Three-Eye fold, but it is not likely that this will be accomplished while he is president of the league. Rock Island fans would never support a team in an organization over which Tearney exercised executive authority. The people here have had enough of Tearneyism. With a different man at the head of the Three-Eye a team in that circuit doubtless would be warmly received and generously patronized here.

Rock Island fans for a few days last month showed how they will turn out for baseball under proper auspices, giving a fine attendance at every game played on the local grounds by Central association teams, the Ottumwa franchise traveling under the name of Rock Island until Tearney got a favorable ruling on his contention that the city was Three-Eye territory. With this law modified by the national association, which is probable, it is likely the Central association will have a franchise to offer Rock Island next season.

At any rate, Rock Island is almost certain to have professional baseball in 1915.

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.—Advertisement.
