"See how easy this is?"

"No stooping while baking. No need for me to break my back leaning over."

"I can always see what I am doing and how fast my oven is baking."

COLE'S High Oven Range

"When it comes to convenience, economy of fuel, and space, this range is a perfect wonder. It is two stoves in one—a combined heater and range."

"It cooks our meals and heats our rooms on less fuel than any other range in the market."

"Think of it—burns either soft coal, slack or lignite. They are all cheap fuels and the coal that cooks our supper will keep our rooms warm all night."

"What more could we ask?"

Burlington Gazette, Nov. 2: Miss Mabel Andressen of Keokuk is spending a few days in the city with friends.

CITY NEWS.

—Thanksgiving day next. —A few flies left, but not enough to keep up the screen doors.

—St. Mary's Fall Festival and market Wed. & Thurs. Afternoon and eve. —If you are looking for the best in canned goods, you are looking for Hamill's "Palm Brand."

—There are no two things just alike. There are no canned fruits and vegetables just like "Palm Brand."

—The Hubinger Co. cereal plant, which has been temporarily closed down for repair, will resume operations again tomorrow.

—The Wishefs, who owned the majestic, expect to begin work to raise the boat, provided the stage of the river remains favorable.

—Our trade mark is easy to remember, the quality you cannot forget, the price is reasonable for "Palm Brand" pure food products.

—Election returns will be late. Usually it is afternoon Wednesday before definite results are known. The Gate City will get reports as soon as possible.

—Everybody wants the best pure food products, and that is why they insist on receiving Hamill's "Palm Brand."

—Everybody who has an automobile, has been out the past few days, treating friends to a ride. It is a grand thing to be able to take out some who are otherwise compelled to walk.

—Protect yourselves from inferior canned food products by insisting on your grocer supplying you with "Palm Brand."

—Outlook is improving for Keokuk. The cereal plant will resume operations tomorrow, the new smelting plant will give employment to a number of men and the European war will create a demand for United States products. May be several months before the improvement is felt generally, but it is coming.

—Regular meeting Loyal Order of Moose, Keokuk lodge No. 704, tonight at 8 o'clock in Moose hall. Visiting brothers cordially invited. John G. Stadler, dictator. Ed. S. Lofton, secretary.

—B. L. T. in a Line o' Type or Two in the Tribune yesterday had the following on Rupert Hughes: "He squeezed a penny till the eagle screamed."—Rupert Hughes in the Saturday Evening Post. While we do not insist on detail as minute as Arnold Bennett's, every author ought to know what a penny looks like.

—Regular meeting of Morning Star Lodge No. 5, Knights of Pythias, at K. P. hall Tuesday at 8 p. m. Visiting knights invited. N. J. Montague, C. C.; J. A. Burgess, K. of R. & S.

—A local insurance man said yesterday that some companies were cancelling policies on risks that were dirty and dangerous. Fire prevention consists in keeping the premises free from waste and debris that is likely to catch fire and furnish food to spread the blaze. The fire loss in this country is altogether too large. —If everybody wanted nothing but the best, everybody would be using Hamill's "Palm Brand" canned fruits and vegetables.

Unless the proper signature is attached, the communication is not published.

Escape of the Olympic. [United Press Leased Wire Service.] LONDON, Nov. 3.—The White Star liner Olympic, which the admiralty declares escaped destruction by a floating mine simply through "sheer luck," today landed her passengers and mails at Belfast. She had been held at Lough Swilly, County Donegal, pending decision as to where her passengers were to be landed. While there was no communication permitted with the shore, and one passenger, Chas. M. Schwab, was allowed to land, reports have been freely circulated that the Olympic actually fouled a mine, but that it failed to explode.

Medal of Honor. [United Press Leased Wire Service.] WASHINGTON, Nov. 3.—For saving an aged woman from being run down by a train, W. A. Holley, a switchman for the M. K. and T. railroad at Greenville, Texas, has been awarded a medal of honor, the interstate commerce commission announced today. Holley snatched the woman from the front of a speeding train in the nick of time, being struck by the cow catcher.

WHAT will your new Coat or Suit look like after you've worn it awhile?

Two garments may look very much alike when new, but it's the honest workmanship, the stitching and tailoring that cannot be seen, that give permanence and durability not only to the garment itself, but to the graceful lines you admire so much when you first put on your new garment.

Wooltex garments are famous for their perfection of style, for the beauty of the fabrics used, but especially for the superb tailoring which gives them exquisite lines and the unequalled air of refinement which you see in the garments.

And all of this good character and good looks stay with the garments, to return with all its original beauty every time the garment is pressed.

The guarantee insures the purchaser of two seasons of satisfactory wear.
