

# KEOKUK DEANERY SESSION IS HELD

Priests Gather Here Yesterday and Listen to Able Paper on "Conscience." Read by Rev. Toner.

## EFFORTS APPRECIATED

Bishop Davis is Unable to be Present But Sends Letter in Which He Praises Priests.

At St. Peter's rectory in this city, the members of the Keokuk deanery of priests, met yesterday in semi-annual conference. In the absence of the Rt. Rev. Bishop of Davenport diocese, Very Rev. James W. Gillespie, Dean, presided. A letter from the Rt. Rev. Bishop Davis was read, in which he regretted being unable to attend, and conveyed his great esteem for the priests of the Keokuk deanery. Two members, unavoidably absent, notified the meeting to that effect. The minutes of the preceding meeting held last May were put before the assembly and were unanimously approved.

The Rev. James Toner, pastor at Farmington, Iowa, had at the previous conference, been requested to submit a paper on some optional subject of interest. In responding, the theme of the pastor's choice proved to be the popular and important one on "The Moral Conscience."

Opening with a concise definition of his subject, Father Toner proceeded to analyze it into the various phases it presents. He dealt lucidly with the several types of conscience, their respective causes etc., pointing out dangers, especially of the "lax" type, and proving conclusively that only one type of conscience, the "true conscience" can be the "vox Dei" in man's heart—the correct form of moral action.

Appreciate Paper. The Fathers severally expressed their high appreciation of Father Toner's able treatment of the subject. "Cases of Conscience" that at times confront the pastors, with the care of souls, were discussed and solved in the light of the "true" conscience. The priests of the deanery with their respective parishes are:

- Keokuk—Very Rev. James W. Gillespie, Dean; Revs. J. Dunnion, G. Giesinger, D. D. A. Davis.
- Farmington—Rev. J. Toner.
- Fort Madison—Revs. A. Zaiser, P. Kern, P. Hoffmann, B. Decker.
- Burlington—Revs. T. Galligan, P. Benno, O. S. B. H. Rosenfield, B. Fitzsimmons, J. Murphy.
- West Burlington—Rev. N. Peiffer.
- West Point—Rev. W. Jacoby.
- Houghton—Rev. J. Adam.
- St. Paul—Rev. J. Rauger.
- Mt. Pleasant—Rev. M. O'Laughlin.

Will Discuss Mass. The attendance was very complete.

## Testimony That Cannot Be Doubted

I wish to testify to the good that your Swamp-Root did me. I was bothered with Kidney Trouble and lame back for some three years; had taken medicine from several doctors but without effect. I finally tried Dr. Kilmer's Swamp-Root, and after taking three bottles was completely cured. I have also recommended it to several friends who have been completely cured of kidney and bladder trouble. In one case a friend of mine in Toledo took two bottles of Swamp-Root, which dissolved a stone in his bladder. He has not been troubled since. Also a friend in Springfield, Ohio, who was employed at the Springfield Metallic Casket Company was completely cured of kidney trouble after taking Swamp-Root. I give this testimonial unsolicited, for it may be the means of helping some one else.

Yours gratefully,  
C. M. SPENCER,  
Manager Western Union Tel. Co., Bowling Green, Mo.  
State of Ohio, Wood county—ss.  
Before me the undersigned, a Notary Public in and for the County and State aforesaid, personally came Charles M. Spencer, who being by me first duly sworn on his oath says, that the facts stated in the above testimonial are true to the best of his knowledge and belief.

ABEL COMSTOCK,  
Notary Public.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will do for You  
Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Keokuk Daily Gate City. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Prior to adjournment, it was proposed that the sacred ceremonies of the mass, should be reviewed at the next conference. The Rev. John N. Adam, pastor at Houghton, Lee Co., acceded to the general request to perform the ceremonies in accordance with the accepted authorities on the "rubrics" of the mass. Upon motion of the very reverend dean, the session adjourned.

## TURKS FIRE AT AMERICAN LAUNCH

(Continued from Page 1.)  
the arrival of the warship there. It is reported the Tennessee was ordered from Smyrna and into the Greek waters by Ambassador Morgenthau. The Turkish authorities are said to have requested that the Tennessee leave the vicinity of Smyrna after a launch from the American warship was reported to have been fired upon.

## AWAITING FULL REPORT.

WASHINGTON, Nov. 18.—The report from Captain Decker, according to information made public by Secretary Daniels, said his boat had been fired on. At first this was interpreted as meaning the cruiser Tennessee herself, but later the officials of the bureau of navigation interpreted it as meaning that it was one of the cruiser's launches. Secretary Daniels in discussing matters, said: "The information we have at the present time is indefinite; that a shot was fired is all we know. Whether it was fired with hostile intent or as a warning, is yet to be explained by Captain Decker. Smyrna is now a closed port. The presumption is that it is mined. The forts may have fired the shot either to prevent the launch—or even possibly the Tennessee itself—from entering the harbor or from running on to a mine field. I hope that this may be the case. But in any event we cannot take any steps in the matter until we have the official facts before us."

President Wilson anxiously awaited all information on the subject. He directed that all reports received be sent direct to him. Incidentally it was learned he expressed confidence that the occurrence would not become international. The rumor received via Montreal that Ambassador Morgenthau had demanded his passports was denied both by the state department and white house as utterly absurd. It was stated the ambassador had been extremely friendly to the Turkish government at Constantinople and that his work there has been highly praised by Turkish officials themselves. It pointed that he of his own volition could not demand his passports. He could take such steps only after receiving positive instructions. Congress in recess and no attempt being made to recall it and Secretary Bryan away on vacation and not yet been recalled, was cited as proof of the absurdity of the Canadian report. Acting Secretary Lansing explained he had been out of touch with Constantinople for several days. This is due to interruption of certain direct cable connections and passage through belligerents in the war zone. As far as Smyrna is concerned, the secretary said all word from there and Asia Minor took two to five days. The state department is trying its best to

## The Warsaw Gate City

Warsaw, Ill., Nov. 18, 1914.  
Mr. John C. McMahon, on account of feeling very bad last Friday evening could not leave at that time for Rochester, Minn., as had been his intention, but soon rallied sufficiently to undertake the trip last Monday evening, accompanied by Dr. J. Eaton Johnston. His many friends wish him speedy recovery from his present illness and a safe return to Warsaw.

Next Thursday and Friday evenings, Nov. 19 and 20, the Ladies Aid of the Presbyterian church will give their annual bazaar and supper in the church parlors. Thursday evening, chicken pie dinner; Friday evening, scalloped oysters. Dinner, 5:45 to 7 o'clock.  
The warm and balmy weather of last week suddenly changed last Sunday night to a genuine "cold snap," hailed with delight by some, growled at by others. What a mess some people would make of it if they were able to decide the weather question.  
The subject of the address to be delivered by Mr. Geo. Hempen at the public men's meeting Sunday, Nov. 22, in the afternoon at 2 o'clock sharp, at

Evangelical hall, will be, "The Administration of Justice as Viewed by a Christian Layman." A special invitation is extended to lawyers and judges.  
Joe Klingel recently bought the Fairchild property on Main street, between Eighth and Ninth, and will move there as soon as the house is thoroughly renovated and the new barn, now in course of erection, is finished. This will make a fine home for Mr. Klingel and family, and especially will it prove more convenient than their present location several blocks farther out on Main street.  
Mrs. M. Herkes, who with her son Fred, runs a five and ten cent store, recently fell and sprained her right hip so badly as to compel her to take an involuntary rest of several weeks duration. She is improving now, although she is not able as yet to walk without crutches.  
The Ladies' Aid of the Evangelical church will serve a lunch at the hall of the church on the first Thursday in December. The public is cordially invited.

get into communication with George Horton, the American consul at Smyrna. Horton with Leland B. Morris and James B. Wilkinson, is in charge of American interests there, but no direct word has been received from him for some days. The last report from Ambassador Morgenthau reached here Monday. It was in the nature of a routine report, but indigent conditions were in the main tranquil. In it Morgenthau made no mention even of considering leaving his post for any purpose whatever. Reports that the Tennessee and North Carolina might be immediately recalled from European waters in order to avoid another Maine disaster were widely circulated after the report was confirmed of the firing of the shot. Secretary Daniels and other navy officials would not discuss the matter. The secretary declared that he proposed to take one step at a time and that until after he received Captain Decker's report on actual circumstances surrounding the shot incident, he would not even consider the status of the cruisers.

"We sent those vessels to Turkey with funds for the relief of Americans who were unable to get money in Turkey after the outbreak of the European war," said the secretary. "Since then we have kept them there to afford whatever assistance and relief they could to Americans in the war zone. Our future action remains to be determined."

## A CHANCE FOR EVERYBODY

(Continued from page 1.)  
by which the first washing is given to all wounds except the most delicate and dangerous.

Mrs. Frederick Penfield, the wife of the American ambassador has taken up the work in the very small American colony of starting "travelling parties." Mrs. Hamilton Kruger, an American artist, is also engaged in this work. In the cafes and restaurants, men and women "travel" in the street cars and stores no hands are idle.

The American government, for official reasons may not be able to send cotton to Austria, but private American citizens may act with the Red Cross, in the name of humanity, and help by making their shipments by parcel post.

Two weeks ago, 900 men, all terribly wounded by shrapnel, were brought into the station at Vienna. They had traveled seventy-five hours from the battlefield in Galicia, near Lemberg. There are not enough nurses in Vienna. Many have been working twenty-four hours a day. One girl has a wound of eighteen of the worst wounds. She is always alone with them. In her ward, within the past five weeks, a dozen men have died during the night, when she—a former society girl—was the only person present to ease their last hours.

"I'm getting used to the death rattle," she told me today. "It wouldn't be so terrible if we had soft dressing for the wounds."

Parcel Post Rules.  
NEW YORK, Nov. 18.—The bureau of foreign mails at the local postoffice explained today that parcel post packages for Austria will be accepted at any office in the United States. The parcel post rate from anywhere in the United States is twelve cents per pound or fraction thereof. If a parcel weighs one pound and 1/4 of an ounce, for instance, it will cost 24 cents. Postage must be prepaid. The greatest length of parcels must not exceed three feet, six inches; the greatest length to girth combined must not exceed six feet. Parcels are limited to eleven pounds or less. Senders may register parcels by paying a fee of ten cents additional to the regular charge.

Packages sent first-class will be given preference. The rate is five cents for the first ounce and three cents for each additional ounce.  
Medicated, or absorbent cotton may be purchased at any drug store and some department or general stores in six standard sizes—one half ounce; one ounce; two ounces; four ounces; eight ounces and sixteen ounces. The average prices respectively are five

cents; ten cents; twelve cents; eighteen cents; twenty-five cents and forty cents. Prices are generally higher at the present time because of the long stagnation of the cotton market.

## THE WEATHER

For Keokuk and vicinity: Fair tonight and Thursday. Colder Thursday.  
For Iowa: Fair tonight and Thursday. Colder tonight and in the east portion Thursday. Fresh winds.

Weather Conditions.  
A moderate depression, which is passing through Wisconsin this morning, was attended by slightly warmer weather from the northern plains states to the lakes, and there have been light snow flurries in some portions of this region.  
From the Mississippi valley eastward, it continues cold, freezing temperature extending well to the south of the Ohio valley.

A field of high pressure is advancing from the mountain region, attended by generally fair colder weather, and conditions indicate fair weather for this section tonight and Thursday, colder Thursday.

[United Press Leased Wire Service.]			
CHICAGO, Nov. 18.—Wheat started with an advance of 3/4 to 1/2 today because of higher cables, but quickly turned lower when offerings became liberal on the advance. The early offerings were quickly absorbed and the market again advanced until at noon prices for both months were 1 cent over last night's close.			
Corn started a shade to 1/4 higher, helped by the cable, and after a temporary set back had advanced to 1/4 to 1/2 over last night's close.			
Oats started with an advance of 1/4 and added a shade to 1/4 in the forenoon trading. Provisions were easier today, on account of the big run of hogs to the stock yards.

## Attacks of Indigestion

"I believe Chamberlain's Tablets have saved my life," writes Mrs. Maggie Col, Golden City, Mo. "I had pains in my stomach so bad I thought I could not live. Our doctor said it was congestion of the stomach. I would get to bed perfectly well and wake up in the night as bad as I could be and live. Our doctor said it would do no good to give medicine internally. He had to inject medicine in my arm. Since taking Chamberlain's Tablets I can eat anything I want without hurting me." This form of indigestion is extremely painful and often dangerous. By taking Chamberlain's Tablets after eating, and especially when you have fainting and weight in the stomach after eating, the disease may be ward off and avoided. Chamberlain's Tablets not only aid digestion, but strengthen and invigorate the stomach.
