

SELECT CAPTAIN FOR FIRE TRUCK

Henry Z. Miller Will Be Captain of Apparatus With Walter Garrison and Ralph Mackie As Assistants

MEN ARE LEARNING FAST

More Practice Runs Will Be Made This Week—Demonstrator To Stay Week or Two Longer

Henry Z. Miller will be captain of the new auto fire truck. His assistants will be Walter Garrison and Ralph Mackie. Miller has been stationed at the Tenth-street station but was transferred to the Sixth street house. Garrison was a pipeman on the chemical, and Mackie has been transferred from West Keokuk. Miller as captain of the truck will have to be in charge of the apparatus. No one will be allowed to change anything about the mechanism without orders from him. Any repairs will be reported to him.

Harry B. Watson, who has been driver of hose reel No. 1, has been transferred to the West Keokuk station. One of the men from the Sixth street station will be sent to station No. 3 to take Miller's place. This shift has not been decided upon yet by the chief.

The fire truck will make a number of practice runs this week on the north side of town, according to Chief Anderson. The tests will include practice in coupling and throwing water from the hydrants in various parts of the city.

The three local firemen who are being taught to handle the new truck are learning fast. Ronald Frazier, who is from the American La France factory, and who is teaching the local men how to handle the big truck, will be here for another week or two. Captain Miller of the truck, will aid in teaching his two understudies as he becomes proficient in handling the machine. Miller is practically ready to receive his diploma in driving the truck.

The three drivers are being cautioned not to try to go the limit of the machine on their first run. Getting away in bad shape on their first run, or with an accident would spoil their nerve for other runs. It is said.

MASONIC LECTURE BY ROBT. E. GRAHAM

All Masons in City Are Invited To Hear This Man Who Is Well Versed in Masonic Lore.

All Masons in Keokuk are invited to attend the lecture to be given this afternoon by the Hon. Robert E. Graham of Denver. The lecture will commence at 2:30 o'clock in the Masonic Temple, and Mr. Graham's subject will be "The Mysteries of Free Masonry." Mr. Graham is probably the best posted man in the world on Masonic lore. All Masons in the city are welcome to attend this lecture. Admission will be free.

Verdict Thrice Rendered. St. Louis Globe-Democrat: Three times the American people expressed expert opinion on Mr. Bryan, greatly to their credit.

The people who built the Pyramids did a job that has never been beaten. From foundations to cap-stones they were constructed to endure. There was no overweight anywhere and no part was too weak or too light to match the other parts. Hence the lasting qualities of the Pyramids. Diamond Tires are built, as the Pyramids were built, to last. Every part is made to wear just as long as the other parts endure. Consequently Diamond Squeegie Tread Tires made a record in 1914 that has never been matched. Send for our book of letters from dealers who sold Diamond Tires in 1914. It tells how more than 99 out of every 100 of the more than half a million Diamond Tires sold last year gave maximum service at minimum mileage cost. It is yours for the asking.

who will select the two girls who are to take the parts of Helen Strong and Mary Franklin in the story.

Miss Mae Bonney, whose name has appeared on a number of ballots with Miss Hodge, will leave in a few days to spend the summer away from home and for that reason has withdrawn from the contest. Miss Marie Weber has taken her place. Miss Ruth Alling has withdrawn her name also.

A voting coupon is printed in this morning's paper and one will be printed tomorrow evening. They will be the last ones to be printed. If you have not expressed your choice yet, here is your last chance. If any of the names above strike your fancy, vote for them.

The Gate City will announce the two girls selected, in Tuesday evening's edition, and the complete cast a few days later.
