LOVE. That life of all that makes men more than clods. That snow of sweet that melts beneath the sun.

That quiet blossom of the summer night. When mocking birds in jasmine bowers attune to digits of the moon.

That light that lies beneath the shadowy day. To glimmer suddenly upon the heart. As though one saw an arrowy sunbeam dart.

THOUGHT FOR TODAY. If I can stop one heart from breaking, I shall not live in vain.—Emily Dickinson.

Clue Was Worthless. [United Press Leased Wire Service] CHICAGO, March 31.—Another clue to the man who beat Emma Peterson to death in Aurora, Ill., in February, was run down as worthless today.

Daily Stock Letter. [Copyright 1915 by The New York Evening Post.] NEW YORK, March 31.—During most of the day, the outside speculative buyer was again the dominant influence on the stock exchange.

JURISDICTION IS QUESTIONED. Lawyer Contends Superior Court Cannot Hear Inebriate Cases Where Application is Involuntary. The jurisdiction of the superior court over inebriate cases was a question when a motion was filed today by the defendant's attorney to dismiss the case of the state of Iowa vs. Joseph Phillips.

ONE IS KILLED, OTHER TIED UP

Larger of Two Buffaloes That Escaped From Rand Park, Killed on Main Street Road.

ESCAPED YESTERDAY

Animals Broke Out of Park Pen Yesterday Morning—One Charged Man on Horse.

After being at large for over a day and a half, one of the two buffaloes that escaped from their pen in Rand Park early yesterday morning is dead and the other is securely tied and will soon be returned to the pen from which he escaped.

The larger of the two animals was killed by Gus Azinger not far from the intersection of the boulevard and Main street road. The other animal was captured and tied up by a number of men near the old Walsmith slaughter house on the Main street road, a half mile out of the city.

Before the first animal was killed, an effort was made by three men, A. P. Linenburger, Ed Linenburger and Peter VanAusdall, to drive it back to the park. The animal turned on the horse on which A. P. Linenburger was mounted and charged it, breaking its shoulder and so injuring the animal that it will have to be killed.

Renewed efforts to capture the animals or to drive them back into their pen were made this morning by a larger force of men, but none of their efforts were successful. The two animals separated and one of them went as far down as Twelfth and Concert. It turned, however, and went back, finally getting out on the Main street road. The other animal also got on this road a little later in the morning.

Six shots from a very high powered rifle were required to kill the larger of the two animals. The first bullet struck it in the right front shoulder. The only indication it gave of being hit was that it raised up its leg once or twice and shook its head a few times. The other bullets struck it in different parts of its body.

Members of the city council who authorized the killing of the animals said they regretted very much that this action was necessary. They feared, however, that if the animals were allowed to run at large much larger they might kill or seriously injure some child or woman.

On Thursday, April 1, at 7:30 o'clock p. m., the civil service commission of the city of Keokuk will meet in the council chamber, 7 North Seventh street, to examine applicants for positions in the city service.

NEURALGIC PAINS

These may be felt in any nerve of the body but are most frequent in the nerves of the head. Neuralgia may be caused by a decayed tooth, eye-strain or a diseased ear but the most common cause is general debility accompanied by anemia, or thin blood.

For this reason women who work too hard or dance too much and who do not get sufficient rest, sleep and fresh air, are the most frequent sufferers from neuralgia and sciatica, which is neuralgia of the sciatic nerve.

Nutrition for the nerves is the correct treatment for neuralgia and the only way to nourish the nerves is through the blood. Dr. Williams' Pink Pills supply to the blood just the elements it needs to increase its capacity to carry nourishment to starved nerves.

The pamphlet "Diseases of the Nervous System," is free to you if you enclose this paper. Address: The Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

person to be committed to the state institution has made voluntary application. In the present case the application is not made by the defendant, but is against his will.

CITY NEWS.

Bids on a number of street improvements will be opened by the city council tomorrow morning and the contracts awarded.

Telephone at the police station and at the city offices were kept busy this morning by persons who phoned in the information that the buffaloes were running around in the yards or had been seen in their neighborhoods.

William Murphy, one of the men commissioned by the city council to undertake the capture of the buffaloes had planned to get them back to the park by getting them in a small herd of cattle. One of the animals was killed and the other tied up, however, before he had an opportunity to try his plan.

Frank Boyle, manager of the Keokuk Baseball club, was expected to arrive here tonight or in the morning from Waterloo where he has made his home this winter. He will make Keokuk his home during the baseball season.

Probably the first public excursion that will be given out by the boats here this summer will be the one for the benefit of the baseball association on the steamer St. Paul, April 12.

On Thursday, April 1, at 7:30 o'clock p. m., the civil service commission of the city of Keokuk will meet in the council chamber, 7 North Seventh street, to examine applicants for positions in the city service.

PUBLIC OPINION. To the Editor of The Gate City: In last evening's paper there was mention made about the opposition in Randall's addition in regard to building a sanitary sewer.

Lime Treatment in Tuberculosis

In the May 25, 1912, issue of the Journal of the American Medical Association appeared this statement concerning calcium (lime) medication in the treatment of pulmonary tuberculosis (consumption):

Under the systematic, continued and moderate use of calcium and sodium, Van Gleason has seen a number of his patients improve, undergo an exudation or partial consolidation in the lung, which then receding would be expected to contribute to the walling off and closing of the lesion.

Ethical medical journals seldom speak so positively about a remedial agent, yet this testimony coincides with that from many consumptives who have secured like results through the use of Eckman's Alternative.

Eckman's Alternative contains no opiates, narcotics or habit-forming drugs. It is safe to use and its druggist is out of it, ask him to order, or send direct to Eckman Laboratory, Philadelphia.

Moines, and H. B. McCarten, of Dubuque, fined \$1,000 each, and George H. Wentz, of Lincoln, Neb., and George H. Cunningham, of Kansas City, fined \$500 each.

Attorneys for both sides agreed with Judge Pollock that these four cases would be the basis of an appeal. The government picked the first two men and the defense the last two for the test case and the remainder will have their sentences held up until these cases are disposed of, in this manner saving expenses for both sides.

Volley Ball. There will be an interesting game of volley ball by teams in the volley ball league tonight, Captain Towne's team and the employed officers team being the contestants.

Pax Nation Contests. Chawm tribe wins baseball game. Tahkodah tribe wins basketball game. Miller takes first place in swimming meet.

Championship Events. The second events in the Pax Nation championships were played off, last evening at the Y. M. C. A. The Chawm and Tahkodah tribes contested for honors in basketball and baseball.

Baseball Game. The baseball game was won by the Chawm tribe by a score of 18-10. In this game it seemed like the Tahkodahs could not connect with Wiley's pitching and he held his opponents down to two scores until the last inning.

Basketball Game. The Tahkodahs took the basketball game from the Chawms by a score of 13-9. Through the exceptionally good playing by the guards on the Tahkodah team the Chawms were unable to score, while Wiley started for the Tahkodah tribe, making six points; Alling scoring two points and McCormick three.

Swimming Events. Miller took the honors in the Nahpayshee swimming events finishing with a final score of 22 points. Clough second with 13 and Wiley third with 9.

Tonight's Program. At 7:00 o'clock three teams representing the Nahpayshee tribe will play basket ball and base ball to decide the teams entering the final games on Thursday evening.

At 7:30 o'clock the Wawokeayla and Chantayaska tribes will hold their swimming meet. These will probably be the most interesting swimming event staged so far as these two tribes are composed of older boys and some fast swimming will be done.

Considerable interest has been taken by the parents and friends of the boys in these contests and it is expected that larger numbers will attend the events to follow.

IT is the purity of a soap that most interests the doctor. For the purer it is, the better its action as an antiseptic. The fact that Ivory Soap is generally used in the great hospitals is scientific proof that no purer soap can be made.

IVORY SOAP 99.44% PURE. A piece of Ivory Soap 1 1/2 inches by 1 1/2 inches by 1 1/4 inches dissolved in a gallon of water makes a one per cent solution which is excellent for sterilizing articles in the home.
