Warsaw is rich in children, if in nothing else, and it is to be hoped the city will pay this part of her resources due attention. The bullet entered the palm between the little finger and the third finger, passing upward toward the base of the thumb and emerged about the center of the hollow of the palm. No bones broken or splintered; fortunately, a flesh wound pure and simple and which is yielding to treatment nicely.

AMUSEMENTS.

At the Orpheum.
Today's bill at the Orpheum theatre is a Friday bargain day. The great drama, "Redemption," a masterpiece in which William Shay and Violet Mersereau are the leading stars, will be presented. This great picture is full of intense thrills and emotions, equal, if not superior, to anything ever shown in this city. Other features of the bill include "The Motor Bug," a comedy full of laughs. That ends the regular bill such as is presented at all shows. But in addition to that will be shown the "Round Up," with Indian Joe and Texas Buck, who took part in the big cowboy celebration, to entertain you. Indian Joe will give a lecture, telling of the conditions in the west before the railroads entered that country. The pictures show groups of the 2,000 cowboys and cowgirls who took part in the celebration. Don't fail to see it.—Advertisement.

The Russian Symphony Orchestra.
A program can make or unmake a concert. Well chosen, it can make even mediocre enjoyable. Badly chosen, it will come near making the best thing unendurable. That is the reason the Music club is rejoicing over the well balanced program received from New York yesterday, which the Russian Symphony orchestra will play here Monday night. It is admirably chosen to suit all tastes. It is neither too heavy for the average music-lover nor too light for the more critical musician.

It includes the "Dance of the Fairy Dolls" by the Russian, Tchaikowsky; the beautiful variations on the "Legend Theme" for the stringed in-

Help the Stomach Digest Your Food

When the stomach fails to digest and distribute that which is eaten, the bowels become clogged with a mass of waste and refuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.

Most people naturally object to the drastic cathartic and purgative agents that shock the system. A mild, gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not gripe or cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial bottle write to Dr. W. B. struments alone; the Dance of the Hours" from the opera "La Gioconda"; the stately "Pilgrim's Chorus" from "Tannhauser"; the beautiful prelude to the opera of "Haensel and Gretel," while the symphony is the wonderful B-minor "Pathetique" of Tchaikowsky.

The programs are analytical. Each number has explanatory notes that carefully read, will add much to the enjoyment of the hearer.

Those who care to read them before the concert may obtain them at Piggett's music store. A perusal is sure to add much to the enjoyment of the evening. Separate seats as well as course tickets are on sale now. Reserve seats at the Grand.—Advertisement.

At the Hippodrome.
On Friday and Saturday two big shows will be given at the Hippodrome theatre for the price of one admission. Dave Newman's Cabaret Girls will present "Fun in a Department Store," and "A Night on a New York Roof Garden." These two big shows will be given at each performance for the one price of admission. They are shows that have won immense approval in every city in which they have been seen. The best singing and dancing and plenty of fun to entertain you. Dave Newman, himself, is directing the shows. Sunday "The Girl from Luxemburg," another big hit, will be presented.—Advertisement.

TRACTION ENGINE BLOWN TO BITS

Machine Being Used to Dig Well at West Point, Goes to Pieces Suddenly.

Fort Madison Gem City: Yesterday afternoon, while John Trowbridge of West Point was operating his traction engine, which was being used to dig a well, the machine suddenly broke loose in a spasm, and blew itself to bits. Only meagre details of the accident could be learned in this city today, but it is known that the owner, John Trowbridge, was in the machine at the time that it sent itself up in the air. Trowbridge was thrown many feet by the force of the explosion, but although stunned by the suddenness of the whole affair and slightly hurt, nothing serious resulted to the man. His escape from death is nothing short of miraculous, as the traction engine today is a complete ruin, having committed suicide in the most thorough manner possible. What caused the machine of labor and peace to convert itself into an instrument of death and an infernal creation is not known.

Although Mr. Trowbridge is minus his traction engine, which to be sure will never dig any more wells, he can indeed be thankful that he still has his life and entirety of body.

Stock Train Wrecked.
[United Press Leased Wire Service.] GRANITE CITY, Ill., Oct. 30.—J. B. Travis, a stockman of Sherman, Ill., was killed and his body partially burned, and V. R. Leonard of Des Moines, Iowa, was injured, probably fatally, early today when a Chicago and Alton passenger train from Chicago to Alton, struck the rear end of a stock train

Suffered Twenty-One Years— Finally Found Relief

Having suffered for twenty-one years with a pain in my side, I finally have found relief in Dr. Kilmer's Swamp-Root. Injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day I was so sick that I gave up hopes of living. A friend advised me to try your Swamp-Root and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours,

MRS. JOSEPH CONSTANCE, Rapides Par. Echo, La. Personally appeared before me, this 15th day of July, 1911, Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact. WM. MORROW, Notary Public.

Banker is Arrested.

[United Press Leased Wire Service.] NEWTON, Iowa, Oct. 30.—Word reached here today that President Lou Sherman of the Sully, Iowa, bank has been arrested at Calexico, Calif., and will be brought back here to answer to an indictment charging him with fraudulent banking. Sherman and his brother ran the Sully bank until a year ago when it got into difficulties. Creditors claim that they exchanged \$100,000 worth of stock in a California manseum for \$33,000 in notes and that the stock was worth only a small amount.

Killed Himself.

[United Press Leased Wire Service.] SPRINGFIELD, Ill., Oct. 30.—Despondent because he had been unable to secure satisfactory employment since he lost the position of secretary of the state board of prison industries with the change of administration two years ago, Charles E. Church, of this city, shot himself through the temple this morning in the bath room at his home here, and died instantly.
Church was 55 years old. He was formerly parole officer at the Joliet state prison.

Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia, use cough medicines that contain opium, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. GERMANIZED TURKEY TAKING A HAND

though she had hoped to keep her as a reserve to be called on late in the winter or early next spring.
The Turkish ambassador, Farah-dine Bey, to Russia, was still at his post here today. He is anxiously awaiting instructions from his home government and says he has only the barest of unfortified cities along the Black sea to guide him. He expressed the deepest regret over the developments and made it plain that he had expected that Turkey would remain neutral.

The Russian government, while taking steps to protect its own territory, makes it plain that the danger is far greater to England than to Russia. The former's control of Egypt and her direct communications with India will be threatened. On the other hand the Russian Black Sea fleet is far superior to the entire Turkish navy.
No formal declaration of war has yet been received and up to the present Russia has refrained from declaring war on Turkey, it being felt that even yet, Turkey might decide to repudiate some actions of her naval commanders.

[United-Press Leased Wire Service.] CHICAGO, Oct. 30.—All foreign news was on the side of buyers in the wheat pit today, the most important bull factor being the Turkish entrance into the war. Prices advanced sharply at the start and the market held the early gain. At noon December wheat was 2½ and May 2½ above last night's close.
Unfavorable crop news from Argentina and reports of heavy export sales, boosted corn prices today and at noon the market showed an advance of ¼ to ½ cent over last night's closing figures. There was strong demand for oats on account of the bulge in wheat, prices going ½ higher for each month. Provisions were higher but eased off toward noon.
