Largest Crowd Ever in Attendance at Pioneers and Old Settlers Reunion Attends Meeting at Donnellson.

## LOCAL MEN ON PROGRAM

Theodore A. Craig, City Attorney, and John E. Craig, Both Made Addresses—Krebill Elected President.

One of the largest crowds which ever attended the Lee county Pioneers and Old Settlers' association was present yesterday at the forty-fifth annual reunion held at Donnellson. It was estimated that between four and five thousand people were in attendance. A large delegation from Keokuk was present, and Keokuk had a prominent place on the program.

In the afternoon business session of the association was held. At this session the Hon. Fred H. Krebill of Donnellson was elected president and Miss Emma Potts of Fort Madison was chosen secretary and treasurer, the office she is holding now.

## THE WAR IN MEXICO TODAY

(Continued from page 1.)

Two men and a woman, have already been killed in the fighting, which started shortly after daylight, and reports indicate that the entire band of fifty or sixty faces annihilation.

United States army aviators located the Mexicans, but have been unable to employ bombs because of the danger of hitting soldiers.

The Mexican camp, a short distance from Fresno, was raided by soldiers this morning, but the bandits were warned and had fled before the troops arrived.

Francis Released. WASHINGTON, Sept. 3.—H. W. Francis, American newspaper man, imprisoned at Vera Cruz for articles he cabled home, over whose case there has been a prolonged controversy between the state department and General Carranza, has been released, the state department was notified today.

Waterloo Times-Tribune: South Dakota has notified the country that there are two unmarried men to one unmarried woman in the state. Has Kansas anything to offer to beat this?

St. Louis Globe-Democrat: "Think," says Mrs. Rutherford, of Chicago "what an inspiring thing it would be to have a woman in the vice president's chair." And we are thinking hard.

A Truthful Paradox. Atchison Globe: Fast men, slow pay.

## STOMACH MISERY QUICKLY VANISHES

Your money back if you want it is the way in which Wilkinson & Co., the popular druggists are selling Mi-na, the great dyspepsia remedy. This is an unusual plan, but Mi-na has so much merit and is so almost invariably successful in relieving all forms of indigestion that they run but little risk in selling under a guarantee of this kind.

ing up British interference with neutral shipping—a note which it is hoped will open the way for an American offer to act as Anglo-German mediator on any questions desired.

Considering the closeness of the various local organizations are invited to go on this excursion. Admission will be by tickets which can be obtained from T. S. Harrington, local agent. The same good orchestra which has been on the Sidney all season will be on board and the same experienced officers and crew will man the boat.

The Sidney will leave Keokuk at 9:30 in the morning of Wednesday, September 8, and will go to Fort Madison, remaining there three hours before returning. The boat will leave Keokuk at 8 o'clock for a trip on the lake, returning at 11:30 o'clock.

While it was understood on good authority that the white house has received no suggestion of the kind from the allied powers and would take no step until sure it would be acceptable to both sides, it was known also that the president is most anxious for a suitable opportunity of the kind.

If there were no other reason, said high authorities, the financial situation which the war has developed is such that it is reasonable to suppose the allies, noting the tectonic attitude, will soon be heard from. Details from their various capitals were somewhat disconcerted. They were to be expected, however, in any case.

## HUNTERS MUST SHOW LICENSE

Deputy Game Warden Reichmann Warns Local Nimrods That Receipts Cannot be Used This Year.

## MAY BE PROSECUTED

Hunters Who Go into Field With Only Receipt for Fee Paid, Are Liable to Arrest and Fines.

The hunting season opened yesterday for Lee county nimrods. Deputy game and fish warden, Henry F. Reichman wishes to remind the hunters that licenses are past due, now, if people intend to hunt, and that it is necessary to hold hunting licenses and not receipts. Mr. Reichman has orders from the state warden to recognize hunting licenses only. The fact that a man approached in the woods and asked for his license, can produce only a receipt, will be grounds for arrest.

Dates on receipts can easily be changed. It is stated, as the reason for this ruling. The actual licenses must therefore be shown, or the hunter will have to take the consequences. Lee county hunters who are expecting to enjoy the sport this fall would better make their applications at once for a license and wait until that important document is received, rather than take a chance on the receipt for money paid.

Probably the most important change that has taken place the past few years in Iowa hunting circles, exclusive of the draining of the sloughs, is the advent of the automobile. It has brought every likely "game" spot up to the "back door" of the hunter; there is no longer any out-of-the-way nooks where a few lucky ones can get to without being disturbed by other gunners. The auto has made their existence common knowledge and it's a wild chase now to get there first.

The scarcity of water is not so evident this season, there are lots of little ponds; but the big old-fashioned, rush-covered slough is no longer common and the only big water left is the lakes.

The seasons on the following game birds and animals opened yesterday. Grey fox squirrel, timber squirrel, pinnated grouse, prairie chicken, wild duck, brant, goose, rail, plover, sand piper or marsh, or reach bird.

## TRIP ON RIVER IS COMPANY'S TREAT

Streckfus Line Will Give Second Annual Complimentary Excursion Wednesday on Sidney.

The second annual complimentary excursion to the people of Keokuk given by the Streckfus Steamboat company will be given Wednesday, September 8, on the steamer Sidney. This will be the last visit of the Sidney here this season. The company is giving the excursion in appreciation of the good business which has been extended the company from Keokuk this season.

Patrons of The Daily Gate City, and of the various local organizations are invited to go on this excursion. Admission will be by tickets which can be obtained from T. S. Harrington, local agent. The same good orchestra which has been on the Sidney all season will be on board and the same experienced officers and crew will man the boat.

## POLICE CHIEF KILLED ROEBER

Automobile Thief Escaped Jail, But Was Trained by Officer and Shot Down.

(United Press Leased Wire Service) SINGHAM, Mass., Sept. 3.—James Harmon, claiming Syracuse, N. Y., as his home, who, with Robert Williams, also of Syracuse, was under arrest for stealing an automobile, was shot dead early today by Chief W. I. James, of the Singham police.

Harmon had attacked James as he unlocked the former's cell door at police headquarters. The chief was beaten into insensibility with a hammer. Taking the keys from the unconscious officer, Harmon liberated Williams and they fled, taking James' automobile revolver. Five minutes after the chief regained consciousness, and staggered into the street, blood streaming from his face. He was seen by Dr. Whelan, who was passing in his automobile. Getting another revolver, James jumped into the doctor's automobile and started in pursuit of the escaped prisoners.

The pair were overtaken about a mile from the police station and Harmon opened fire, the shots passing between Chief James and the doctor. The fire was returned, Harmon was hit in the temple and instantly killed.

## LATEST MARKET QUOTATIONS

United Press Associations Telegraph Market Report Over Gate City Landed Wire.

Grain Review.				
[United Press Leased Wire Service.]				
CHICAGO, Sept. 3.—Good weather and lack of the heretofore daily bullish news which worked against buying, caused lower wheat prices today. The opening showed over night changes of up 1/4, down 1/4 and down 3/4. At one time later in the day prices dropped to 96 1/4, 92 1/2 and 96 1/2, which represented recessions from the opening of 1 1/4, 1 1/4 and 1 1/4 for September, December and May respectively.				
Corn was down with wheat. Prices at the opening were up 1/4, down 1/4 and unchanged compared with yesterday's close. When wheat weakened markedly, corn dropped off 1/4, 1/4 and 1/4 from the opening of 72 1/4, 59 1/4 and 60 1/4.				
Oats continued fairly firm, until late in the day when the weakness in other cereals had its effect, causing slightly lower prices.				
Provisions were very dull and sharply lower.
