ROYAL NEIGHBORS HOLD DISTRICT CONVENTION HERE

Delegates From Many Cities Are Attending the Very Interesting Meetings.

SUPREME OFFICERS HERE

Convention Will be Brought to a Close With Banquet Following the Session This Evening.

The convention of the first congressional district of the Royal Neighbors of America opened here this morning with representatives present from all camps in the district.

The morning session was devoted to an informal reception of the visiting delegates, the registration, and the address of welcome. The afternoon was taken up by the business session while degree work occupied the evening.

This morning delegates from all camps had arrived. They represent the following cities: Burlington, Hillsboro, New London, Fort Madison, Montrose, Wever, Keosauqua, Alexandria, Mo., and Warsaw, Ill. From Burlington and Fort Madison are two delegates, there being two camps in each of those places.

Morning Session. At 10 o'clock this morning the informal reception opened at the M. W. A. hall. Following the enrollment, the convention was called to order by Mrs. Mary E. Nixon, district deputy, of Clinton. Mrs. Irene Bentley, of Waverly, state supervising deputy, led the convention in prayer. An instrumental solo by Mrs. Georgia Dobb preceded the introduction of the supreme officers. The supreme officers present were: Mrs. Anna M. Bair, of Webster City, chairman of the supreme board of managers; Mrs. Irene Bentley, of Waverly, state supervisor; Mrs. Mary E. Nixon, of Clinton, district deputy, and Mrs. Ada M. Carlson, M. D., supreme recorder. This

was followed by the address of welcome by Mrs. Anna M. Dolan.

Address of Welcome. Mrs. Dolan's address of welcome follows: Supreme officers and Royal Neighbors: The duty falling on me as oracle of the Eureka camp at the present time is new and novel to me. It is my first attempt to address an assembly of this size and it is with some hesitation that I make the attempt, realizing that if I can not make a pleasing address I can make what happens when the blacksmith thrusts a hot iron in water—a fizzle.

It is a great privilege as well as a great honor for me to extend to Royal Neighbor visitors a royal welcome. We will be pleased to entertain you and I assure you the Royal Neighbors of Keokuk are pleased to see you in our midst. We want you to enjoy yourselves and we will do everything to make your stay a pleasant one, so that when this convention ends you will go back to your homes with pleasant memories and the thought that Keokuk is really and truly the Gate City of Iowa. Again on behalf of Eureka camp I bid you welcome, supreme officers and Royal Neighbors.

The response was made by Mrs. Anna M. Bair, of Webster City, chairman of the supreme board of managers. A vocal solo by Mrs. Harry Linstrub, accompanied by Mrs. Marder, ended the morning session.

The Afternoon Session. At noon the visitors took luncheon at the Y. W. C. A., returning to the convention hall shortly after 1:00 o'clock. The afternoon session was opened at 1:30 by Mrs. Mary E. Nixon. After a short musical program the business session was opened, the latter occupying the greater part of the afternoon. The election of officers, and the selection of the next place of meeting were important matters taken up late in the afternoon. The reports of various committees and other routine business was disposed of during the afternoon session. Unity camp, number 287, of Fort Madison, gave the exemplification of the ballot.

The evening session will open at 7:30 and will be occupied by the exemplification of degree work. The exemplification of work and the adoption of a class of 85 candidates will be put on by the Berry camp, of Alexandria, Mo. An exhibition drill will be given, also, by the Acorn camp, of Warsaw, Ill. An elaborate banquet for the visitors and local members will be served in the convention hall at the close of the meeting this evening.

W. M. Moore has purchased a patent right to construct a combined coffin or burial casket and vault, made and composed of clay, heavily reinforced with 3/4 inch wire screen made of 1-16 inch wire, out of Talcum clay of very fine texture. It is said this clay when burned in our kilns, is as hard as a brick. The glazing is done by our special process similar to potters glazing and will last forever. By the design, water is forever excluded, as the casket is alike both outside and inside, and can never deteriorate when hemmatically sealed and placed under ground. This makes a nice way to put away the dead and only requires the ordinary care of the old way. This casket is not easily

broken, having a heavy screen reinforcement. The sides and ends are 1 1/2 inches thick. This screen wire reinforcement is in the center of sides, ends and bottom, and is excluded from sight. This is, on account of its cheapness, the poor people's benefactor, as these can be produced at a low cost, and will be the best mode of interment yet thought of. Hereafter all further plans and specifications to be submitted prior to patent at the office of W. M. Moore. This factory is going to start in the near future, making these caskets. Our high school football team goes to Canton, Mo., Saturday to play the fast team of that place. Success to you, boys. The Wabash passenger train that arrived at 10:50 in the forenoon, came very near having a severe accident Wednesday. While coming in, only requires the ordinary care of the old way. VINOL DID ME A WORLD OF GOOD

Woman Seventy-Five Years Old Exhausted by Effects of Grippe, Restored to Strength by Vinol.

Canton, Miss.—'I am seventy-five years old, and I contracted a severe cold and cough due to a case of LaGrippe, so that I lost my strength and became very weak and feeble. Vinol was recommended to me and after taking it for some time, I can truly say it has done me a world of good. The cold is gone, and my cough is practically cured and it has built up my strength, so I feel active and well again. I think a lot of Vinol, and tell all my friends about what it has done for me.'—Mrs. LIZZIE BALDWIN, Canton, Miss.

Old people may regain much of their former strength and vigor by taking Vinol, our delicious cod liver and iron tonic, on which so many elderly people depend for good health. Vinol sharpens the appetite, aids digestion, enriches the blood and in this natural manner creates strength.

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added. McGrath Bros. Drug Co., Keokuk, Ia.

Ayres & Chapman Jewelers—Silversmiths—Diamond Importers THE NATIONALLY ADVERTISED STORE

All nationally advertised goods peculiar to the jewelry and silverware business are sold through the Ayres & Chapman store because all nationally advertised products are of the highest quality consistent with the prices asked, else they could not survive the light of million dollar advertising campaigns.

Advertising is the most desirable of all guarantees from your point of view because the profits to be derived from nationally advertised goods are necessarily small and depend entirely upon your good will. The loss to an advertiser who failed to make good his guarantees would amount almost to the sum total of his investment in business. Many nationally advertised products are sold exclusively through the Ayres & Chapman store in Keokuk.

McCaffrey of Keokuk, Iowa. The marriage was performed by Rev. Newcomb at the home of the groom.

D. A. R.'s Elect Officers. The election of officers will be held this afternoon at the final business session. The present state regent Mrs. Mary H. S. Johnston, probably will be returned to her office, and although Mrs. Collier is not seeking reelection as vice regent, she probably will be given that honor. Mrs. H. S. Howell of Des Moines, yesterday signified her intention of nominating Mrs. Collier. Convention gossip has it that one of the present officers may withdraw in favor of a candidate from Cedar Rapids, Mrs. Jennie I. Berry, regent of Ashley chapter, but whether this will happen cannot be verified at this time.

CASCARETS KEEP BOWELS REGULAR AND CURE COLDS

No headache, sour stomach, bad cold or constipation by morning.

Get a 10-cent box. Colds—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets tonight and you will wake up with a clear head and no doubt you will wonder what became of your cold. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.

DEATH AT BURLINGTON OF MRS. HANNAH YISER

One of the Most Prominent of the Old Colored Families of Keokuk—Remains to be Brought Here.

Mrs. Hannah Yiser, wife of Abraham Yiser, old and well known colored resident of Keokuk, died at the home of her daughter at Burlington, this morning. Mrs. Yiser had been in bad health for some time and was taken to the home of her daughter in Burlington, with the hope that the change and the tender and watchful care of the daughter would bring about an improvement in her physical condition and result in her restoration to usual health, but these hopes were broken by her unexpected death which caused a shock to her relatives, and friends in Burlington, and to her extended circle of relatives and friends in Keokuk when the news reached Keokuk today. Mrs. Yiser was a prominent member of the Pilgrim's Rest Baptist church. The remains will be brought to Keokuk for funeral and burial and are expected to arrive here Sunday. The arrangements for the funeral had not been made.

Mrs. Charles A. Jenkins who has been away several weeks visiting in northwestern Arkansas, has returned to Keokuk.
