

**KLAXON**  
The Man Ahead—

whether he be driving a team, another car or on foot—is entitled to an adequate, a FAIR warning of the approach of every motor car. The Klaxon provides such a warning. It is heard above the noise of hoof-beats and the rattle of wagons—above engine and gear noises of other cars. It gives the driver ahead ample time to make way long before he is overtaken. The use of the Klaxon is even more necessary in the city than in the country. Its impelling note penetrates the noise of traffic no matter how loud. It is at once understood as meaning danger. Instant action is the result. In an emergency it alone can meet the situation.

Klaxon \$35; Klaxonet \$20; Klaxet \$12; Hand Klaxon \$10. Klaxons, Klaxonets, Klaxets and Hand Klaxons are sold by OVERLAND GARAGE, J. S. BULLOCK, OWNER AND MGR., 1016 Main St., Keokuk, Phone 882.

**BOOM BELDEN FOR LEAGUE PRESIDENT**

Manager of Bunnies Touted for the Job Held by M. E. Justice—Last Year as Manager?

**STARTED BY WATERLOO**

Waterloo Directors Start Campaign for Pa Hill at Meeting in Clinton Wednesday.

CEDAR RAPIDS, Iowa, Sept. 18.—Regardless of all other matters brought up yesterday in the league meeting held at Clinton, the one of most importance to the circuit was one which was not mentioned in the meeting of the directors, but which was more discussed outside the meeting room than all other topics combined.

This burning issue was a boom started by A. E. Willford of Waterloo, to put Belden Hill at the head of the league at the annual election which will be held in Waterloo, January 6. From the manner in which the suggestion was received by the directors it appears that the movement will be a genuine boom, and not a boomerang. The movement was started without the knowledge of Mr. Hill, and so far as is known, he has not been approached in the matter. Certain it is that he has done no electioneering and from what is known of him it is safe to state that Belden will not do any campaigning for the position, and will probably assume a "thumbs down" attitude toward the movement.

Move Started Months Ago. The movement was conceived many months ago, when Belden Hill announced, at the time he accepted the management of the Cedar Rapids 1913 club, that this would positively be his last year in active baseball. When that announcement was made the Waterloo baseball people started a gum-shoe campaign for Hill for president, which they since have pushed quietly and which was brought to a tentative head yesterday when representatives of each city present at the meeting were approached and pledged to back Hill for the league leadership.

That Belden Hill is the most logical man for the presidency of the Central association was quickly acknowledged by every league director who pledged his vote yesterday. The fact that Keokuk will probably be out of the league next year should make the league a more northern aggregation and the necessity of having the president located in one of the northern cities was one of the points in favor of Mr. Hill. The only drawback to the "Hill for President" movement, so far as it appears to local baseball people is that such an election would rob Cedar Rapids people of any possibility of having Belden Hill for manager again next year and would necessitate obtaining a new pilot for the 1913 Bunnies. However, this argument is purely a selfish one on the part of Cedar Rapids people, who, it is thought would waive their claims to Hill as a manager, in order to give the league the man best qualified for president.

**Gave Him A New Stomach**

"There are thousands of sufferers from stomach and liver troubles whom I wish I could meet and tell what Chamberlain's Stomach and Liver Tablets would do for them," writes H. M. Youngpeters, editor of the Sun, Lake View, Ohio. "One bottle of the tablets would end the trouble for most of them. I suffered intensely after eating and never felt well, and no treatment or medicine I tried ever seemed to do me any good until reading an advertisement for Chamberlain's Tablets in my own paper. I tried a bottle. The first few doses gave me surprising relief, and the second bottle seemed to give me a new stomach and perfect good health. I didn't think anything would give me such a complete cure. They are wonderful."

**THREE CITIES LEFT IN WOMEN'S TOURNEY**

Golf Championship Cup will Go to Either Chicago, Philadelphia or Boston.

[United Press Leased Wire Service.] GLENCOVE, L. I., Sept. 18.—The Coxie trophy, emblematic of the woman's national golf championship will go to either Chicago, Philadelphia or Boston. Players from all other cities have been eliminated from the tournament semi-finals which will be played today.

The four remaining players are Mrs. H. Arnold Jackson, Boston, Mrs. C. H. Vanderbeck and Mrs. R. S. Barlow of Philadelphia and Miss E. V. Rosenthal, Chicago. The defeat of Miss Lillian B. Hyde, New York champion, by Mrs. Marlow was the surprise of yesterday. The margin was narrow—the match being decided by one hole.

**GIANTS TO MEET CUBS TOMORROW**

Braves Getting on Nerves of Giants When They Fail to Exploit As Was Expected.

**CHALLENGE IS IGNORED**

President Tener Says Federal League Challenge for World Series Will Not Be Considered.

[By Hal Sheridan, written for the United Press.] NEW YORK, Sept. 18.—Another afternoon with the Reds and the Giants will have the Cubs on their hands at the polo grounds to distract their attention from the watchful waiting for reports of an explosion in Boston indicating that the Braves have scattered themselves over the landscape.

The McGrawites have now won two games in a row from the Reds, which adds nothing to their glory, but has prevented the Braves from adding anything to their lead while they have been tearing into the Cardinals. Had the Giants cared to spend the entire afternoon on the field they might merely have stood at the plate and Douglas, the Red pitcher, would have passed them all around and won the game for them himself. He had a very hazy idea of the exact location of the plate and gave eight bases on balls and hit one man. The Giants scored three runs in one inning without making a hit. It was no great effort for Matty to hold the Reds at bay and the Giants were not extended enough to show whether they have the spirit now necessary, willing up in their systems.

**James Against Cards.**  
Stalling has James to send against the Cardinals today, which means the Braves are likely to make a clean sweep of the St. Louis series. Fromme or O'Toole will likely be sent against the Reds by McGraw and Jeff Tesreau will then be ready for the Cubs tomorrow. The consistent winning of the Braves has gotten on the nerves of the New York gang and the harder they watch for the cracking and the break, the farther it seems away. If the Giants hold on, the hand-to-hand struggle between the contenders on the polo grounds starting Sept. 20 will be the real determining factor of the race.

**How Feds are Ignored.**  
President Tener of the National league said the challenge of the Federals would be regarded just as the Federal league has been—as if it never existed. This includes such measures as hiking salaries to unheard of heights, secret drafts, elimination of the ten day clause from some contracts and a few other little matters.

By beating Brooklyn when Ed. Reulbach blew up with a loud bang the Cubs again moved into third place, three and one-half games behind the Giants. The Phillies advanced over the Pirates into fifth place by taking a double bill. Society note for the Braves—or Giants: Eddie Plank was knocked out of the box in two innings by the Detroit Tigers. Young Pennock relieved him, however, silenced the Tiger artillery, and the Athletics batted out a victory.

**BOYLE DENIES RUMOR; ANDREWS IS RETAINED**

Button Cutters Boss Denies He Has Signed for Next Year—Dr. Andrews Signed Up.

Manager Frank Boyle, who led the Muscatine Buttonmakers during the past Central association pennant race, was in this city for a short time early today, stopping over here enroute from Minnesota to Muscatine, says a Cedar Rapids paper.

When asked today regarding the rumor which has gained wide circulation to the effect that he would not again manage the Muskies, Mr. Boyle stated that this statement is entirely false, as nothing has been done regarding his next year's work. Muscatine has asked for first chance at his services but has taken no action. Mr. Boyle also stated that he has received two offers from cities in this league and two offers from outside clubs of the management for next year, one of the latter pair of offers having come from a Class A club.

When told of the movement set on foot yesterday at the Central association meeting in Clinton, to bring the salaries paid in this league down to the limit, Mr. Boyle stated that he is heartily in accord with any such

**Andrews Signed Again.**  
Following the appearance of a dispatch in Chicago papers stating that Manager Jay Andrews would not pilot the Blue Jays in 1915, Waterloo people have entered a hearty denial to the report, stating that Andrews was signed last Monday night, to manage the club next year and that he had been given a substantial, unsolicited increase in salary.

**DEY TOWNS LEAD C. A. ATTENDANCE**

Marshalltown Dryest Town, Has the Highest Per Capita Attendance of 3.36 Says Scribe.

MARSHALLTOWN, Iowa, Sept. 18.—At the beginning of the baseball season some predicted that the dry towns would furnish the big attendance at the ball games. The figures are now in and it appears that Waterloo, a dry town, stands first in attendance and second in population, while Marshalltown, infinitely drier than Waterloo, comes third in attendance while it ranks last of the eight in population. Cedar Rapids, first in population, and wet, takes second place in attendance.

The four dry towns, Waterloo, Marshalltown, Muscatine and Ottumwa, rolled up a total attendance of 163,072, with a combined population of 73,245, whereas the four wet towns of Cedar Rapids, Burlington, Clinton and Keokuk, with 96,712 population, sent 137,523 to the ball games this summer. Reduced to a per capita comparison, the ball attendance of the dry towns was 2.14 per capita while for the wet towns it was only 1.42 per capita. Marshalltown, the driest of them all had the highest per capita attendance of 3.36. Whereas, Burlington, wet, was the lowest with 3 per capita.

The attendance and population comparison is as follows:

Attendance	Town	Pop.
70,572	Waterloo	26,693
61,523	Cedar Rapids	32,811
45,000	Marshalltown	13,374
32,500	Muscatine	16,178
30,000	Clinton	25,577
22,000	Burlington	24,324
20,000	Ottumwa	22,000
18,000	Keokuk	14,000
