

DO not think that a soap must be perfumed to be suitable for the bath and toilet.

This is true of some soaps. It is not true of Ivory.

There is no perfume more pleasing than the clean, natural odor of Ivory's high grade materials. Ivory Soap is so sweet and pure that to add a perfume to it would be like "painting the lily."

TOOL FACTORY SEEKS LOCATION

J. B. Howard of Detroit, Would Bring Factory That Employs From Fifteen to Twenty-five Men.

HAS TRADE DEVELOPED

Owner of Plant Lately Returned From South America Where He Sees Prospect for New Business.

J. B. Howard of Detroit, owner of a small tool factory employing from fifteen to twenty-five men, was in the city today in the effort to interest local business men in his proposal of moving his factory to this city.

Mr. Howard this morning explained to a reporter of The Gate City the offer he has made to local business men. He stated that his factory involved a little over \$10,000, exclusive of the value of his patent rights and of the trade connections that already have been developed.

Would Sell Stock Here. He proposes to capitalize his company at \$20,000, one half of the stock to be subscribed by local people. He would then move his factory to this city where he expects to expand it as rapidly as increased business warrants.

A site for the factory could easily be obtained, Mr. Howard said. The dimensions of the building required should be about 40 by 120 feet. It would be possible for the factory to be located in some building already erected here. Electric power could be used while gas heating for tempering the tools is the most desirable.

Mr. Howard claims that he already has developed a good business in the United States, selling his goods in all parts of the country. He also sells much of the factory's output in South America and the West Indies.

Business Prospects in South America. Mr. Howard stated that he recently returned from an extended trip through South American countries and says that the prospects of building up a good business there for the output of his factory is very good.

He gives two reasons for desiring to move his factory from Detroit to Keokuk. One is that he considers it better for a small factory to be located in a small city rather than a large one. The other is in the location of Keokuk from where the product of the factory can be distributed at a smaller cost. Mr. Howard states that in increasing his South American trade the goods can be shipped from Keokuk at a much cheaper rate than from Detroit on account of the low rates from this city to New Orleans.

Two tools of four different sizes each are manufactured by this company, a compound leverage snip for sheet metal work and pruning shears for trimming trees. It is claimed by Mr. Howard that his tools are far superior to any others of the kind on the market and that they are well protected by patents. Only a part of the labor employed in the plant is skilled labor.

Several Locations in View. Besides Keokuk several other locations are being considered by Mr. Howard. He stated that Ft. Madison is one of these, but said that he thought Keokuk the most desirable site of any he now has in view. What action will be taken on his

How to Shed a Rough, Chapped or Blotchy Skin

This is what you should do to shed a bad complexion: Spread evenly over the face, covering every inch of skin, a thin layer of ordinary mercurized wax. Let this stay on overnight, washing it off next morning. Repeat daily until your complexion is as clear, soft and beautiful as a young girl's. This result is inevitable, no matter how soiled or withered the complexion. The wax literally absorbs the flimsy surface skin, exposing the lovely young skin beneath. The process is entirely harmless, so a little of the old skin coming off at a time. Mercurized wax is obtainable at any drug store; one ounce usually suffices. It's a veritable wonder-worker for rough, chapped, reddened, blotchy, pimpled, freckled or sallow skin.

Pure powdered saxolite is excellent for a wrinkled skin. An ounce of it dissolved in a half-pint witch hazel makes a refreshing wash-lotion. This renders the skin quite firm and smooth; indeed, the very first application erases the finer lines; the deeper ones soon follow.

Everybody Who Used Great Kidney Remedy Obtained Fine Results

At the time I commenced using your Swamp-Root I was so bad that I had to give up work. The pains in my back would be like some sharp instrument piercing my kidneys and I could hardly get out of a chair without help. I finally resolved to give your Swamp-Root a trial and the results were so fine that I have recommended it to others and it seems to produce the same beneficial results with everybody that uses it. I am very thankful to you for your great remedy, Swamp-Root, as I know that it will do all you claim for it.

CHAS. J. SHELDON, McGraw, N. Y. Personally appeared before me, this 23rd of September, 1909, Chas. J. Sheldon, who subscribed the above statement and made oath that the same is true in substance and in fact.

R. C. GLEASON, Justice of the Peace. My commission expires May, 1912.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample also bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Keokuk Daily Gate City. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

proposition depends largely on the investigation now being conducted by the business men here. Although the number of men employed by the factory is small, this number might be increased with the development of the plant and the enlarging of the sales.

CHRISTMAS TREAT PLANNED BY MOOSE

Celebration Will be Held Monday December 28 and Poor Children of City Will be Guests.

PRESENT FOR EVERY ONE

Program of Songs and Yule Tide Stories Will be Given at This Gathering of Members and Friends.

Keokuk Lodge No. 704. Loyal Order of Moose is planning a Christmas entertainment for the members and families, to which all of the poor children of the city will be welcomed, and will be given a suitable present. The invitation to the poor children comes through the big heartedness of the committee in charge of the entertainment, backed up by the lodge members.

The entertainment will be given in Woodmen hall on Monday evening, December 28. There will be a Christmas tree, and a gift for all of the poor children who are there. Besides there will be a program of music and the like. The plans of the committee are extensive and promise a happy time for the youngsters.

The youngsters who will be the special guests of the Moose that night will be welcomed, and there will be no red tape about their gaining admittance to the hall. They will be the real guests of honor and everything will be done to insure their having a happy evening.

A large committee has been named to take care of this celebration. An amount sufficient for all needs has been drawn from the general fund and will be used for this purpose. The members of the Moose and their families will act as hosts on this occasion, and they will have a part in the entertainment. Toys, candies and fruits will be distributed from the big Christmas tree.

BAR DOCKET BIDS HAVE BEEN OPENED

Award of Bids Will be Left to Incoming Clerk as They Will Not be Needed Until Then.

Bids for the printing of the bar dockets for the coming year were received yesterday by Clerk Hart, and will be rejected. The matter will be left to the incoming clerk, O. R. Johnston. The bids were advertised for in accordance with the action taken by the bar association in October. The dockets will not be required until after the new clerk comes into office, and it is the intention to allow him to rule on the award of bids.

Only One "BROMO QUININE" Whenever you feel a cold coming on, think of the full name, LAXATIVE BROMO QUININE. Look for signature of E. W. Grove on box. 25c.

REGULAR MEETING OF Y.W.C.A. BOARD

Reports From Various Departments Are Received and Show Progress so Far in This Year's Activities.

PLANNING MORE WORK

Physical Department Under Direction of Miss Nutting, Has Been Growing and Many Classes Are Formed.

At the regular monthly meeting of the board of directors of the Young Men's Christian Association, H. C. Brown, president, was in the chair. The reports of the various committees representing the different departments of the association, religious, social, physical, financial, etc., were read and properly disposed of. It was planned to have Mr. Shuman, general secretary of the association at Buenos Ayres, Friday night at a 6 o'clock dinner and reception, at which he will meet seventy-five men. He is also expected to deliver an address on the occasion.

Plans were also discussed and made by the social committee for Christmas observation, to be held in the gymnasium.

The president appointed Messrs. W. A. Loeffler, W. G. Blood and C. D. Streeter to act as nominating committee to present names of candidates to be voted for to fill vacancies in the board by expiration of their terms, with the close of the year.

The religious work committee, L. C. Howe, chairman, presented an interesting report of the work done during the month in which among other things:

That representatives of the association had presented the work of the Y. M. C. A. at prayer services during the week of prayer in seven of our churches, with an approximate attendance of five hundred.

A mission study class on South America had been organized.

A senior group men's Bible class, with Homer T. Orsborn as leader, was organized. It has an enrollment of nearly sixty.

The week of prayer for the association was observed November 8 to 14. Dinners were given at the association building the following days: Tuesday, November 10, Mr. Durges, leader; Thursday, November 12, Mr. McFarland, leader; Friday, November 13, Mr. Brown, leader.

Five Sunday afternoon meetings had been held in the auditorium with an average attendance of fifty or sixty. The speakers were as follows: November 1, D. B. Heller, of Mt Pleasant; November 8, William Parsons, state secretary of Des Moines; November 15, H. E. Hoover, of Carthage, Ill., president Carthage college; November 22, O. B. Towne, of Keokuk; November 29, P. C. Hildreth, of Fairfield, president of Parsons college.

One extension meeting was held at Sandusky on the evening of November 8, with William Parsons as speaker. Fourteen persons accompanied Mr. Parsons and music was furnished by a quartet. The house was crowded.

At a meeting November 30, Mr. C. M. Finney was selected chairman of the booster committee on Sunday afternoon meetings and he is to choose one man from each church to assist him.

Mr. Knapp, chairman of the extension committee, will submit list of places and dates for meetings, and also arrange for speakers and music for these meetings.

Mr. Krueger, chairman of the per-

Specialist Explains Cause of Stomach Trouble

Valuable Advice to Sufferers. "There are many different forms of stomach trouble," said a well-known specialist recently, "but practically all are traceable to excessive acidity and food fermentation. That is why the results obtained from the use of drugs are usually so disappointing. Admittedly fermentation and consequent acidity of the food contents to be the underlying cause of most forms of indigestion, it naturally follows that the use of a reliable antacid, such as the pure bisaturated magnesia which is so frequently prescribed by physicians, will produce better results than any known drug or combination of drugs. Accordingly I almost invariably advise those who complain of digestive trouble to get some bisaturated magnesia (note the name carefully, as other forms are unsuitable for this purpose), from their druggist, and take from one to two teaspoonfuls of the powder, with a little water, after meals. This by immediately neutralizing the acid and stopping the fermentation, removes the cause of all the trouble and insures normal and healthy digestion."

THE CIGAR DISTINCTIVE

The Acme of Quality and Workmanship 10 Cents W. H. Reimbold Maker of Havana Cigars

Personal work committee, stated that he would add a representative from each church to his committee to work on the list of associate members, as well as on lists furnished by the different churches. Through Mr. Loeffler plans are being made for the Y. M. C. A. to take part in a missionary debate with the Y. W. C. A. in February. Physical Department. The report from the physical department showed that the total number of members using gym for 1914, was 1,860, daily average 72; spectators, approximately 1,600. Class attendance—Business men, 223; seniors, 186; intermediate student, 103; intermediate employed, 197; junior student 311; junior employed, 183; leaders used, 40; basketball, 462; hand ball, 68; other individual work, 52; taught to swim, 1. Natatorium, showers and pool—Men, 613; boys, 881. Some interesting comparisons might be made from this showing as compared with former years. For instance in class attendance for 1914, for business men, is given as 223, while in 1913 it was only 160, and in 1912 it was but 102, showing a remarkable gain over both former years, and so it goes all down along the line. Showers and pool for men is given at 613, and 881 for boys, while in 1912 the number for men is given at 250, boys 260; in 1913, men 250, boys 600. The commercial league opened November 3 with seven teams. The report containing many interesting points was signed by C. G. Allen, chairman physical committee, and H. T. Orsborn, physical director.

Where Women Fall. [United Press Leased Wire Service.] CHICAGO, Dec. 2.—In cases of emergency, such as fires, women are not the equal of men, vote or no vote, according to John C. McDonnell, chief of the fire prevention bureau, who may close another line of employment to women. McDonnell has an ordinance before the council which requires theatres to use men as ushers. As fifteen Chicago theatres now employ girl ushers and the movement is growing and seemed likely to reach most of Chicago's 200 theatres, passage of ordinance will mean great loss of opportunity for employment by women.

THE EASIEST WAY TO END DANDRUFF

Stop Falling Hair and Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Y.W.C.A. NOTES

The basket ball game between the advanced employed girls and the high school resulted in a victory for the high school by 8 to 6. The girls played a very close game.

Entertained. At 6 o'clock the Upstreamers entertained Miss Eva Stevens, principal of Wells school, at supper.

Christmas Dolls. In the evening the girls continued their work on their dolls which they are dressing for Christmas.

Miss Alton's camp fire group met Tuesday afternoon at 4:30. After their meeting and work, the girls had supper together in the domestic science room, with Miss Alton guardian.

Board Meeting. The monthly meeting of the board of directors, Tuesday afternoon at 3:30 showed from the reports of various committee chairmen, steady increase during the month.

An increase in the enrollment of gymnasium classes from 180 in October to 201 at present. In the junior department an increase from 50 a month ago to 96 at present.

There has been an increase in the

Greatest of All Human Blessings

The most wonderful thing in the world is love expressed in the helpless infant. And among those aids and comforts for expectant mothers is the well known "Mother's Friend."

This is an external application to enable the abdominal muscles to become more pliant, to expand naturally without undue strain upon cords and ligaments.

Applied as directed upon those muscles it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pain so much dreaded may be avoided and the period of expectancy passed in comfort.

There is no question but what such relief has a marked influence upon the general health of the mother. In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid caking breasts. It has been prepared in our laboratory for over forty years and is known favorably to most druggists everywhere. Get a bottle to-day and write for book to Bradford Regulator Co., 309 Lamar Bldg., Atlanta, Ga. Be sure to ask for and see that you get "Mother's Friend."

average attendance at the Sunday afternoon vesper services from 33 in October to 51 in November. 3,458 meals were served in the cafeteria during the month.

Two committees were appointed by the president to make arrangements for the annual meeting which is to be held the latter part of January.

Membership Committee. The membership committee will meet tonight at 6 o'clock with Miss Etta Ayres.

French Class. The postponed meeting of the French class will be held tonight at 7:30.

Y. M. C. A. ITEMS

Paxius Club. The Paxius club held a special business meeting at the association last Monday evening. At the meeting the following new members were voted into the club: Wm. Crane, Gregory Meador, Jewett Fulton, Walter Holmes, Earl Music and Emile Dunlavy. The regular business meeting of the club is to be held next Monday night.

Keokuk Kamera Club. Keokuk Kamera Club holds its regular meeting at the boys' rooms this evening at 8:15. All members should bring their cameras as they expect to experiment with flash light pictures and some work will be done in developing.

LOCATION OF STREET LIGHTS IS DETERMINED

City Council Passes Resolution Ordering Keokuk Electric Company to Install Street Lights.

The location of the street lights in the new residence district in McKinley avenue has been decided by the city council and an order issued to the Keokuk Electric company to install the lights at once. They will be located at the following street intersections: McKinley avenue and Washington avenue, McKinley avenue and Cleveland avenue, McKinley avenue and Belknap Place.

CARTHAGE COUPLE KEEPS OPEN HOUSE

Mr. and Mrs. M. P. Berry Observe Tenth Wedding Anniversary at Their Home Across River.

CARTHAGE, Ill., Dec. 2.—Mr. and Mrs. M. P. Berry kept "open house" last evening and received their friends informally in observance of their tenth marriage anniversary. Carthage friends thronged the beautiful parlors all evening to present their felicitations. Mr. Berry has recently been elected state treasurer of the I. O. O. F. and he is the cashier of the Dime Savings bank in this city. Mrs. Berry was originally Miss Lillian Blackmore of Hamilton, and now has a very busy and popular life in Carthage. Those who assisted Mrs. Berry were: Mrs. H. D. Hoover, Mrs. J. I. Hendricks, Mrs. Lella Lionberger, Mrs. E. S. Coombs and Mrs. O. F. Berry, the Misses Julia Noyes, Emily Penneck, Helen Griffith and Gurney Monk, Lenore Berry and Marie Cronk.

FUNERAL RECORD

Mrs. Fouts. The funeral of Mrs. Amanda J. Fouts was held at the family residence, 1216 Park street, at 1:30 o'clock this afternoon. Rev. W. H. Nell of the Trinity M. E. church, officiated.
