ONE FRAME 'NUFF FOR INDIANS' WIN

McCulloch Knocked Circuit Clout as Starter in Second and Five Runs and Game Was the Result.

PENNER PITCHES WELL

Indian Hurler Is Hit Freely, But Keeps Blows Scattered—Fans Two Pinch Hitters in the Ninth.

When McCulloch smashed out a home run in the second inning of yesterday's battle, he set an example for the rest of the team and they came up behind him in that session and killed the ball for four more runs, giving the Indians a lead of four over Marshalltown—a lead that the Ansons were unable to whittle down lower than three, although they were warm for two or three more runs, and the opening conflict with Lynch's rejuvenated squad resulted in another Keokuk victory, 5 to 2.

Penner pitched in his usual style, and this combined with excellent support brought the bacon home. Although the visitors garnered as many blows as their Redskin rivals, these were scattered over a wide territory and were mostly harmless.

The Ansons started out like a bunch of licks boys. Glass connected with Penner's first ball for a double in the first frame, and he had struck out he was caught off second by a peg by Darrow and had to hot foot it to third. But Swick threw the ball way over into the bleachers and the husky right fielder crossed the rubber for the first score.

When Indians Get Busy. In the second the Indians cleaned house. After McCulloch had tampered with one of Tuttle's curves for a homer over left field fence, Penner poled out a near single as a follow-up. Baum lived on a walk and Hollercher hit to left field. Sears let the ball go past him and Penner scored. Lowther knocked a fielder's choice and Braderick, at short, threw wild to home and Baum completed the circuit of the horn. When Swick busted the apple, both Hollercher and Lowther got a record in the run column, but Swick was caught when he tried to stretch his hit to second base. With two down, Giffin ended the frame by fouling out. The Indians had poor pickings after that, but they had enough runs saved up for the rainy days to come.

In the fifth, Glass went all the way around to third when Lowther threw his offering wild to first and scored on an infield out. In the next, Richardson connected for a triple but died on base. The visitors were warm again in the eighth, first and second being filled on two hits with no outs, but Penner retired the side before any damage could be done. Two pinch hitters in the ninth struck out and the curtain dropped.

THREE EYE LEAGUE READY TO VACATE

Meeting is Called for Monday in Chicago and Pessimistic View of Gathering is Held.

There may be nothing in figures, but it seems rather queer that President A. R. Tearney's thirteenth circular letter to the club owners this year should begin with a preamble of gloom and forecast disaster, says the Quincy Herald. President Tearney writes that owing to the general bad conditions, the heavy losses suffered by the rainy weather and other troubles of the league, he had decided to call a meeting of the Three-Eye league club owners at the Palmer house in Chicago on Monday, August 9. The meeting is an important one and every club owner is urged to be present.

President Tearney does not state the purpose of the meeting. However, it is supposed that he is yielding to the appeals of some club owners to call the meeting for the purpose of discussing the advisability of closing the season earlier than scheduled. It is not probable that anything will be done at this meeting unless the league gets positive assurance that it can reserve its players for next season.

While conditions in Quincy have been bad and every day means a loss of money to President Shannon, he stated today that he was strongly opposed to cutting the season short. He has promised Quincy's fans that he is going to furnish them baseball up to the close of the season and is going to fight any move to cut off several weeks from the schedule. He argues that mercantile houses do not close their doors when they strike a dull season, and while he would save a nice piece of money by closing now, he will go to Chicago to fight for carrying out the schedule as drafted. He also believes that there must be an end to this rainy weather some time and believes that the end will come in time to enable the fans to attend the games, and that the patronage later in the season will repay the owners for playing fair with their patrons.

Wisconsin Governor Movie Fan. MADISON, Wis., Aug. 5.—Governor Philipp evidently acquired the "economy" habit by practicing it himself. He is the first governor that Wisconsin has had, as far as memory goes, who eats "off the arm of a chair" and likes the movies. The governor can be seen any day in one of Madison's lunch rooms calmly absorbing a bowl of "alf an' alf" and munching crackers. And every night that he is not busy he is at a vaudeville show or watching Poor Pauline slide off a cliff.

MUSCATINE NOW IS TALKING QUITTING

Fans of City Are Given Jolt in Statement on Situation There, Issued by President of the Club.

Unless Fans Rally to Support of the Club, There Will be No Hope for Game There, President Says.

NO FRANCHISE IN 1916

Unless Fans Rally to Support of the Club, There Will be No Hope for Game There, President Says.

MUSCATINE, Aug. 5.—Muscatine will be minus organized baseball next year unless the fans of the city rally to the support of the Muskies during the few remaining weeks of the current season.

This was the flat declaration of President Sam Block today when interviewed relative to a report that Rock Island had sought to secure the local franchise. President Block announced that the city of Rock Island had not only made an offer for the Muscatine baseball club and its franchise but that the proposition was being given serious consideration.

However, he stated, Muscatine would retain its berth in the Central association at all hazards this year. Speculation is rife though, as to whether baseball will be continued in this city next year. The loss of baseball in Muscatine would be seriously felt in all lines of business, prominent fans point out, and concerted efforts are expected to be made which will result in increased attendance during the rest of the present season.

Block Makes Statement. With the object of ascertaining the feeling of the local association relative to the 1916 season, a reporter secured the following official statement from President Sam Block today:

"Will we be a member of the Central association next year?" "That is a question I cannot answer, and is a matter that can be decided only by the board of directors. In my judgment, however, this question will be settled finally by the records of our total attendance for the season. Our attendance has been too light to sustain a winning ball team in any league. The only way the board can determine whether this city desires to continue in baseball is by the number of people who pass through the gate and there has not even been enough passing through to pay the visiting clubs their daily guarantee. So it looks as if they did not desire baseball for another season.

"Should the attendance stay as it is we would have no trouble in disposing of our franchise, as the local association last week received inquiries from the baseball promoters of Rock Island asking us if we would entertain a proposition to transfer our franchise to them.

"We told them we would not transfer it this year under any circumstances. "It is up to the fans to say whether we will transfer it next year. "We have here without question the most loyal and liberal subscribers of any city in the league, but that alone will not sustain us.

"It takes attendance and if the fans by attending the games for the balance of the season show their desire to retain the franchise, the board will be most eager to assist them. "There have been a few bright spots in the season and the enthusiasm shown by the Elks last Sunday.

Wild Bob Burman. [United Press Leased Wire Service.] CHICAGO, Aug. 5.—Speculation is rife as to whether "Wild Bob" Burman has an ace up his sleeve which he will play during the 100 mile championship race here Saturday. Burman made the fastest practice lap yet registered, in his Peugeot. He is credited with two miles in a fraction under 111 miles an hour.
