

# School But One Week Away

**"WHAT every mother knows" probably includes a realization of the fact that "boys are hard on their clothes."**

**And knowing that she wants clothes sold by someone who is aware of the same facts.**

**This store is aware of those facts—you can see it in every boys suit we sell—you can see it in the woolens, the tailoring, the reinforcing, the taped seams—in every feature.**

**Boys' clothes as we sell them are a mixture of style, wear and value in the proper proportion—no one feature has been over-emphasized to the detriment of any other quality.**

**Put our boys' clothes through the hardest sort of a service test—they'll come through with flying colors.**

**Fall displays are ready—and waiting for you.**

## Fine Fall and Winter Fabrics

**Attractive indeed, are the Fabrics, Designs and Styles of men's and young men's clothes for the autumn and winter of 1914.**

**We are ready for fall business with the greatest display of high class fabrics that has ever been heretofore displayed by us.**

**The man of good clothes judgment knows there is a big difference in clothes and tailoring.**

**Our garments represent real tailoring made in Keokuk and not sent away and made in factories.**

—Join us on steamer "W. W." Monday night at 8:15 p. m. Fare only 35c for gentlemen, 25c for ladies.

—Fort Madison Gem City: William Marmon, hailing from Revere, Mo., was struck by C. S. & Q. passenger train No. 10, last evening about 8 o'clock at a point nearly opposite the Santa Fe grain elevator in the west end. He sustained one bad cut nearly seven inches long on his left hip. The wound was an ugly one reaching nearly to the bone. Other injuries were minor body bruises, a wrenched back and sprained shoulder.

—Mrs. Cortes Maxwell's piano pupils' fall term opens September 9, 713 High.

—Attorney E. W. McManus has removed his offices into the Masonic building, rooms 215-215. Phone 571.

—Fort Madison Democrat: The value of the city's new chemical auto truck as a reducer of fire waste was nicely demonstrated at about 8:30 o'clock when the regular department was called to the residence of Mr. and Mrs. B. A. Green, 510 Fourth street, to extinguish an obstinate fire. The blaze was in a rear bedroom upstairs, the cause not being positively known although it is probable that a curtain or something else, caught by the breeze through the open window caused ignition from a gas jet. In an extraordinarily short time the room was as an oven. The chemical hose line was stretched and effective work by the firemen succeeded in confining the fire to the one room and an adjacent bathroom.

# WAR

## Its Effect On the Prices Of Dry Goods

Our customers may rest assured that the war now raging will have little or no effect on our prices this season.

This does not mean that prices have not gone up, because everything imported has sharply advanced, but we have been fortunate in having placed large orders early on such goods as are largely imported—Dress Goods, Silks, Table linens, Napkins, Laces, etc.

Our stock now is very complete, by far the largest and best assorted stock we have ever had on our shelves, but, of course, every week will reduce the quantity of the most desirable goods, and as it will be impossible to duplicate to any great extent the articles mentioned above, we advise our customers to make early selections.

We shall always have goods to sell, for there is nothing we sell that cannot be made in this country. If imports were entirely cut off, we still would be selling Dress Goods, Silks, Linens, Laces, etc. But it will take some time for the American manufacturers to reach the same degree of perfection as that of their foreign competitors, especially on such goods as require perfect dyeing.

Buy now. Anticipate your future wants, for we know that if this war continues for any great length of time all imported goods will practically be out of the market.
