

## Announcement

To set the public right and correct a mistaken impression that we were going to leave Hamilton, we will say such is not the case. We employed a special sales company to conduct this sale and according to our contract they controlled the style of advertising used. They put on this "To Be Closed Out" Sale wishing to close out for us all lines of winter goods.

We hope you have purchased some of this merchandise during our sale because we know if you did you have saved money.

We have decided after five years business in Hamilton to throw our business into cash.

We thank you for the splendid business you have given us in the past and we ask for a share in the future. Beginning Monday, January 18, nothing will be charged.

## HOSPITAL IDEA BEING OPPOSED

Charleston Grange Sends Supervisors  
Communication Protesting Against  
Tuberculosis Sanitarium for  
Lee County.

## THEY WANT THE LAND

In View of Fact, Supervisors Say  
They Are in Financial Straits,  
Proposition Sounds  
Queer.

Charleston Grange, 2119 has sent a communication to the supervisors of Lee county, opposing the purchase of land for a tuberculosis hospital, according to the following from the Port Madison Democrat:

"The following communication has been received by the county board of supervisors:

"To the honorable board of supervisors of Lee county: We, the members of Charleston Grange 2119, wish to place ourselves on record as being decidedly opposed to the purchase or building of a tuberculosis hospital for Lee county. We would recommend that you purchase the farm known as the Mullikin farm, adjoining the county farm, the house to be arranged for keeping the county poor and use the present county home for the care of the county insane. (Signed) J. H. Vermazen, J. G. Renz, Joe Wahr, Com."

"The matter of the purchase of a place for a county tuberculosis hospital has been agitated at Keokuk recently and considerable force has been brought to bear upon the supervisors to that end. The county's financial conditions at the present time, however, do not warrant the consideration of the proposition, even though it had not met with opposition."

The supervisors have said that their financial circumstances will hardly warrant the purchase of a piece of property already recommended to them. So, it seems hardly possible that they can accept the suggestion from Charleston Grange without being inconsistent somewhere. This is the first intimation that there is a necessity for a building in which to care for the insane or the poor, separately.

## NEW MANAGEMENT FOR HIPPODROME

H. H. Friedman and Alex Cohan Add  
Local House to Chain of Theaters Owned and Controlled  
By Them.

## TO REMODEL THE HOUSE

First Run Films of Licensed Programs to be Shown and Pipe Organ Will be Built Later.

H. H. Friedman and Alex Cohan have taken over the Hippodrome theater here, and will add it to the chain of houses controlled by this management. Arrangements were completed this last week for the transfer of the house which has been owned and managed by M. R. Angell. The house will be closed for about two weeks during which time repairs will be made on an extensive scale. The exact date of the opening will be announced later.

Mr. Friedman will be the local manager of the house, and will make his home here.

The new management is planning to enlarge the house, and to make it a handsome, up-to-date amusement place, catering to the discriminating theater goer, and especially to women and children. The box office is to be moved nearer the door, and the lobby is to be made artistic and attractive.

Mr. Friedman has contracted for first run films of the licensed programs. He has just come from Kansas City where he contracted for this feature. All of the big feature films will be shown in the Hippodrome.

Another of the features which the new management expects to install some time later in the season is a \$10,000 pipe organ with vox humana. This instrument will have to be built and cannot be installed until some later time.

The Hippodrome will be one of the chain of theaters owned and operated by the new managers who expect to give Keokuk the best pictures obtainable.

## O'HARA IS CHOSEN TO AID IN TRIAL

Member of Local Legal Firm Has  
Been Asked to Take Place of  
John F. Wall in Pfanschmidt Case.

## TRIAL STARTS JAN. 25

Mr. O'Hara Met With Supervisor's  
Committee on Thursday and His  
Connection With Case Is  
Announced.

A. W. O'Hara, of the firm of O'Hara and O'Hara, Wood and Walker, of this city, will be the attorney who will take the place of John Wall, who is barred in appearing in the Pfanschmidt trial which will begin shortly at Princeton, Bureau county, Illinois. The announcement of the selection of Mr. O'Hara came from the local offices of the firm yesterday. Mr. O'Hara was in conference on Thursday at Quincy with the supervisors, but the announcement was not released until yesterday.

Mr. O'Hara will be assisted in this case by the county attorney from Bureau county, and by Assistant State's Attorney Wolfe of Quincy.

A Quincy paper says concerning the appointment of Mr. O'Hara:

"Mr. O'Hara came down Thursday afternoon and a proposition was made to him by the Adams county officials which was satisfactory to the Hancock county attorney. However, he was anxious to have an assistant in Bureau county who might be helpful in the selection of jurors because of a knowledge of the men in that community. Friday morning Mr. Scarborough, one of the committee, went to Princeton with the purpose of seeing Leonard M. Eckert, former state's attorney of that county, and to obtain his services. Mr. Scarborough notified Mr. O'Hara at Carthage that satisfactory arrangements had been made at Princeton, so it is presumed that Mr. Eckert has been employed.

"All the arrangements have been satisfactorily made for Mr. O'Hara's appearance in the case and he will begin at once to acquaint himself thoroughly with the evidence which will be relied upon to convict Ray Pfanschmidt in the trial that begins January 25."

Five different pleas in the case are to be argued at once, and the case will be heard January 25.

## CITY FATHERS SAY SHOVEL OFF SNOW

Walks Must be Cleaned of Snow Ten  
Hours After Storm, According to Proposed Ordinance.

## BASED ON STATE LAW

City Council Has Power to Tax Cost of This Work Against Negligent Property Owners.

There'll be a lot of fellows looking for friends when the news gets around to the school boys that the members of the city council expects to at once pass an ordinance requiring property owners to remove snow, slush and ice from the sidewalks in front of their property within ten hours after any snow storm that may occur in the future. It was discovered yesterday that the city has no ordinance at the present time governing the removal of snow and ice from the walks. It is believed that such an ordinance was at one time passed, but if so, it has been lost in the binding of the revised ordinances of 1912.

The new ordinance to be passed by the council will be based on the state law which provides that the city may remove snow and ice from the sidewalks and tax the cost of the work against the property owners without notice. Under the proposed provisions the city may proceed to clean up the walks within ten hours after any snow storm if the property owner has not already done so.

A charge of approximately one and one-half cents a foot will be made in cases where the city finds it necessary to do the work. This means that for a fifty foot lot the tax against the property owner will amount to about seventy-five cents. In case it should be a corner lot the cost will, of course, be much more than doubled.

Quite a number of serious accidents already have resulted this winter from negligence of the property owners in keeping the walks in front of their homes cleaned off. A number of complaints have been made to members of the council on this score. The ordinance will be passed at once.

San Diego Fair Booming.  
[United Press Leased Wire Service.]  
SAN DIEGO, Calif., Jan. 16.—San Diego's Panama-California exposition today entered upon the third week of its existence. Despite the fact that the Panama-Pacific exposition at San Francisco will not be opened for several weeks and low railway rates from the east have not yet been inaugurated, the attendances have exceeded expectations of the officials.

The San Diego fair opened free of debt and the only financial problem to be confronted was that of paying the running expenses. During the first two weeks it was announced the receipts have exceeded the expenditures.

The high mark in attendance is expected to be reached in March when President Wilson arrives and the Atlantic fleet anchors in the harbor after passing through the Panama canal.

KANSAS CITY, Mo., Jan. 16.—Data to combat the request of the western railroads for permission to increase freight rates was compiled today at a conference here of representatives of the state boards of railway commissioners from Kansas, Nebraska, Oklahoma, Arkansas and Louisiana. Broncos for the War.

DENVER, Colo., Jan. 16.—British cavalrymen are to have real western broncos for mounts in the near future. It was learned here today that an order has been received for 5,000 horses to be supplied from the western slope. English buyers wishing to avoid casualties which the broncos might be responsible for, insist that the horses be thoroughly broken to ride.

A Useless Convention.  
[United Press Leased Wire Service.]  
COPENHAGEN, Jan. 16.—The socialist peace congress will open here tomorrow, doomed in advance to failure. The only delegates who will be present will be the representatives of Holland, Italy, Sweden, Denmark and Norway. While the war will be discussed, it is admitted by the delegates already on the scene that no plan is possible to be devised which will make for peace. The acceptance of war principle by the German, French and British socialists has effectively demonstrated this, it is asserted.

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair, and your youthful appearance within a few days.
