Tennis Tournament Matches to be Started as Soon as Court Can be Placed in Shape.

The drawings in the Y. M. C. A. tennis tournament were made today. In order to make the pairings even it will be necessary for some of the entrants to remain out of the first round of play. These men will be matched with winners in the opening rounds. The tournament will begin as soon as the courts can be placed in condition for play. No definite time for the matches will be arranged by the committee in charge, but this can be settled by the contestants matched against each other and the matches played off at their convenience. However, it is the desire of the committee that the matches be played as soon as possible.

The matches for the opening round of play follow: McGaw and Ebersole, Hulson and N. Kiedalsch, S. C. Moore and Hollingsworth, J. J. Crimmins and H. T. Orsborn, Cephas Harrison and Jack Weess, L. LARCENY CHARGE AGAINST EMERSON

Sentence of Thirty Days is Suspended by Judge—Stole Rug White Intoxicated.

On a charge of larceny, Chas. Emerson, 918 Des Moines, was this morning sentenced to thirty days' imprisonment by Judge McNamara in the superior court. Because of his wife and two small children, who are destitute, the sentence against him was suspended. Emerson, who was arrested at 3 o'clock this morning, was charged with stealing a rug and a blanket, valued at \$5 from Curtis M. Hart. A stolen chicken and some apples were also found in his possession.

Emerson seemed greatly humiliated when arraigned before Judge McNamara. He said that he was under the influence of liquor when he took the goods found in his possession. He stated that he had been in the city for about four years and had been employed in the construction of the dam. This, he said, was the first time he had ever been arrested or in trouble.

Frank Dunlap, charged with vagrancy, was arraigned with Emerson and sentenced to thirty days' imprisonment in the city jail.

FISHERMAN SHOT SELF IN SLEEP

Henry McAdams Near Death at Hospital—Says Wound Over Heart Result of Accident.

TORE FLESH FROM SIDE

Found by Officer LeFerber—Police Think Man May Have Attempted Own Life.

Henry McAdams, 35, a fisherman, is in a serious condition at the St. Joseph's hospital today as a result of a gunshot wound over the heart which McAdams says was accidentally self-inflicted in a shack along the river front between Main street and the bridge at 10 o'clock last night.

His physician Dr. Lee M. Coffey, fears he may not live although it probably will be two or three days before his exact condition can be determined. The wound was inflicted with a shot gun. The charge entering his breast a little to the right of his heart, took a glancing course to the left side, tearing away the flesh from his ribs in a path two or three inches wide. It is feared a stray shot may have entered his lung and will cause his death.

Officer LeFerber who heard the shot, entered the shack and found McAdams, fully dressed, lying on the bed. The gun was resting with the butt on the floor and the barrel against the edge of the bed. The officer called the patrol wagon and McAdams was taken at once to the St. Joseph hospital where Dr. Coffey attended him.

In telling of the accident McAdams said that some men had been stealing fish from his lines and that he had loaded the gun with one shell, intending to fire it over the river in the hope of scaring the men away. He had fallen asleep on the bed and in his sleep accidentally discharged the gun.

The police today were inclined to believe McAdams may have attempted suicide. It is said that two weeks ago he threatened to drown himself in the lake. From the course of the wound in the man's side and the position of the gun when McAdams was found, the theory of suicide is claimed to be substantiated.

McAdams' father and three brothers live in the city. He has a wife and two children living in Chicago. No motive is known for McAdams attempting to take his own life, but it is said he had been drinking just prior to the accident.

PUBLIC SCHOOLS OPEN ON TUESDAY

Superintendent Aldrich is Making Preparations for Start of Year's Work.

William Aldrich, superintendent of the Keokuk public schools, is busy preparing for the opening of school next Tuesday. He looks for an enrollment equal to last year's, but sees no reason for expecting a big increase.

On Monday there will be a general teachers' meeting called at three o'clock in the afternoon. The same afternoon there will also be a session for the principals. On Saturday out-of-town students and those who have irregularities to arrange about will have an opportunity of meeting Dr. Reid.

H. M. McClure, of Kearney, Neb., who will succeed Carl F. Rogers as head of the manual training department, has arrived in the city and is ready to take up his duties. Last year he was connected with the Fort Madison public schools.

The new kindergarten at the Lincoln school will be ready to start with the opening of school. The feature is one appreciated by the people in that school district. The department will be installed in the new wing of the school which is practically completed at the present time.

Mrs. John D. Rubidge who has been in Minnesota, Minn., for some time, has returned to Keokuk. She was accompanied here by Mrs. Johnson Heywood and Miss Anne Heywood.

Joseph Rees of Memphis, Mo., one of the old-timers of Keokuk, looking as natural as life, however, is in the city on a pleasant visit with relatives and old friends. He is a brother of William and Robert Rees of this city and of Thomas Rees of the Springfield, Ill. State Register.

Dr. and Mrs. E. B. Newcomb and son Theodore spent Sunday in Chicago, where Mrs. Newcomb will visit for a week or ten days longer. Dr. Newcomb will return to Keokuk within a few days.

BILL WHITTAKER LEAVES INDIANS

Veteran Pitcher on Staff of Local Club, Goes to New York State League.

HAS HAD GOOD YEAR

Contract Contained Non-Reserve Clause—Whittaker Always Popular With Central Association Fans.

"Bill" Whittaker, veteran pitcher on the Indian staff, will leave the team during the middle of the week for Utica, N. Y., where he will join the club of that city in the New York State league, it was announced by President M. F. Baker today.

Whittaker's contract contained a non-reserve clause, he refusing to sign any other kind of a contract last spring. Under this contract he could not be forced to remain until the end of the season which closes Monday. The local club, of course, will get no money for him under these conditions.

An Indian for Two Years. Whittaker has been with the club for two years and has been one of the mainstays of the hurling staff during this time. He has been more successful this year than any other pitcher on the club.

Although Whittaker is a good pitcher in a league of the classification of the Central association, it is doubtful if he could have been sold. At the close of the season here last fall he was sent to Lincoln club of the Western league under an optional agreement, but was returned to Keokuk at the end of the western league season. Had he made good last year his sale price was to have been \$400.

Once in American Association. Whittaker has been as high as the American association. He was with the Indianapolis and Louisville clubs for a time in that league. He also played with several different clubs in the Central league. His career on the diamond has also seen him in several other minor leagues.

"Bill" has the reputation of being the fastest pitcher in the Central association. He has picked up about all the tricks of the profession and has set several records in this league. Last year he created somewhat of a sensation among local fans when he pitched in a double header at Waterloo for twenty-one consecutive innings without being scored against. He has always been popular with local fans who hope to see him go higher.

Little Money in Treasury.

President Baker stated today that there remains but 34 cents in the coffers of the local club. However, as the team is on the road the rest of the season it is believed that it will not be necessary to call on the fans for any more money. The club's share in the receipts of the Labor day games, which are pooled, should amount to enough to enable the Indians to finish the season with a clean slate.

It is still too early to tell what the attitude of the fans will be toward baseball for next year. At the far end of the season interest in the game always relaxes and it is not until late in the winter that thoughts of making preparations for next year come up. As has always been the rule in the past, many fans believe Keokuk should drop out of the game for a couple of years.

A summary of the nurses' report is as follows: Number of patients under care during the month, 72; number of visits made, 244. Two patients died during the month, thirty-five were dismissed as cured or improved. There were three maternity cases during the month.
