**MRS. HIGHAM DIED LAST NIGHT**

Was One of the Oldest Residents of County and a Pioneer of the City of Keokuk.

**IN EIGHTY-FOURTH YEAR**

Passed Peacefully Away at the Family Home at 11:20 O'clock Last Night From Old Age.

Another of the pioneers of this city has gone to her reward, the death of Mrs. Annie Pitney Higham being announced last night at 11:20 o'clock. The venerable old mother passed away at the family home No. 1709 Franklin street, the result of her advanced years, she being near 84 years of age, having been born September 30, 1830.

For many years Mrs. Higham had been a well known and respected citizen of Keokuk and had formed a large circle of friends who will be grieved to hear of her death.

She is survived by three children: George, William and Miss Annie Higham.

**HORSE DROPS DEAD AT DONNELSON FAIR**

Fort Madison Racer Succumbs—Keokuk Man is Arrested at Grounds—Wanted for Larceny.

Fort Madison Democrat: Banner Leaf, the bay stallion owned by F. H. Mehmert of Fort Madison, dropped dead Friday afternoon after winning the second heat of the 2:14 pacing race at the county fair at Donnellson, Iowa. The horse had been third in the first heat and in the second he showed his heels to the field, the Fort Madison crowd cheering him loudly.

After winning the race his driver began slowing him down gradually at the turn of the track and it was here that Banner Leaf fell. Assistants hurriedly ran to the animal and he was dragged to his stall where medical attention was given him, but it was fruitless. It is thought that a bursted blood vessel caused the death of the horse, caused by the violent exertion in winning this heat. The horse was very old also and this may have been indirectly the cause of his sudden expiration.

Acting Marshal Grover Bullard of Donnellson brought to Fort Madison late Friday afternoon a young fellow who, it is said, lives in Keokuk and incarcerated him in the local jail to serve seven days, after having been found guilty of larceny on the fair grounds. He gave his name as Clarence Westfield.

**LATEST MARKET QUOTATIONS**

United Press Association Telegraph Market Report Over Gate City Leased Wire.

**Weekly Grain Review.**  
CHICAGO, Aug. 15.—There was a bull movement Monday. The following day decline set in and prices moved steadily downward, culminating in a plunge of about three cents in wheat today.

Corn had a variable experience this week. Feeling was general that Argentine surplus will be brought to this country because European markets are closed and this surplus will go a long way toward lowering prices here. Consequently the close today found September 1 1/2 below last week's closing price and December showing a loss of 4 cents.

Oats moved in a comparatively narrow range all week, keeping tab on the movement in corn but refusing to participate in the sharp slump on other grains today.

The close found prices only 1/2 to 3/4 lower than last week's close. Pork lost \$1.10 during the week on account of heavier hog receipts at the stock yards and lower hog prices. Lard and short ribs made more moderate declines of 20 to 50 cents for the same reason.

**MONROE DOCTRINE IS SAVING US**

Only Thing Which Keeps United States Out of the War, So Roosevelt Says.

[United Press Leased Wire Service.]  
HARTFORD, Conn., Aug. 15.—But for the strict maintenance of the Monroe doctrine, the United States would probably have been drawn into the general European war, Colonel Roosevelt declared here tonight before the Connecticut progressive state convention.

The colonel discussed the European war at length, drawing upon the developments leading up to the conflict in support of his argument against the arbitration treaties now pending in congress. Africa, south of the equator is now being drawn into the European war although without any interest in it, the colonel declared. "We would have been drawn in the same way but for the observance of the great principle of the Monroe doctrine that this continent shall not be treated as a place for territorial aggrandizement by old world powers."

The colonel declared he believed the adoption of pending arbitration treaties would be inimical to the United States if they had any effect at all. He declared that under the treaties, if as a result of the war now in progress, Denmark or Holland should part with its islands in the West Indies to some old world power, the United States would be bound to arbitrate. A commission would have to be appointed to investigate before action could be taken. The same would hold true if Mexico at some time should part with Magdalena bay, he declared.

"Within a fortnight," said Colonel Roosevelt, "we have had fresh proof of the utter worthlessness of treaties, of names signed to pieces of paper,

unless backed by force of power or interest demands of violation.

"These proposed arbitration treaties of ours would not be worth the paper on which they were written if it became to the interest of any great military power to violate them; if it thought it could violate them with impunity.

"We would have bound ourselves in such cases, as I have illustrated, to wait a year while a joint commission pursued its weary course of investigation and during that time an old world military power if it desired to retain its new possessions could make a Gibraltar of one of our West Indian islands, or of Magdalena bay or any other point of territory which is acquired. It could then defy us to turn it out save at the cost of a war which might be as dreadful as any now raging."

**MODERN METHODS OF ADVERTISING**

England Calls for Volunteers by Means of Publicity in Newspapers.

[United Press Leased Wire Service.]  
LONDON, Aug. 15.—England is adopting modern advertising methods to rally men to her standards for the war. A double column advertisement appearing in the newspapers under the arms of Great Britain was prepared by an expert ad writer. It is set in American style and nothing like it has ever appeared in a London newspaper. The ad is headed: "Your king and your country need you." This is set in 24 point black face type and the remainder paragraphed in short sentences. In black face type, reads: "Will you answer your country's call? Each day is fraught with the gravest possibilities and at this very moment the empire is on the brink of the greatest war in the history of the world.

"If every patriotic young man answers her call, England and her empire will emerge stronger and more united than ever.

"If you are unmarried and between 18 and 30 years old, will you answer your country's call? And go to the nearest recruiter—whose address you can get at any postoffice, and "Join the army today!"
