**Smart Clothes Needn't Be Gay**  
If you prefer conservative dress don't fight shy of this store through fear that "smart" clothes means "gay" clothes.  
"Smartness" in clothes means skillful artistic designing, followed by tailoring that will carry out the artist's design—and keep the garment in shape. "Smartness" means correctness, individuality, dignity, proper style—and Wells clothes means smartness.  
Wells Hand-made Smart Clothes are made from quiet patterns over conservative models, for men of quiet tastes; and of more lively patterns over dashing models for young fellows—of any age—who want clothes that are different.  
That Wells Hand-made Smart Clothes are the best values is easily proven by comparing with others, the suits and overcoats we sell at
