## A REBUILT CADILLAC

is a Safe Used Car to Buy

A rebuilt CADILLAC will give more service than any new car at the same price. A complete stock of parts carried for all models makes them capable of constant service. In buying a rebuilt CADILLAC you secure a car of quality not obtainable in a new car at less than twice the price. And if you desire to resell it at any time, you do not have to stand the greatest loss in a car—that of wearing off the law.

We offer CADILLACS exclusively, as we do not accept other makes in trade. Consequently we are as much interested in the service of those rebuilt cars as we are in new CADILLACS. In actual service value these cars are worth a great deal more than we ask for them.
