INDIANS GIVE CLINTON DOUBLE DRUBBING SUNDAY

Tribe Wins First Game Four to One and Second, Six to Three in Reappearance on Home Lot.

LE BEAU GETS WHOLE ONE

Bunched Hitting Combined With Wonderful Fielding, Cinches Both Contests For Tribe.

The Keokuk Indians in their first home appearance yesterday, after a week on the road, made up for the losing of last Saturday's double header by giving George Manush's Clinton Pilots two sound drubbings. The first game went four to one for the tribe, and the last, six to three, the three for the victors being made in a spectacular ninth inning rally.

In the first game, the Indians got one less blow than the visitors, but could have won on even less than they did make for the hits came in bunches and counted in runs. LeBeau was the hitting hero of the opening contest, the fast little center fielder garnering a home run over left field fence in the sixth frame, and two singles besides.

Airtight fielding was another feature of the playing of the Indians, the visitors being robbed of a half dozen or more blows by lucky stabs by the tribesmen. During both games the fielding of LeBeau, Hollocher and Lowler was little short of phenomenal, while everyone on the team at one time or another, pulled a brilliant play.

IS SIXTH STRAIGHT WIN FOR TRIBE

Keokuk Indians Have Struck Their Pace and Are Now Going Strong Again—Good Team Work.

NEW MEN PLAY WELL BUT TEAM MADE GOOD

Boylemen Steadily Rising While the Muskies Are Hitting the Skids—Drop Two to Pathfinders.

The Indians have won their way back into the graces of everybody. By drubbing the Pilots yesterday they annexed their sixth straight win and are now seriously menacing Muscatine. The Muskies lost steadily last week and began with another bad day yesterday, dropping two to the Pathfinders.

The Keokuk machine seems to have materially strengthened with the addition of the new players and team work is now the middle name of the Indians.

Wilkes played a good game at third base yesterday, and will undoubtedly fill the big gap made when Harvey was compelled to leave the team with his injured ankle. Wilkes is a sure steady player, seldom misses a possible chance, and will undoubtedly round out into a good hitter for the Indians.

Cooper, with the exception of the final frame of the second game, pitched a superb game against his former teammates. In six innings he allowed them but one hit and no runs. In the seventh he slowed up for some reason or other, and the Pilots were able to get to him. But if Cooper can put up the brand of ball or anywhere near it, that he did in the greater part of the game he pitched, Boyle made no mistake in signing him up.

Although Bush started in the Central Association, he has had several years experience in the National and Federal leagues.

THEY LIKE BUEMILLER OUT IN LOS ANGELES

Former Keokuk Shortstop Making Good with Pacific Coast Team This Season.

The following from the Los Angeles Express concerning a former Keokuk shortstop, will be of interest to many fans here. It was sent to The Gate City by Bob Ranson.

Los Angeles fans are coming to appreciate Al Buemiller. The former American association infielder has not had a real chance to show his class, for he has not been played much in his regular berth at short.

SUNDAY'S CROWD STRANGELY SILENT

Spectators Waited to be Shown Before Voicing Their Approval—After Former Fatal Doubles.

Joe Bush in Initial Appearance on Keokuk Diamond, Lives up to His Former Excellent Record.

The crowd at Sunday's games, and it was a fairly good crowd, although not as large as was expected, was strangely silent during the course of the two battles. The rabid, shouting mob of the Sunday previous had given way to a quiet, conservative group of spectators. What was the psychology in this?

Were the Keokuk fans thinking of the double-headers lost on previous Sunday's and waiting to be shown before they voiced their approval? It appeared as if the crowd was carrying a figurative chip on its shoulder, sitting in silent contemplation while the team made good for its previous spirit dampening double losses on the home grounds.

It also appeared as if some had come to the park with a sort of gloomy enjoyment, waiting for the former results to be duplicated. Any way there was a "Tim from Missouri" air permeating the atmosphere that was only swept away when it was apparent that the Tribe was going to annex both contests.

The fans have been "shown" and the team should have the loyal support of all during the present home engagement which lasts through Friday of this week.

The death of shouting may have been caused also by the excellent umpiring of Joe Bush, who made practically no questionable decisions and so gave the fans no chance to voice their disapproval. Reports have been coming in from other cities to the effect that Bush is one of the best umpires that has ever been signed up for the Justice circuit, and if he is as good every day as yesterday, Keokuk is indeed fortunate in having him for this series.

Although Bush started in the Central Association, he has had several years experience in the National and Federal leagues.

WHO WILL PLAY IN THE WORLD SERIES?

End of Big League Season But Seven Weeks Away and Still No Dope as to the Outcomes.

Several Teams in Both Leagues Battling for First Honors—Times Alone Will Pick Winners.

[By Geo. R. Holmes, United Press Staff Correspondent.] NEW YORK, Aug. 16.—The world series title is only a matter of seven weeks away and to the strictly neutral observer the entries for the annual classic are still a mystery. Especially in the matter complicated in the National league, where four teams are still very much in the running and two more are conceded possibilities by the book-makers.

In the American league, the wise ones are giving it to the Red Sox. The decision is popular outside Detroit and Chicago.

Opinion along the baseball rialto and in betting circles today was pretty evenly divided between the Phillies and the Superbas for the pick of the Tenor circuit. The sporting fraternity is suspicious still that the Phils are going to crack down on the stretch and they want to be out from under when it comes.

The Quakers were still on the long end of the odds, but betting men frankly admit they don't know how to place their money.

Brooklyn was being favorably considered today because it is in the midst of an upward scramble that may carry it to the top. The Superbas have played at 350 clip the past week, winning six and dropping but one.

Each week for the past month some National club has developed a spirit that bid fair to carry it to the lead, only to wilt and droop in the drive the last quarter. First it was down the last quarter. First it was down the last quarter.

With the memory of their 1914 drive fresh, the wise ones immediately "got on" the Stallings crew—and have been seeking to hedge their bets ever since. Then the Brooklyns dashed upward only to fall back. The Pirates started and dropped back when the August sun hit them. Lastly the Giants began a belated climb and suffered the same fate. Now the Dodgers have developed another drive that bids fair to make things hot for the Quakerstown crew.

Grizzled baseball men say that never in the history of the game did they see the teams so bunched so late in the season. Usually the thing lies between two, or possibly three teams, the third week in August. But this year, six clubs are still in the running and from the east of Cincinnati in taking four straight from the Pirates it appears as though the Reds were going to make a belated bid for honors.

S. S. S. Greatest Blood Remedy Gives Results When Others Fail

Nature's Remedy for Blood Troubles. The purifying and curative properties of Nature's great remedy have made "S. S. S. for the Blood" a household name. Thousands today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood purifier. S. S. S. is made entirely from roots, herbs and healing ingredients. You cannot be well when your blood is impure; you lack strength and energy natural with health; your complexion becomes pale and sallow; your vitality is weakened. When waste or refuse matter, which Nature intends shall be thrown off, is left in the system, it is absorbed into the blood and boils, pimples, rashes, blotches and other eruptions of the skin appear.

Baseball Briefs For Busy Bags

Ned Egan's protest to President Justice concerning Umpire Cook's decision in calling Hasbrook out on a home run because the runner was touched by a coach when rounding third, has been denied. The decision cost Muscatine a game against Waterloo. Egan protested that the ball was out of the playing field, and was out of play and that as a consequence the ruling which prohibits a coach from interfering with a base runner was not in effect. President B. B. Johnson of the American league and a member of the national commission, in response to a wire from Egan, ruled the player was not out on the ground that the ball was out of play. President Justice, however, declared that no exceptions could be taken to the rule and that it was up to the umpire to decide in the matter.

Waterloo is backing Eddie Brennan, new manager of the Waterloo team, to the limit, according to all reports from that city. The playing of the tail end clubs the past week has been rather sensational and the leading teams have been toppled on several occasions.

There has been much comment in Central association papers of the near smash-up of the Three-I league brought about by the loss of Decatur. At the present time seven clubs are in Tearney's league. A wild story from Clinton is to the effect that three of the present Central association clubs are to drop out of the league at the close of the present season and that present Three-I clubs will join, thus rather consolidating the two circuits. Just where this dope originated from cannot be discovered, but of course there is about one chance in a thousand that it is live stuff and not a mere conjecture with no backing.

According to word from Mason City "Liz" Garrett, the lengthy youth twirler for the Claybakers, has been sold to the Cleveland American league team, the buying being the major league's offer on September 4. The price is said to be \$1,100.

At the close of the present Central association season, the Muskies will not immediately disband, as has been the custom in years past. Manager Ned Egan is arranging a barnstorming tour for his proteges and will take the entire Musky clan for an extensive trip before disbanding for the winter, according to plans announced Saturday.

It is not improbable that several semi-pro teams may go to Muscatine for contests, while it is hinted that a series with the champions of the Three-I league may be arranged, if that circuit is still in evidence September 6.

The Central association season is nearly over and all of the clubs have been taking advantage of the good weather of the past week. Attendance around the circuit the last week has been much better than has been the case for some time, and if the weather continues good all of the clubs will probably finish in fair financial shape. Keokuk, Clinton and Burlington are making the hardest fight for attendance, but they still have a good chance to pull out, as fans in all three cities are boosting to the limit.

Remarkable Cure of Dysentery. "I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised by Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill of Snow Hill, N. C. For sale by all dealers.
