A Toast.
Here's to thee and thy folks
From me and my folks;
Sure there never were folks
Since folks were folks,
Ever loved any folks
Half as much as me and my folks
Love thee and thy folks."

It is easily explained: The "Right" Models; the "Right" Prices at the "Right" time tells the tale in a few words.

You read the St. Louis, Chicago and New York papers and found a different story, didn't you? You found that Lowitz had the new things right along from start to finish and sold them and swept the city with his garments.
