PRESIDENT HOST AT COUNTRY CLUB

C. F. McFarland and Mrs. McFarland Gave Beautifully Appointed Reception and Dance There Yesterday.

LARGE NUMBER ATTEND

New Pavilion Gives More Room Than Club House Which Was Destroyed by Fire Few Weeks Ago.

C. F. McFarland, president of the Keokuk Country club, was host at a delightful reception and dance which was given last evening on the newly erected pavilion at the Keokuk Country club. Receiving with Mr. McFarland were Mrs. McFarland, and the following officers and committee heads of the Country club, Miss Agnes Trimble, Miss Alexine LeRoy Reid, Miss Mary Howell, Cyrus Phillips, M. F. Baker and John Sprowls.

There were 250 guests present and after the reception, dancing was commenced. Music for the dance program was furnished by Agnes's orchestra. The grand march was led by Mr. Cyrus Phillips and Miss Mary Louise McGrath, and the line extended around the large pavilion, everyone getting into the grand march whether sixteen or sixty.

Ices, cake and punch were served during the evening at small tables around the pavilion. The table decorations were baskets of red roses. The pavilion was dressed in great branches of oak leaves and with syringa blossoms in jardiniere. The reception was perfect in all of its appointments, and pleasing in every detail. It was an event which will long be remembered by those fortunate enough to have taken part in it.

Pavilion is Roomy.
The platform of the pavilion which has been erected is 110 by 32 feet. The floor space on the pavilion is half again as much as the old Country club floor. Besides the dancing floor there is a ladies' dressing room and a well equipped kitchen. The pavilion is built on the side of the

hill, which gives space below for lockers and shower baths for the men.

There is more space for benches and chairs than on the old club porch, and benches will be placed about the edges of the pavilion, and besides these there will be some 150 chairs for use to supplement the benches. The pavilion affords a better view of Lake Cooper and the Prices' Creek valley than did the old club house.

The pavilion has been inspected by the city officials and is considered by the experts to have been built especially strong.

The Country club is really giving its members as much or more than it did with the old club house which burned last month. The plan is to erect a club house as soon as the plans are considered. The pavilion will be kept for dancing purposes even when the new building is ready, it is stated.

The President's Rules.
One of the features which attracted considerable attention yesterday at the club was a set of rules posted conspicuously. These were called the president's rules, and were made by President McFarland. Rule one provided that all ladies between 20 and 60 were privileged to ask the president to dance; all under 20 were requested to do so; and the president announced his intentions of asking all over 60 to dance.

Rule two provided that kicks and grouches were to be referred to the committees, while all commendations and compliments were to go to the president.

Rule three provided that the president should claim all golf balls found on the greens, even though these might be marked. Should his ball be lost he would blow three blasts on a whistle which would be a signal for all hands to stop playing and go to hunting the lost article.

Many Present from Out of Town.
Those who were present from out of the city at the reception were: Mrs. Keator and Miss Keator of Aberdeen, S. Dak.; Mrs. Marguerite Hublinger Dorris of Hendersonville, Ky.; Mrs. Harry Trost of Ottumwa and Miss Callendar of Des Moines.

Reaping the Whirlwind.
Lincoln Journal: Ever and anon the little blaze from which this conflagration started comes for a moment into view. Nowadays the occasional mention of Serbia takes the form of descriptions of the wholesale rate at which typhus is carrying off the Serbs. The "black hole" of the typhus plague, we are told, is Valievo. This town of 8,000, now reduced perhaps to half that or less, was the scene of the assassination which furnished the cause—or pretext, if we please—of the which grew the present free-for-all in Europe.

The Warsaw Gate City

Warsaw, Ill., June 6, 1915.

Mr. and Mrs. David Price and son, William, of Hannibal, Mo., are visiting Mr. and Mrs. David Ayers of Wythe. Mercury 90 in the shade at 2 p. m. Saturday.

The Warsaw high school commencement exercises at Dreamland theatre, Friday night, were greeted with a packed house; everybody was there, from grandpa to the baby. A very interesting program was rendered by members of the graduating class; the floral decorations of the stage were beautiful.

The ladies of Wythe Christian church will give a strawberry social at the home of David Ayers, Thursday evening, June 10.

Report came Saturday morning that the river gauge here was 17 feet and six tenths, and rising fast, this doubtless being only temporary, owing to the opening of the spillway gates in the dam. Much of the land on the river side of the government levee is not yet overflowed.

The German Evangelical church, Sutter, held its annual picnic in Altheide's grove, near Sutter, Saturday afternoon. Farmers and their families from far and near and friends from town of various religious denominations, constituted the crowd.

for this reason Warsaw's Saturday country crowd was smaller than usual. Warsaw's band went out to furnish the music for the picnic.

Henry Giesicke of Lincoln, Neb., visited his sister, Mrs. Wm. Luckhart, this past week. He was enroute to Pennsylvania, where his wife is visiting.

"No fishing or bathing allowed in this pond." Is the sign a wag erected on the border of a large mud and water puddle at the intersection of Sixth and Main streets. This reminds one of a similar incident which occurred in Keokuk over thirty years ago; the street gang had left a pile of street scrapings in front of a Main street business house an unreasonable length of time, much to the annoyance of the merchant. Forbearance ceasing to be a virtue, he put a sign at the head of the grave shaped pile, which read as follows: "Here lie the remains of the street supervisor."

J. W. Means is this week industriously informing the public of the virtues of Keokuk's great daily, The Gate City—and with success.

An interesting window attraction on

Main street, is a lot of rubber balloons agitated by an electric fan; nothing new by the way, but everybody stops a second or two and looks.

The remains of Ed Niemeyer, recently deceased, arrived here Saturday from the west, and were buried in the afternoon in Oakland cemetery; he was a former resident of Warsaw; he had resided away from here for a number of years; his brother, William, resides here.

The boys' orchestra will give a social on the lawn of the Episcopal rectory, Tuesday evening, June 8. Music by the orchestra.

Warsaw camp 240 M. W. A. and Acorn camp 455 R. N. of A., will decorate the graves of deceased members, Sunday, June 6, a joint committee taking conveyances for the purpose, as the graves are much scattered and mostly in the country. Sunday is Woodmen Memorial day.

B. F. Connor has returned from California, stopping enroute at Denver, Colo., and Carthage, Ill.

The Warsaw band boys donated their services on Sunday, May 30, Decoration day; a commendable act.

Miss Annetta Dennis of LaHarpe, is visiting Mr. and Mrs. Ed Plank, her uncle and aunt.

Roy O. Moore, of Carthage, Ill., was a business visitor in Warsaw Friday.

The following delegates attended the district convention of the German Evangelical denomination at Donnellson, Iowa, held from Thursday of last week to Monday of this week: A. Satory, Rev. E. H. Jagdstein, Warsaw; Rev. Brun and Rothe Nagel, Sutter, Ill.; Rev. L. Hagen and Mr. Schouerman, Tiooga, Ill. A very interesting and profitable session was held.

Will P. Green has gone to Denver, Colo., and will be absent several weeks.

J. E. Shoemaker, of the Mt. Sterling, Ill., Mail, but formerly editor and publisher of the Warsaw New Era, was here recently, calling on friends.

The band concert next Wednesday will be at the intersection of Main and Sixth streets.

A representative of an Indianapolis, Indiana, factory making automobile accessories, was here in his auto, on Friday.

Miss Jeanette Worthen, teacher in the Boulder, Colo., high school, arrived home Tuesday last.
