Hamilton Gate City

Hamilton, Ill., May 25.

The farmers report that the prospects for a big hay crop are fine, and they look for the biggest yield of hay that we have had for years.

While we are having plenty of rain, our city dads should not forget that the weeds are doing fine and we will need the weed cutters to kill them off.

We noticed by the Nauvoo correspondence that they lay claim to the egg business. We have one egg dealer who shipped a full car load one day last week and he does that every week in the season.

Nauvoo has made a great movement for the good of the town by getting the same freight rates as her neighbors. This puts Nauvoo on the railroad map of the C. B. & Q., and we think the shippers will appreciate the change. It has amounted to thousands of dollars to Nauvoo shippers.

Don't forget the Fourth of July celebration. Who will start it? Such a thing would be a big ad for Hamilton. It's only about five weeks off. Let's begin now.

A. R. Steffen of St. Louis was a Hamilton visitor yesterday. J. E. Beverens of Galeburg was looking over Hamilton yesterday. W. L. Lambert of Moline was a business caller yesterday. H. C. Wimes of Burlington was

registered at the Hotel Granite yesterday. J. E. Sawyer of Quincy was a Hamilton visitor yesterday.

GAME CALLED OFF MASON CITY TOMORROW

Wet Grounds Make It Impossible for Indians and Ansons to Clash at Park Today.

The game between Keokuk and Marshalltown to have been played here this afternoon, was called off on account of wet grounds. Rain during the morning made this field a sea of mud. The Marshalltown team left this afternoon for Burlington, where they open a series with the Red Sox tomorrow. The Indians will be at home to Mason City at the local park tomorrow afternoon, starting a series of four games with Harry Day's tallent club. The attendance at these four games should be much better than it has been recently. Unfavorable weather has cut in on the attendance at the park here in such a way as to seriously hamper the financial conditions of the local association. Regular patronage by Indian fans will relieve this stringency and all are urged to come out and see the best team Keokuk has ever had.

BONAPARTE HAD SMALL CYCLONE

Streets Were Littered With Broken Branches When Trees Were Torn up by the Roots.

LIGHTNING KILLED MAN

Lee Nixon, Farmer, Living Near the City, Was Killed by Bolt and His Son Injured.

There was a miniature cyclone at Bonaparte this morning, many shade trees being torn up by the roots and the streets littered with branches. The wind was particularly severe in that vicinity and passengers on the Rock Island train, arriving in Keokuk this afternoon, report having seen trees and telegraph poles leveled along the route. Lee Nixon, a farmer living about five miles from Bonaparte, was struck by lightning and killed and his son Lon, was badly injured. Reports reaching The Gate City this afternoon, tell of high wind at Centerville and a heavy storm along the river at Muscatine and Davenport. Telegraph wires were badly crippled and details are meagre, but enough has been learned to show that the wind this morning played havoc in many places.

In Southern Iowa [United Press Lease Wire Service] CENTERVILLE, Iowa, May 25.—A cyclone swept across southern Iowa today destroying trees, out-buildings and crops. Wires are down and news hard to secure. One report said that several people were killed and injured at Allerton, east of here, but the wires are down and the report cannot be confirmed. At Corydon, trees were uprooted, but no one was injured. The damage was severe at Chariton, but the damage was small. In this city two people were struck by flying boards, but will recover.

AMUSEMENTS.

At the Grand. "The Girl of the Golden West," pleased big audiences at the Grand yesterday. It was without doubt one of the best western pictures seen in a long time. The story on the screen has the background which it needs to make it perfect in all respects. Some one with the eye of a playwright, and a landscape artist selected the exterior. The interiors are all good, a rare thing in a play of this kind. One of the strongest points in the play was the climax; it comes swiftly and logically. It is a real culmination of all that has gone before and it arouses the emotions of the audience to the highest pitch. The climax on the screen has most of these elements of strength. It is a real pleasure to the management of the Grand to offer "The Girl of the Golden West" to their patrons. Three showings tonight, 7, 8, and 9:15. "The Ragged Earl," which gave such splendid satisfaction on its first showing at the Grand a short time since, will play a return date tomorrow with the usual four o'clock matinee and three shows at night. The attraction is fully guaranteed by the management. You should not fail to see "The Ragged Earl." "Uncle Sam at Work," without doubt the greatest educational film in existence, will be shown at the Grand Thursday and Friday. Four shows each day, at 2:15, 4:15, 7:15 and 9:15. While the production is thoroughly educational, it has a strain of comedy throughout the eight reels that adds to the interest of the picture. "Uncle Sam at Work" is given under the auspices of the schools of the city, one-half the receipts to go to the fund for the purchase of Victrolas for the schools. If you think you would not like this picture, come and see how badly you are mistaken. If your patriotism and pride in the achievements and strength of your country need rejuvenation, you will find an excellent stimulant in "Uncle Sam at Work." Such a picture was never made before.—Advertisement.

Orpheum Tonight. Warren Kerrigan at the Orpheum tonight in a wonderful play, "The Stool Pigeon." Can you imagine handsome Warren Kerrigan as a down and out chap, looking for a job? How he meets a society crook who uses Kerrigan's cleverness to further his own blackguardly schemes? It's a play with a great big part for Kerrigan. You must not fail to see it, in two big acts, also "The Fatal Kiss." Shultz, the haberdasher, falls in love with Trixie, the Gaiety theatre actress, and determines to deliver her purchases, a pair of stockings, in person. Wife interferes; burglars enter the scene and a wild series of complications follow. The faithless Shultz is sent to the rock pile for ninety day and wife gets her revenge. Also one big burlesque, entitled "Nothing Ever Happens Right." Coming tomorrow, another big Universal star, Ben Wilson, in "The Ladder of Fortune." The hit of the season, supported by Dorothy Phillips, a stirring beautiful tale of a handsome young Italian musician. Animated Weekly 163, all the latest events of the world, and last but not least, Ford Sterling, the original comedian, in "His Smashing Career," a real Sterling comedy. All matinees 5c from 7 to 10:30. Universal photoplays exclusive.—Advertisement.

MEETING TONIGHT; TALK FIRE TRUCK

Commissioner Collins Returned Today and Will Speak at the Meeting This Evening.

SUPERIOR COURT ROOM

Will be Scene of Meeting—Property Owners, Merchants and Manufacturers to Attend.

Members of the Keokuk Retailers' league and Industrial association will meet tonight in the superior court room to hear the report of Commissioner J. A. M. Collins in the matter of the purchase of an auto fire truck. The meeting is being called at the instance of the commissioner. Mr. Collins has a proposition in the matter of the purchase of a truck which he wishes to put before the merchants and the property owners tonight. Mr. Collins is going to talk about a high pressure auto fire engine. The factory men will be interested in this as will the owners of property in the cutting districts. This pressure engine is of much importance in securing high pressure at fires at long distance from the water works plant. There has been trouble many times with the water pressure at fires in certain districts in the city. With the high pressure engines, this difficulty is obviated, and good pressure is always obtainable. The meeting will be open to the members of the league and Industrial association and all who are interested. Commissioner Collins returned today from Fort Wayne, Indiana, where he spent several days visiting his son after completing his trip of inspection with Fire Chief John Anderson, when they saw a number of automobile fire trucks demonstrated. Mr. Collins will be the chief speaker at the meeting tonight. He will tell those present what the automobile trucks did under conditions similar to those which would be encountered by an automobile truck in service in this city.

A PERFECT DAY. When you come to the end of a perfect day And sit alone with your thought While the chimes ring out with carol gay For the joy that the day has brought, Do you think what the end of a perfect day Can mean to a tired heart When the sun goes down with a flaming ray And the dear friends have to part? Well, this is the end of a perfect day, Near the end of a journey, too; But it leaves a thought that is big and strong, With a wish that is kind and true, For memory has painted this perfect day With colors that never fade, And we find, at the end of a perfect day The soul of a friend we've made. —Carrie Jacobs-Bond.
