We have in stock all the smaller sizes of rugs in every quality that we carry in stock of the larger sizes.

You should always remember that what you pay for an article, if the price be exceedingly low, does not signify that you are getting value worthy of your buying, because quality should be considered first, as the price of an article is forgotten long before the goods are worn out, and cheap goods always show their cheapness, and such buying is a waste or false economy. You can always get quality merchandise at our store. Some people are claiming quality while we guarantee it.

Sullivan & Auwerda
"She's always well dressed"

HOW pleasant it is to have your friends admire your clothes. It is one of the highest compliments that can be paid you.

It means unstinted approval of your good taste in choosing styles and colors that are fashionable, that are becoming. It certainly means admiration for your choice of garments and your knowledge of what is truly worth while in dress.

Many women are frequently complimented on the good fit, the smart style and becomingness of their suits. You, too, will have the same experience, when you wear **Wooltex tailored suits**

If you are already a wearer of Wooltex tailored garments, we know you'll be glad to see the new fall styles. If you have never worn Wooltex, you cannot get acquainted too soon for the sake of your own pleasure and satisfaction.

There is so much charm and grace in every Wooltex tailored suit or coat, whether it be for the sleek figure, for one tending to stoutness, or for the young lady just approaching womanhood. Each type has been studied out, and for each type appropriate designs have been created.

Women who wear Wooltex garments are always well dressed, because the styles are correct without the transient extreme features; because Wooltex garments are made of pure wool, pre-shrunk fabrics; because every garment is as carefully tailored as a custom-tailor could make it.

Choose your Wooltex coat or suit now—this week—while the styles are newest and the wearing of them is most enjoyable. Have a garment that will retain its first "new" beauty throughout the whole season or for two seasons, if you choose. Wooltex tailored garments assure you such service.
