

# FOR SALE

Remember that property in Keokuk is now offered as low as in any good town of its size, much lower than in some towns.

If property was not worth a reasonable price, you would show poor judgment in buying; I am offering the following bargains:

No. 413 Fulton street, six room modern brick house with lot 50x70.

An anxious to sell this property for a non-resident. Give me your offer.

No. 616 High, large brick, modern in every respect; suitable for private rooming house or can be remodeled into flat or club house. Lot 66x140 and I would like to hear from you at once.

No. 1714 Times, a four room, new modern frame cottage, a beauty with oak floors. Owner leaving city.

No. 700 North Twelfth street, six-room frame cottage, city water, gas and good barn. Full corner lot.

No. 1429 Concert, two story brick flat, five rooms and bath on each floor, elegant corner lot. This rear may be utilized or sold, and the property as a whole makes a fine investment.

Two small bricks located on corner lot on Tenth and Concert; buy them and put them in shape, they will make a fine investment.

No. 1423 Concert, new eight room, thoroughly modern frame, a home in every sense of the word, at two-thirds of its cost price.

No. 1417 and 1419 Concert street, are both new eight room frame houses, and if you compare construction and prices of other new houses you will see that they are great bargains.

No. 907 Exchange street, a seven room modern house with full lot and in excellent neighborhood.

No. 1227 Williams street, an exceptionally well built frame house containing seven rooms, located on corner lot.

Have sold No. 1212 Orleans avenue, but have left 40x140. Will close this out at a bargain.

# The new EDISON DIAMOND DISC PHONOGRAPH

## No Needles No Mechanical Timbre No Wear on Reproducer or Records

Edison Records are made of an entirely new material that does not wear---the thousandth reproduction is as perfect as the first.

When you hear this new phonograph, certain superiorities are at once obvious. The permanent reproducing point of

# The new EDISON DIAMOND DISC PHONOGRAPH

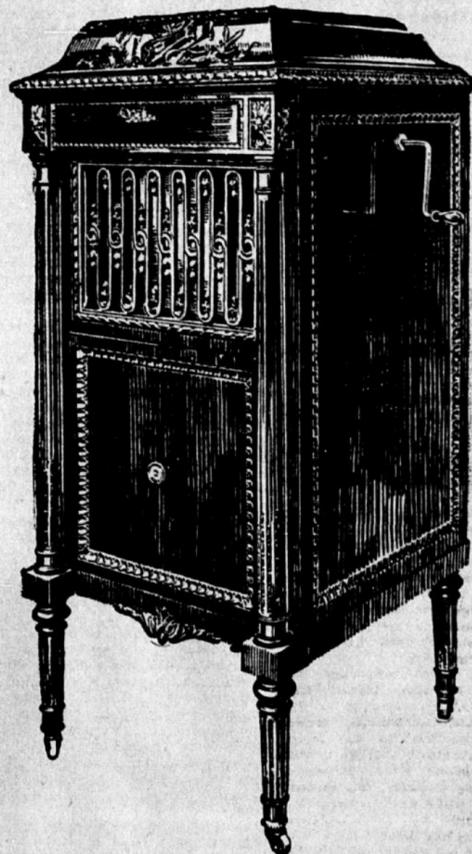

does away with the old trouble of changing needles. The disc, the finished product of Mr. Edison's three years of patient experimenting, brings out a myriad of minute overtones that join in producing a rich, mellow tone-quality. It does not give forth harsh, blatant discords, but renders perfectly every note as originally sung or played. Does not produce hollow, deep, recessed barrel tones, but reproduces every tone as rich and mellow as when it left the lips of the singer. But it is not until you hear it play that you grasp the full possibilities of pleasure that this instrument has in store for you. The new phonograph is a distinguished contribution to the art of musical interpretation.

All the leading Operatic Stars, such as Emmy Destin, Lucretia Bori, Anna Case, Martinielli, Bonci, and others are having their entire repertoires recorded.

Mr. Edison said: "Let the public decide." We invite you to call and hear this wonderful instrument any time. Demonstrations daily.
