on, despite the urgency of her turning loose and the realization daily that she is growing weaker while the allies are growing stronger. The allies have nothing to gain by immediate action, Germany has everything.  
Officers are enthusiastic over the tactics of Generals Joffre and French, the French and British commanders. One foreign neutral observer likened the allies and the Germans to two heavyweight boxers, each blocking the onslaught of the other until the other is weakened by his own exertions and the stronger lands a knockout blow.

### FOR REPORTER'S BENEFIT.

[By a United Press Staff Correspondent.]

PARIS, Nov. 27.—The German artillery fire upon the allied positions eased off during yesterday, the official communique of today states. During the visit of the newspaper men of neutral countries to Rheims, however, the city was violently bombarded by the enemy.  
The newspapermen mentioned as being in Rheims during the bombardment are the representatives of the eight neutral countries selected by the government to make a tour of the battle front together, with foreign military attaches. ### CHARITY BALL IS EVENT OF SEASON

Revival of This Popular Occasion Proves That it Has Lost None of its Charming Qualities.

### NEW STEPS ARE DANCED

From Grand March Led by Miss Bart-ruff and Mr. Phillips, to End of Program, Party is a Success.

Keokuk society one stepped, trotted and cantered last night for the cause of charity. The revival of the popular charity ball for the benefit of the Benevolent Union proved a brilliant social event of the season. The ball was given in the new ball room of the Masonic temple. It was announced today that one hundred and nine dollars was cleared and that the expenses were something like fifty dollars.

The event proved to be as in former years, the society event of Keokuk's social season. The handsome gowns of the women blending with the more sober colors worn by their escorts, made a pretty picture as the dancers picked their steps through an interesting program of the newest dances.

The guests were received at the door by Mrs. D. A. Collier, president of the Benevolent Union, under whose patronage the affair was given. Agnes's full orchestra, which furnished the music for dancing, played a short preliminary program, and at 8:30 the grand march was started.

### Grand March is Feature.

Mr. Cyrus Phillips and Miss Adelaide Bartuff led the grand march. The march figures were intricate, but led by the skillful leaders, was one of the most engaging numbers of the program. Practically all of the dancers were in line for the march. There were no formal programs for the evening, but fifteen numbers were danced during the hours from 8 until 12. These included one-step, hesitations, waltzes and fox trot.  
At ten o'clock refreshments were served in the banquet room, the guests being seated at tables laid for twelve. The table centerpieces were baskets of ferns and chrysanthemums. Sandwiches, pickles and coffee were served.

There were many handsome gowns worn last night, the short full skirts being in strong contrast with the narrow skirts and pointed trains of last season.

Among those present from out of town were Mr. and Mrs. Benjamin T. Charles and Mrs. Francis R. Fry of St. Louis, Mrs. James Hubbard of Chicago and Mr. Frank Fowler of Chicago.

### Patronesses for Event.

The patronesses for the party were Mrs. D. A. Collier, Mrs. Eugene E. Baker, Mrs. J. J. Ayres, Mrs. John H. Cole, Mrs. E. E. Hawkes, Mrs. H. E. Ratcliffe, Miss Anne B. Davis, Mrs. C. F. McFarland, Mrs. John Collier, Mrs. J. N. D. Dickinson, Mrs. D. B. Hillis, Mrs. Lee A. Hamill, Mrs. Chas. Pond, Mrs. J. K. Weil, Mrs. B. F. Jones.

Mrs. J. D. Rubidge and Mrs. John N. Hueston assisted in inviting the guests to the dining room and in serving.

### KIDNEY TROUBLE CAUSES LAME BACK

I am pleased to say a good word for Dr. Kilmer's Swamp-Root, as I was troubled for a year or more with my kidneys and annoying symptoms. My brother advised me to try Swamp-Root. I took several bottles of this remedy with excellent results. At the time Swamp-Root was recommended to me, my condition was such that I found it an effort in stooping or bending and in attending to my duties as manager of the \$9.99 Store at 122 Main St., Evansville, Ind. ### Help the Stomach Digest Your Food

When the stomach fails to digest and distribute that which is eaten, the bowels become clogged with a mass of waste and refuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.

Most people naturally object to the drastic cathartic and purgative agents that shock the system. A mild, gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not gripe or cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial bottle write to Dr. W. B. Caldwell, 461 Washington St., Monticello, Ill.

She moved to America with her parents in 1846 and settled in Cayuga county, New York being there nine years and then moving to Henry county, Iowa in 1855, where she lived the remainder of her life except seven years spent in New York. ### BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work people expect of a cathartic. They clear the blood and gently purify the entire system.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind. Dr. P. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two every night for a week and it will do the trick. 10c and 25c per box. All druggists.

guard from the transport Crisobal to a local government depository.

The report that the rear guard leaving Vera Cruz was fired upon was denied by General Funston, who referred to "the good feeling on the part of the people of Vera Cruz that permitted us to withdraw our forces without disagreeable incident of any kind and with the manifest best wishes of the people." The expeditionary force disembarked from the transports today and joined the small army encamped at Texas City.

### Hold Club Over Them.

WASHINGTON, Nov. 27.—The club of official recognition by the United States is now the chief weapon depended upon by the administration to solve the Mexican situation. Leaders of the various factions in Mexico have been frankly warned by the United States that until a stable government is formed, they can expect no assistance from this side of the border. The country is bankrupt. All the leaders have been compelled to utilize their own funds for the last months. Because of this fact, the administration today is hopeful that some one of the factions will speedily get control. The United States and the A. B. C. powers have agreed that until some one of the factions shall show a complete control, loans to Mexicans for any purpose shall be frowned on. This government has been assured that the European powers will wait until the United States recognized a Mexican regime before any of them act. The administration believes this will be a force of potent influence. When anarchy prevailed in Mexico City a few days ago, the dairy ranch of an American, named Hill, near Mexico City, was looted. Secretary Bryan said today. The state department telegraphed Consul Silliman immediately, demanding the arrest and punishment of the guilty and the repairing of the property.

Dispatches to the state department, Bryan said, did not indicate whether Zapata himself was in the capital.

Consul Canada at Vera Cruz wired that all Vera Cruz business houses are open, that the sale of liquor is permitted, except to drunkards.

Canada said General Aguilar called at the consulate to congratulate the United States on the order in which the evacuation was made and upon the clean conditions prevailing in the city. Several trains of property belonging to Cartanza and Oregon arrived from the city. A number of autos and a number of cars carrying aeroplanes arrived also.

Canada said the consulate has been assured that despite the strict censorship, there would be no interference with dispatches to the state department.

Grain Review.  
[United Press Leased Wire Service.]  
CHICAGO, Nov. 27.—The wheat trade was not prepared for the drop in prices at Liverpool today and consequently futures declined sharply here, going down 1 1/2 to 1 3/4 on the early trades. For a few moments the decline was checked by resting orders to buy, but when these had been consumed, there was further decline of from a shade to 1/2.

Corn was down 3/4 to 1/2 on the early trades, influenced by the decline in wheat but regained most of the early loss before noon.  
Oats futures lost 3/4 to 1 cent because of the weakness in wheat.  
Provisions started a trifle lower, but rallied and recovered before noon.

Declare War on Colds.  
"A crusade of education which aims 'that common colds may become uncommon within the next generation' has been begun by prominent New York physicians. Here is a list of the 'don'ts' which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."  
"Don't sleep in hot rooms."  
"Don't avoid the fresh air."  
"Don't stuff yourself at meal time. Overeating reduces your resistance."

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.—Advertisement.
