In anticipation of the coming holidays

## REHMEIER

will give ONE LARGE PHOTO FREE with each dozen photos

SUITABLE FOR FRAMING

Photos finished now may be held for Christmas delivery

Sittings made day or night. Open Saturday nights for sittings, Other evenings by appointments.

SIXTH AND MAIN

## W.M. BLAND

the Up-to-date

## HORSESHOER

is now located at his new place of business, 16 South Tenth street. Nothing but first-class work, and all work guaranteed.

Phone 918

### CITY NEWS.

Haubert's for choice spring chickens for Sunday dinner, 709 Main street. Don't miss Colliers' stationery sale Saturday. Values more than double prices asked. Hamilton Press: Sunday afternoon a beautiful and impressive sight at the bathing beach in this city was the baptizing of twenty-one converts by the minister of the Seventh Day Adventist who closed a protracted meeting in Keokuk last week. The shore was lined with many members of the congregation and the rite of immersion was administered amid prayer and hymns.

### PERSONALS.

Mrs. L. C. Mote and daughter Ruth of Des Moines, Iowa, are visiting at the home of Mrs. C. W. Harley for a few weeks. John W. Fletcher of Washington, Iowa, the coffee king, was in the city yesterday. Mr. and Mrs. Calvin Kelly of Durham, Mo., are visiting Mr. Kelly's sister Mrs. B. R. Lofton. Mr. and Mrs. Frank Halbeck of Kahoka, returned home last evening after a visit in the city.

### Purity Congress.

[United Press Leased Wire Service.] KANSAS CITY, Mo., Nov. 6.—The city flat was blamed by John B. Hammond, of Des Moines, Iowa, as one of the greatest sources of immorality in an address today before the International Purity congress in session here. "Seventy per cent of our people are tenants," said Hammond. "Thirty-five per cent of our families in the city move annually. This constant shifting of residence prohibits long acquaintance among young people through which proper life partners are selected. As a result, marriage is frequently contracted on a guess. The deceptions of one or the other party to the contract are discovered and lead to the divorce courts and too often to immorality. Girls born in the cheaper flats, the tenements, are easy marks for white slavers. Not infrequently a widowed mother, ground down by the tenantry system is forced to sacrifice her own virtue rather than her children."

### How British Behave.

[United Press Leased Wire Service.] LONDON, Oct. 26.—(By mail to New York.)—"If you want to know how our boys are behaving, listen to this," writes a private in the Coldstream Guards. "The other day we were moved to relieve a company of 'blind half hundred' (royal west Kent regiment), who were being pretty badly shelled in their trenches. Quite close to me I found a first class scrap going on between two private who, ignoring the shells, were settling a dispute in the old English manner. And what do you think the row was about? The respective merits of the Ashton Villa and Queens Park ranges football team."

### Marines Land at Beirut.

[United Press Leased Wire Service.] WASHINGTON, Nov. 6.—State and navy department officials were entirely in the dark early today concerning the reported landing of the American marines at Beirut. If this action was taken by the commander of the cruiser North Carolina, lying off Beirut, it was without orders from the navy department, it was stated.

### Only Two Women.

[United Press Leased Wire Service.] DENVER, Colo., Nov. 6.—Of ten women candidates for political positions at the recent election in Colorado, only two were successful. Mrs. Mary C. Bradford was re-elected state superintendent of public instruction and Mrs. Evelyn Hartz was elected to the lower house of the legislature. The next session will be the fifteenth in the history of the state legislature to have a woman member of the lower house. Mrs. Hartz in the house and Mrs. Helen Ring Robinson in the senate, will be the only women legislators during the coming session.

## SOCIETY

Indian Summer. From gold to grey. Our mild, sweet day Of Indian summer fades too soon; But tenderly Above the sea Hangs white and calm, the hunter's moon. In its pale fire The village spire Shows like the zodiac's spectral lance; The painted walls Whereon it falls Transfigured stand in marble trance! —John Greenleaf Whittier.

Were Married Last Night. Thursday evening Mr. Albert Opstelten and Mrs. Cora Gray Judd, in company with Mrs. L. H. Moseley, hied away to the home of Rev. and Mrs. E. LeRoy Steffy, 1103 Bank street, where they were united in marriage by the Rev. Steffy, pastor of the First Methodist Protestant church. The happy couple will be at home at 2116 Exchange street.

St. Mary's Fair Awards. The diamond ring which was the prize at the fair given at St. Mary's hall was won by Miss Gussie LaFeber. The second prize was taken by Miss Clarice Ebner and the third prize went to Miss Maude Hines. Prizes were awarded also to the children, the prize being a cabinet of dishes. The fair was a decided success, and a goodly sum was netted from all of the booths.

For Keokuk Guests. Hamilton Press: Miss Clemence Dadd was hostess to a number of Keokuk friends for one o'clock luncheon Thursday. The guests present were Mrs. Jay Huele, Mrs. Milton Johnson, Mrs. Lester Knapp, Mrs. J. A. Callif and Miss Katherine McManus.

Entertained at Dinner. Mr. and Mrs. A. E. Mattless entertained at a noon dinner today at the Lakeview club. A dinner of five courses was served at a long table, beautifully decorated with autumn leaves and chrysanthemums.

Party Motors to Burlington. Mrs. D. A. Collier, Miss Martha Baldwin, Miss Caroline Baldwin, and Miss Mary Howell motored to Burlington today to an afternoon tea given by Mrs. Cate Gilbert Wells at her home, "Hickory Hill," in honor of guests from Boston.

To Entertain at Dinner. Mr. and Mrs. C. M. Rich will entertain at a dinner on Saturday evening at their home on Orleans avenue.

Bakers Will Give Dinner. Mr. and Mrs. E. Ross Baker will entertain on Saturday evening at a dinner party.

Current Events Club Tonight. Mr. and Mrs. W. C. Howell, 605 Grand avenue, will entertain the Current Events club this evening. Mrs. Howell was elected president of the club at its last meeting and W. J. Fulton elected vice president. The club being an informal one, has only two officers.

Christian Church Society. The ladies of the First Christian church spent today in the parlors of the church sewing for their Christmas bazaar. A noon luncheon was served in the dining room.

Trinity Ladies' Society. The ladies of the Trinity M. E. church were entertained this afternoon at a Kensington in the church parlors. The hostesses who received the guests and served refreshments were Mrs. Grant Scott, Mrs. J. S. Walker, Mrs. Cochrane and Mrs. H. H. Crow.

B. U. Directors Meeting. The Benevolent Union board of directors held their regular monthly meeting this morning in the Birge home, Mrs. D. A. Collier presiding. Mrs. E. E. Hawkes acted as secretary, and the financial report was made by Mrs. H. E. Ratcliffe. Reports of committees.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects. All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath. Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

## BAPTIST LADIES' SOCIETY.

Mrs. R. W. Cruze, 1022 Fulton street, assisted by Mrs. C. A. Wright, entertained the Ladies' society of the First Baptist church today.

## DOORAS SOCIETY MEETING.

The Dooras society of the Christian church held an all day meeting today, serving lunch at noon. The meeting was held in the church parlors.

## FOOT AND MOUTH DISEASE.

[United Press Leased Wire Service.] BOSTON, Nov. 6.—Massachusetts has joined the fast growing list of states in which the dreaded foot and mouth disease has been found. South Attleboro was the first to attract the attention of the authorities and probable cases were brought to light in Amherst and Sunderland. Four cows found infected in Attleboro were purchased out of a herd of twenty-one in Brighton a week ago. This herd was a shipment received at the Brighton stock yards from New York state and the fact that these cattle have been distributed to different localities, increases the uneasiness of the state and federal officials who must cope with the situation in Massachusetts.

## WOMEN CLAIM FRAUD.

[United Press Leased Wire Service.] CHICAGO, Nov. 6.—That an attempt is being made to defeat women's suffrage in Montana by fraud, was charged in a telegram received at the national suffrage campaign headquarters today from Miss Jeannette Rankin, of Butte, president of the Montana suffrage organization. Miss Rankin wired Mrs. Medill McCormick that incomplete returns today show suffrage leading by 2,000 votes. The returns at Anaconda are being held up, Miss Rankin telegraphed, and it is reported that the count there is being "doctored" to insure defeat of woman suffrage in the state.

## EPIDEMIC OF LOCKJAW.

[United Press Leased Wire Service.] WASHINGTON, Nov. 6.—An epidemic of lockjaw has made its appearance among the battling armies of Europe, Surgeon General Blue, of the United States public health service, said today. The allies are buying large quantities of tetanus serum to stop its ravages. The epidemic has attacked the cavalry particularly, said the doctor. This is because horses are susceptible to the disease and carry it, he said. "A few years ago it was almost impossible to have such an epidemic," Dr. Blue said, "but fortunately with the serum which is being purchased in large quantities, it will be possible to check and confine it very successfully."

## HOLY WAR PROCLAIMED.

[United Press Leased Wire Service.] BERLIN, Nov. 6. (Via wireless through Sayville, L. I., to the United Press.)—Advices received by the government today from Constantinople today say that a holy war has been proclaimed by Moslems against Russia, France and England. His highness Essad Effendi, Sheik Ul Islam, ecclesiastical chief of the Moslem faith, has issued a statement to the faithful, declaring that it is the duty of every Moslem to war against the enemies of Turkey. In this connection it is announced that his highness will make a pilgrimage to Mecca immediately. It is expected here that this announcement will result in serious trouble for England and Russia among their Moslem subjects.

## GULFS ARE MINED.

[United Press Leased Wire Service.] WASHINGTON, Nov. 6.—Official notice was given by the Russian government to the state department today that a zone from 58 degrees 50 minutes north latitude to east of the 1st meridian has been mined. Entrance to the Gulf of Riga and Finland and the vicinity of the Aland Islands are also mined.

## PALMER APPOINTS KENDRICK AIDE

Former Pastor of Chatham Square Church Here is Named by Commander-in-Chief G. A. R. for Office.

## HE IS IN LONG BEACH

This is Second Time He Has Been Given National Office, Having Served as Chaplain at Former Time.

The many friends of the Rev. A. V. Kendrick of Long Beach, Calif., will be pleased to learn that he has been appointed by the commander-in-chief of the Grand Army of the Republic, Col. D. J. Palmer, as aide de camp, with the rank of colonel. The honor is a marked one, very worthily bestowed. The Rev. Mr. Kendrick once before held a national office, having served for several years as national chaplain.

## EASTERN FOREST FIRE.

[United Press Leased Wire Service.] ATLANTIC CITY, N. J., Nov. 6.—Led by fire wardens, a thousand men are fighting a furious forest fire which is raging over a territory twenty-five miles long and ten miles wide southwest of N. W. Greta. It is estimated that \$60,000 damage has already been done. Many small hamlets have been partly destroyed and others are threatened by the flames. Motorists arriving here report running through lanes of fire and many thrilling rescues have been made. Crops, stock, cranberry bogs, valuable timber land and bridges have been destroyed. The scene of the fire is only thirty miles from Atlantic City and a heavy pall of smoke hovers over the city.

## WINTER'S APPROACH HALTS RIVER WORK

Improvements Which Have Been Started Must Now Be Delayed Until Next Spring.

Reports from the upper Mississippi, above Rock Island, are to the effect that the approach of winter weather has already interrupted work there. This week witnessed dredges and other equipment being used above La Crosse started for winter harbor at Gillwater and during the next two weeks other boats between Rock Island, work will likely continue for same. For the equipment below Rock Island work will likely continue for another three or four weeks, but the weather maps and conditions will be watched closely and in case indications point to winter's approach immediate preparations will be made for abandoning the work. The government boats are light and to be caught up in the river, even with a thin covering of ice on the water, makes it difficult, if not impossible to get to a winter harbor. Major G. M. Hoffmah, engineer in charge of the work on the upper Mississippi, has returned to Rock Island from Minneapolis after an inspection of the work which had been done above and below St. Paul. Two dredges, a dipper and suction, had been in operation during the last month. They are the first of the government plant to cease operations for the winter. An exceptionally large amount of work was accomplished at that point, although the time was cut short by the cold. Practically all of the dam work between Winona and LaCrosse, Wis., has been completed. The work was completed to Winona last year and next year will be continued down the river wherever it is found necessary.

## PLANNING FOR THE STORK'S ARRIVAL

Among these things which all women should know of, and many of them do, is a splendid external application sold in most drug stores under the name of "Mother's Friend." It is a penetrating liquid and many a mother tells how it so wonderfully aided them through the period of expectancy. Its chief purpose is to render the tendons, ligaments and muscles so pliant that nature's expansion may be accomplished without the intense strain so often characteristic of the period of expectancy. At any rate it is reasonable to believe that since "Mother's Friend" has been a companion to motherhood for more than half a century no more timely advice could be given the inexperienced mother than to suggest its daily use during expectancy. Ask at any drug store for "Mother's Friend," a penetrating, external liquid of great help and value. And write to Bradford Regulator Co., 302 Lamar Bldg., Atlanta, Ga., for their book of useful and timely information to expectant mothers. It contains many suggestions that are of interest to all women.

## CLIMATE FAILED; MEDICINE EFFECTIVE

Sufferers from Tuberculosis often think that medicine will not help them. Fresh air, regular habits and good food aid in restoring health, but more is often needed. Many have been restored to health by Eckman's Alternative. Read this: "Gentlemen—Through your instrumentality I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia, which developed into Tuberculosis (bacilli were found). In February, 1905, I went to Fort Worth, Texas, and later to Canon City, Colorado. After being there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 102 pounds, the doctor having given me no assurance of reaching there alive. On July 14, 1906, I began taking Eckman's wonderful remedy for Lung Trouble. Now I am stout and well and can do any kind of work about my grain elevator." (Abbreviated).

(Advertisement) ARTHUR WEBB. Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and up-building the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Small size, \$1; regular size, \$2. Sold by leading druggists. Write for booklet of recoveries. Eckman Laboratory, Philadelphia.

## IOWA'S RISK PLAN DEFENDED BY GARST

Industrial Commission Boosts Insurance for State Workmen—Plenty of Questions Asked.

State workmen's compensation insurance was advocated as cheaper to the employer and more satisfactory to the employe, by Warren Garst, industrial commissioner, at the meeting of the Chamber of Commerce at Des Moines. A great proportion of Mr. Garst's audience were insurance men, and he was the target of a lively questioning after he had finished his formal talk.

In the course of his remarks Mr. Garst outlined his ideas of what the ultimate Iowa workmen's compensation law should do. Mr. Garst believes employes should receive 60 per cent of their wages when disabled by accidents, that \$12.50 a week should be the minimum compensation and that compensation should begin after the eighth day.

Mr. Garst quoted largely from a letter from the secretary of the Ohio state insurance commission, which told how well the Ohio plan is working out. He said that the state could administer the insurance department on a basis of less than 6 per cent, while administrative cost in a private company runs from 35 to 50 per cent of the receipts.

## WHAT CAUSES COLDS?

This question and "How to Prevent Colds" is asked a thousand times every day. A cold is really a fever, not always caused by the weather but due to a disordered condition of the blood or lack of important food-elements. In changing seasons food-factors are essential because they distribute heat by enriching the blood and so render the body better able to withstand the varying elements. This is the underlying reason why the medicinal fats in Scott's Emulsion quickly overcome colds and build strength to prevent more serious sickness. It contains nature's medicinal fats, so skillfully prepared that the blood profits from every drop, and it is free from harmful drugs or alcohol.

14-57 Scott & Bowne, Bloomfield, N. J.
