Berri Olive Oil

"Take Olive Oil, live on it, drink it, and don't do without it"

This was the advice given by St. Thomas Barlow, physician to King Edward's household. In latin countries where Olive Oil is a staple article of daily food, clear smooth skins and beautiful luxuriant growth of hair are almost invariable and directly attributable to this article of diet.

BERRI OLIVE OIL is a most efficient natural laxative and may be used with excellent effect in all forms of constipation.

The highest medical authorities recommend Olive Oil as a preventive of gall stones and in prevention and treatment of appendicitis.

INQUEST HELD OVER ROOSTER

Men Who Took Part in the Mock Trial Enjoyed Supper Together Last Night.

An inquest over the imaginary rooster of the mock trial held last week, was conducted last evening in the private dining room of the Y. W. C. A., by the men who took part in the entertainment, judge, jury, attorneys, witnesses and court officials gathering at 8:30 o'clock for supper. Following the serving of the meal, stories were told and an hour of interesting conversation held by the two dozen gentlemen present.

PERSONALS.

Quincy Herald, Feb. 9: D. A. Glasscock of Keokuk, humane officer and student of sociology, came down last evening to hear the Dr. Taylor lecture at the Newcomb.

Charles N. Bonham has returned from Eddyville, after a few days absence, where he decorated the residence of Dr. M. S. Brockfield.

J. B. Weil has gone to New York City to look after business matters. Harry Duncan has gone to the Pacific coast and will take in the exhibitions and visit with friends in Los Angeles.

MAY ELECT GRAHAM AS SPEAKER TODAY

Illinois House Will Meet at Four O'clock and Perhaps End the Long Deadlock.

SPRINGFIELD, Ill., Feb. 10.—The election of William J. Graham, of Aledo, as speaker of the Illinois house at 4:00 o'clock this afternoon, looks highly probable. After adjournment of the house shortly after noon today, after three ballots with Graham leading, the Dunne democrats, led by Michael Igoe, agreed to vote for Graham.

They have a strength of fourteen. During the morning, part of the seventeen Hubbard-Houston "dry" democrats voted for Graham and all are expected to do so this afternoon. Graham has the support of forty-eight republicans. If the democrats stand by him as agreed, forty-six republicans will be sufficient to elect.

David E. Shanahan is believed to have blocked Graham's election before the close of the morning session by moving a recess after the sixtieth ballot. On the sixtieth ballot Graham received fifty-five votes but it was imminent that the Dunne men would swing to him if the balloting continued.

Indian Prediction. MANDAN, N. D., Feb. 10.—That the present prosperity will be continued for three years was the statement today by John Cloud, a wrinkled old Sioux Indian of the Standing Rock reservation. He says 1915, 1916 and 1917 will be wet years, followed by three dry years. Local persons are inclined to put considerable credence in the predictions of the Indians.

—The Nauvoo Rustler quotes an article from The Gate City with the following comment: Ft. Madison is trying to make an arrangement whereby that city and Nauvoo can be joined during the summer with a ferry service. Keokuk should have a better boat service to Nauvoo and a ferry plying between Keokuk and Hamilton might be valuable to the business men of this city.—Keokuk Gate City. —Fort Madison will remodel her high school. The Democrat says: Although the more definite plan in the re-construction of the Fort Madison high school building has not as yet been arranged, still, advice was given out today as to the extent of the work that will be done in the proposed extensive remodeling of the building. According to the plans now being considered by the board of education, the structure will be completely remodelled. It has been found that the walls of the building have become weakened through the strain of holding up the heavy roof of the structure for years. That they will all have to be strengthened, is the general opinion.

—Hamill's Steel Cut. Smith Bros.
—Several parties here have received letters of inquiry lately concerning the starting of a grape juice factory in Nauvoo, says the Rustler. They have asked for certain information, and say they have the parties with the necessary capital to put it in. If Nauvoo proves a suitable location and no one doubts that it is. One of the inquirers is a large trunk line railroad, which says that it has parties who are ready to put in a plant at Nauvoo, and would have some one here shortly to look into the matter. A Keokuk wholesale grocery concern is also making inquiries as to starting a grape juice factory at Nauvoo. It looks like something might come from all this talk, doesn't it?

—Hamill's Steel Cut. Miss Neyens.

Rummage Sale

This sale is not on the choicest or most desirable goods, but is on goods that for some reason or other have not sold well. A great many articles that we are offering in this sale have been piled on top of the shelf or stored under the counters. Some are soiled, some, sorry to relate, out of style; nothing in the whole lot that we would call first class merchandise. Still it is worth something to somebody, and the prices we are making on the goods will strongly emphasize our poor opinion of the whole lot.

Below we give you a partial description as near as we can of what this sale consists. Come in to look anyway. If you cannot use the goods yourself you might have some one in mind who would be glad to have as a gift from you some of the things that will keep out the cold.

SWEATERS
Ladies', misses' and children's sweaters in all sizes, most of them are soiled, especially the white ones, but they will wash. They sold from \$1.25 to \$4.50. Our price now 25c, 50c, \$1.00.

SILK AND LACE WAISTS
In a lot of about fifty waists, hardly more than one size of a kind. This is an accumulation of several seasons. There are waists from \$3.50 to \$10.00. To close out at 95c.

SILKS
The change from narrow 18-in silks to the wider ones, has left us with quite a few narrow silks on hand. Some have become tender lying on the shelves, some are as strong as the day they were made. Pick out the strong kind at 25c per yard.

LADIES' SILK AND WOOL DRESSES
We were undecided for some time whether or not to put in this lot of silk dresses, because they are really good styles and quite a number of them recent purchases, yet as we wish to make room in our ready-to-wear department for new goods which will soon be arriving, we decided to include these in the sale. Dresses that are worth from \$12 to \$25 now on sale at \$3.90.

STRIPPED DOMET FLANNEL
This is a white Domet flannel with fine hair line stripes, very suitable for waists, and many other purposes. It sold for 15c. The rummage sale price will be 8-10c per yard.

MOREEN FOR PETTICOATS
Colored wool moreen that sold for 60c per yard, has been piled on top of the shelf for several years, never even took it down for inventory. Perhaps someone can use it, now that petticoats are coming back, at 12-15c per yard.

ODDS AND ENDS
Besides the goods enumerated, there are a lot of odds and ends, such as remnants of embroidery, remnants of lace, damaged kid gloves, etc. Pesky little annoyances that we wish to part company with.

TAILORED WAISTS
Long sleeves, buttoned in front tailored waists that sold from \$1 to \$3.50. Have been taken out of the boxes stacked on the counter; they will be closed out at one-fourth to one-half regular prices. A dollar waist good style, for 25c should appeal to everyone.

CHILDREN'S COATS
When we say these coats are warm coats we have said all we can truthfully say about them. Price \$1.00.

UNDERWEAR
There is a lot of about fifty dozen, fleeced underwear for children, ranging in sizes from 1 to 14 years, goods that sold from 25c to 50c; our price on this lot will be 10c per garment. Besides this lot, we have some odd sizes in ladies' fine underwear, made of wool and cotton and of silk and wool, principally in small sizes, at half price.
